A History of Indian Advertising in Ten-and-a-half Chapters Ritu Singh, 2021-09-25 In the last hundred-odd years, advertising in India has given us life-altering stuff. It has attempted to make men Fair and Handsome. It has battled to make women 18 Again. And to both men and women it has given Tinder loving care. It has made us realize that we like pizza as much as the next Italian - as long as Domino's puts keema do pyaza on it and tempts us with 'Hungry kya?' It has made us re-

evaluate our life choices and ask thought-provoking questions like 'Kitna deti hai?' of our cars and 'Kya aap Close-Up karte hain?' of our countrymen. In short, it has enriched our lives with quirky quips, unforgettable characters, inter-brand scuffles, clever insights, virtual lures and jaw-dropping controversies. In A History of Indian Advertising in Ten-and-a-half Chapters previously published as Stark Raving Ad, you'll find the best of case studies and unbusiness-like stories from Indian advertising through the ages - the hits, the misses, the also-rans and the banned. An engrossing read, this book will inform as much as entertain all readers.

*iPhone: The Missing Manual* David

Pogue, 2007-08-06 As you'd expect of Apple, the iPhone is gorgeous. *iPhone: The Missing Manual* is a book as breathtaking as its subject. Teeming with high-quality color graphics, each custom designed page helps you accomplish specific tasks -- everything from Web browsing to watching videos. Written by New York Times columnist and *Missing Manual* series creator David Pogue, this book shows you how to get the most out of your new Apple iPhone. The name iPhone may be doing Apple a disservice. This machine is so packed with possibilities that the cellphone may actually be the least interesting part. The iPhone is at least three products merged into one: a phone, a wide-screen iPod and a wireless, touch-screen Internet communicator. The iPhone's beauty alone may be enough for you to dig for your credit cards, but its Mac OS X-based software makes it not so much a smartphone as something out of the film *Minority Report*. The real magic, however, awaits when you browse the Web. You get to see the entire Web page on the iPhone's screen. All of this is cooked up with Apple's traditional secret sauce of simplicity, intelligence and whimsy. Written by New York Times columnist and *Missing Manual* series creator David Pogue, *iPhone: The Missing Manual* shows you everything they need to know to get the most out of your new Apple iPhone. Full of humor, tips, tricks, and surprises, this book teaches you how to extend iPhone's usefulness by exploiting its links to the Web as well as its connection to Macs or PCs; how to save money using Internet-based messages instead of phone calls; and how to

fill the iPhone with TV shows and DVDs for free.

*Destined for You* Sarah Gerdes, 2017-01-20 *Destined for You* is the second book in the Danielle Grant Series, picking up five months after giving birth to her first child. Danielle is now living the life her father always imagined for her. A beautiful, healthy child, a position at the top of her field and the man that seemed to be made just for her. Then the unexpected happens—again. Tragedy strikes, catapulting her into a vortex of grief. For herself and her daughter, Danielle takes the advice of her mentor

and former love to step back from her career, at least for a time. When she returns to Zurich, she contends with finding a new place to call home, Monroe's grandparents and going back to work. Increasingly, she has turned to one man for counsel and inspiration, the one who was there from the beginning. As she rediscovers who she is and what she wants for her future, Danielle questions if she can overcome her fears to have love again. With her family hanging in the balance, Danielle forges ahead, believing that destiny will find her and bring along the man who was always destined to be in her life, forever.

**In a Moment** Sarah Gerdes, 2017-04-19 Lindy Gordon is living the enviable life of an entrepreneur in San Francisco. Her public relations firm is thriving, her five-year marriage is strong and her apartment at the top of Noe Valley is the envy of her friends. Then the unthinkable happens. An accident briefly ends her life, leaving her with a scar, cracked bones and fractured images that make no sense—at first. As her body heals, she learns little in her past was what she believed it to be. Relationships have soured, love and loyalty has been misplaced and the ultimate betrayal has devastating consequences to her financial life. Through it all, Lindy's belief that her second chance is for a purpose remains, but the answer of why remains elusive. With nothing more than wits and long-dormant faith to sustain her, Lindy works to save friendships, renew family ties and open her mind and heart to one who could truly love her.
