**The Slurpee Chronicles** K. Wilson,2012-04-01 The Slurpee Chronicles is a poignant story of acceptance and love. Told through the eyes of La'Darious, a young homosexual male, author K.D. Wilson lowers the veil on such controversial issues as homophobia, sexually transmitted diseases, and the underground world of down low men. It's a roller coaster ride through one man's experience of learning to understand himself and the life he was given. This is a story that transcends sexual preference, race and gender to remind us all that through tolerance and truth, anything is possible. **Brand Resilience** Jonathan R. Copulsky,2011-05-10 As the recent Tiger Woods scandal illustrates, brand reputation is more precarious than ever before. True and false information spreads like wildfire in the vast and interconnected social media landscape and even the most venerable brands can be leveled in a flash—by disgruntled customers, competing companies, even internal sources. Here, veteran marketing executive Jonathan Copulsky shows companies and individuals how to play brand defense in the twenty-first century. Five Signs that You Need to Pay More Attention to the Possibility of Brand Sabotage: A group of uniformed employees posts embarrassing YouTube videos, in which they display unprofessional attitudes towards their work. One of your senior executives publicly blames a supplier for product defects, even though they predate your relationship with the supplier. Your competitor's ads trumpet their solution to the performance problems associated with your most recent product. A customer unhappy with changes made to your product design launches a Facebook group, which attracts 5,000 fans. Your outsource partner is prominently featured in numerous blogs and websites describing allegations of worker mistreatment and workplace safety hazards.

**The Five Books of Van Gross's** Kenneth Bruce Van Gross M.D.,2021-11-11 Reawaken, you awoken wokesters and anti-leftist xenophobes, and get your new bible. The Five Books of Van Gross's focuses hearkens back to the "Middle Aughts" which is the period that included launching weather crusades, being a birther or talking nonsense at Townhall Meetings about healthcare (which is really medical care plus a gym membership, glasses and teeth cleaning); here was the mid-Decade of the Zeroes or the zeros, or zorro, the fox so cunning and free, that epoch from 2003-2007, in that Aughts Decade, that Would've,

Could've, Should've Oughts Decade, or as some have called it, That Aughtistic Period (or at least an ADD case) demanding an explanation, couched in brain/mind disturbances via satirical essays. This five-volume set containing nearly 500 humor essays opens with *They Shoot Lesbians Don't They?* covering most of 2004, followed by *Deep Tricksters-From the Felt Man to the Veep Man-November 2004 to June 2005*, the executive branch hunting related extravaganza *Duck, It's Dick.. Not me Dick, the Duck, June 2005- March 2006* and is followed by *Van Gross Misconduct February 2006 to August 2006* and finally *Van Maniac September 2006- March 2007*. The urgency for this historic volume draws from where we were in the lead up to where we are. Has political and cultural satire dwindled over the century's first two decades plus? Hardly. And supporting works (essays and poetry) by Van Gross, MD dating back to the Bill Clinton Style impeachment period and post- *Five Books* works in pre-print that include the pre-teens to mid teen years constituting the sacred Obama period of carefully manufactured total boredom followed by the culminating late teen epoch of Donald Trump which featured our polarization insanity half decade 2016-2020 highlighted by *Impeachments Gone Wild*. If the country is not formally institutionalized in padded rooms by 2021, the roaring or throat clearing Jabiden '20's should offer opportunities for millions to hop, skip and jump over to their local bookstore or online outlet for *Five Books* to buttress the smirk packed absurdity that has become the rule in the dawn of this third millennium since Christ sashayed over hills, dales and water staying vigilant for some upcoming Van Gross, MD masterpiece called the *Jabiden Chronicles- Crash and Burn by '29 or Bust, Seems Like Old Times*

Unlived Lives J.F. Paulsen, 2023-10-05 Robert Stark, in his oval office, planning campaign events for reelection, discusses his memoirs and interactions with twelve opaque individuals who suddenly disappear. Lisa Funk, recording the conversations, expresses concerns to the chief of staff. Hoping for redemption, Stark, remorseful, realizes his understanding of life events is not real, and delving into prior experiences and traumas in his life, he comes to see the world as it is, not as he imagined. Stark is a complex, driven, God-fearing individual, balancing a thirst for power and prestige with deeply held religious beliefs. The group working with Stark is unable to grasp how he knows information about the shadowy individuals until the existence of the twelve is offered from a vastly different orientation. Recounted from a point of view of the missing, the story has disconcerting characters and startling scenes and situations. The views could be considered controversial by those not open to consider ideas disparate from their own. *Unlived Lives* offers an unfamiliar paradigm and perspective often overlooked but very timely.

American Food by the Decades Sherri Machlin, 2011-08-23 A fascinating survey of American food trends that highlights the key inventions, brands, restaurant chains, and individuals that shaped the American diet and palate in the 20th century. In the United States today, how and what we eat—with all of its myriad ethnic varieties and endless choices—is firmly entrenched in every part of our culture. The American diet underwent constant evolution throughout the 20th century, starting from the meat-and-potatoes fare of the early-20th century and maturing into a culture that embraced the cuisines of immigrant populations, fast-food chains, health fads, and emerging gourmet tastes.

Societal changes moved women out of the kitchen and into the workforce, spawning the invention of convenience foods and time-saving kitchen appliances. *American Food by the Decades* is an entertaining chronological survey of food trends in the United States during the 20th century. The book is organized by decades to illustrate how changes in society directly influenced dietary and dining habits as they emerged over the last 100 years. Detailed encyclopedic entries provide fascinating glimpses into history by telling the true stories behind the foods, restaurants, grocery stores, and cooking trends of the previous century.

**Education Is Freedom: The Future Is in Your Hands** James W. Keyes, 2024-02-27  
*Education Is Freedom* explores the transformative power of education and its ability to liberate individuals and societies from the constraints of ignorance, inequality, and oppression. In this book, author James Keyes explores the ways education empowers people to take control of their lives, to pursue their dreams, and to contribute to the world in meaningful and fulfilling ways. He provides a roadmap to the “why,” “what,” and “how” of learning. The book outlines the importance of education for all mankind, the power of education to change our world, and the wisdom to unlock our personal freedom while preserving our democracy. Where does humanity go to school? Democracy across the world is at risk. With the polarization of today’s society, the foundational right to freedom of speech is now being challenged from all sides. The truth is under siege as misinformation and hostility have replaced critical thinking and civil discourse. Our freedom of self-determination has a prerequisite: an informed electorate. If that electorate is armed with false information or is influenced by outside forces, their actions and reactions can put democracy in jeopardy. Today, more than ever, we must nurture the education, knowledge and wisdom of individuals to discern right from wrong, truth from fiction, and success from failure. If learning is the key to success, then how can humanity advance its own cause? Our forefathers recognized that an educated populace was the very foundation of democracy. Education is a self-help guide for humanity that allows us to individually and collectively understand the roadmap to freedom. For the individual, education is the one common denominator that separates those who are free from the ones trapped in their own reality. “Someone can take your money, your material things, your job...but they can’t take away what you know. With knowledge you can replace anything lost, you can be free to explore the world, you are beholden to no one.” Whatever challenges or adversity you face in life, embracing a learning mentality will empower you and set you free. Humanity must indeed go back to school, because the future is in our hands!

*The Gospel of Now* Brandon Pitts, 2022-12-02 An astounding and astonishing debut novel by Brandon Pitts writing as Simon Occulis. Being a teenager in a Manhattan Project town forms the foundation of my art. When you grow up in a community where the people are proud that they made the plutonium for the Nagasaki and trinity test bombs, you can't get away from it. I created *The Gospel of Now* and the companion artworks to document that surreal space of living in an isolated Manhattan Project town at the zenith of the Cold War, and its under-documented contribution, along with other rural Washington State communities, to the Seattle cultural explosion of the 90s. - Brandon Pitts The day I quit taking Ritalin, I realized I was fucked. Eighteen, uneducated, and dependent on a drug I couldn't afford without my father's health insurance - I was already a loser. Could've tried harder, but what was the point? It was 1986, and my generation was the first in a century that wouldn't do as well as their parents. The music sucked, the clothes were shitty, and everything people valued seemed ridiculous. This is what happens when you elect a movie star as president. Life used to be different. I was a happy kid and felt good about myself. I was cool with Christ and enjoyed going to church until I was old enough to be called upon to read from the bible. That's when trouble began. My father sat like a despot, surrounded by darkness, one light over the table to save electricity, watching... - Opening lines of *The Gospel of Now* Author Brandon Pitts, writing as Simon Occulis, was born in Los Angeles, California, grew up in Richland, Washington, then immigrated to Toronto, where he rose to become an influential force in the Gadist literary movement. *Diaspora Dialogues* cited him quickly as an emerging voice in the literary scene in Toronto. He has published three very successful books of poetry, *Pressure to Sing*, *Tender in Age of Fury*, and *In the*
