Creating Beautiful Smiles Marty Verbic, 2018-06-13 Give Your Child The Gift Of A Beautiful, Confident Smile Are you tired of suffering from crooked teeth? Embarrassed to go out on a date or a job interview because of it? Or is your child being teased at school and on social media because of her overbite? Are you worried that this teasing will lead to a lack of self-confidence or even depression? There is HOPE. In *Creating Beautiful, Confident Smiles: A Smart Patient's Guide to Choosing an Orthodontist*, you'll learn how to intelligently answer questions like: - does my child really need braces and if so, when is the right time to get them, - who should I trust to provide orthodontic care for my family, and - how much do braces really cost? So, if you or your child has issues that only an orthodontist could mend, don't wait! Learn everything you need to know about orthodontics from this book, and get it straight! You could give your child a gift that lasts a lifetime and help them to brighten their world with a beautiful, confident smile. *Creating Beautiful, Confident Smiles* is an incredible resource for anyone contemplating orthodontics! Dr. Verbic helped my three children with braces, and we couldn't be happier with the results. He thoroughly educated us on each of our kids' particular needs and treatment options, and his staff was incredible. This book provides all the information necessary to make the right decisions for your or your loved one's smile. --Amy Wickstrom, Wickstrom Auto Group

If I'm born again, I want to be Yoko Ono Jacopo Ratini, 2018-06-30 Stories full of

suggestion, inspired by psychedelic visions and surreal encounters. Themes, situations and varied characters meet and confront: so we can go out to dinner with Michelle Pfeiffer, play poker with Jesus Christ and Charles Bukowski, suffocate ourselves with the monotony that we impose on ourselves. Jacopo teaches us that the Holy Spirit has the face of Bruce Springsteen and that all myths exist to be broken. What remains is a great and concrete desire that we cry out loud to the universe: to be reborn and be Yoko Ono, to know how it feels to steal John Lennon from the Beatles. The book is beautified by the illustrations of Marino D'Amore.

The Everlost Neal Shusterman, 2009-08-01 Nick and Allie don't survive the crash, and now they are in limbo, stuck halfway between life and death, in a netherworld known as Everlost. Everlost is home to those who didn't make it to their final destination: A magical yet dangerous place filled with shadows where lost souls run wild. Shocked and frightened, Nick and Allie aren't ready to rest in peace just yet. They want their lives back. Desperate for a way out, their search takes them deep into the uncharted regions of Everlost. But the longer they stay, the more they forget about their past lives. And with all memory of home fading fast and an unknown evil lurking in the shadows, Nick and Allie may never escape this strange, terrible world. In this imaginative, supernatural thriller, Neal Shusterman explores questions of life, death, and what just might lie in between.

Everfound Neal Shusterman, 2011-06-09 While Mary lies in a glass coffin aboard a ghost train heading west, her minions are awaiting her re-awakening by bringing lots of new souls into Everlost to serve her. Meanwhile Jackin' Jill has met Jix, a fur-jacker - a skin jacker who can take over the bodies of animals, most notably jaguars. Jix serves a Mayan god who collects Everlost coins, and has his own agenda. In the concluding volume of The Skinjacker Trilogy, Neal Shusterman reveals new sides of the characters of Everlost, who are pitted against each other in a battle that may destroy all life on Earth.

Marketing Renewable Energy Carsten Herbes, Christian Friege, 2017-06-23 This book answers questions such as: How do you market green electricity or bio-methane? What is the right price for renewable energy? How do the legal framework and customer preferences influence marketing strategies? Is direct marketing or online marketing the key to success? Answers to these and many other questions can be found in this volume, which gathers contributions from leading researchers and respected practitioners. Employing an easy-to-follow, clearly structured format, it combines the latest research results and concrete case studies to help readers understand the fundamentals of marketing for renewable energies and new business models from different countries.

Catalog of Copyright Entries, Third Series Library of Congress. Small-Scale Renewable Energy Systems Sven Ruin, Göran Sidén, 2019-10-16 A revolution is ongoing in the field of small-scale energy solutions, which can enable lower impact on the environment, more robust supply and self-determination. Solar power and other forms of renewable energy sources, which you can implement to generate your own electricity, are growing quickly. Electromobility is transforming the car industry and transportation systems and can also play a role in your energy system. Electricity can be used much more efficiently than before, for example by using LED light, variable speed motor drives and efficient home appliances. Smart controls are available, sometimes with free open source software. All this opens up tremendous opportunities for energy independence, which is the focus of this book. The book introduces the reader to a number of renewable energy sources, to different options for storing electricity and to smart use of electricity, particularly in the context of small isolated systems. This is important because

many renewable energy sources are weather- and season-dependent and usually require storage and smart control, in order to obtain a system that is completely independent of the electricity grid. In the book, overall system design is explained, including how to combine different sources in a hybrid system. Different system sizes and architectures are also covered. A number of real cases are described, where homes, businesses and communities have achieved a high level of energy independence or are on their way to achieving it. This book will prove useful in university education in renewable energy at bachelor and master level, and also for companies and private individuals, who want to start or expand activities in the area of renewable energy.

Behind the Dolphin Smile Richard O'Barry,Keith Coulbourn,2000-07-07 People who have faced death often speak of their lives flashing before their eyes. Something much different happened to dolphin trainer Richard O'Barry when one of the dolphins that played Flipper on television died of stress in his arms. He realized that most of his career as an animal trainer had been a mistake and that dolphins have as much right to freedom as humans. He vowed not to rest until he freed every last dolphin that could be returned to the wild successfully. This is a true story that will move not only animal lovers but everyone who loves a well-told tale. Ric O'Barry had everything-money, flashy cars, pretty women-but it wasn't enough to keep his conscience at bay. He began to understand that dolphins were easy to train because of their great intelligence, not his great talent, and keeping them in captivity was cruel and morally wrong. While research and entertainment are important to human life, they are not worth the cost to these beautiful and gentle animals. O'Barry was arrested trying to free a dolphin, but that didn't stop him, and he now devotes his life to untraining dolphins and returning them to their natural habitats. Once the pride of the billion-dollar dolphin captivity industry, he has since become its nemesis.

Echoes of a Distant Summer Guy Johnson,2005-08-30 "You done lived a tough life, boy, and I know I'm part responsible for that. I ain't askin' you to excuse me or forgive me. Just know I did the best I knew to do. I was just tryin' to make you tough enough to deal with the world. To stand tall among men, I knew you had to be strong and have yo' own mind." "You were preparing me for war, Grandfather." Guy Johnson, the author of the critically acclaimed debut *Standing at the Scratch Line*, continues the Tremain family saga. Jackson St. Clair Tremain hasn't spoken to his grandfather King in nearly twenty years. Disgusted by the violence and bloodlust that seemed to be his grandfather's way of life, Jackson chose to distance himself from King and live a simpler life. But now King is gravely ill, and his impending death places Jackson's life—as well as those of his family and friends—in jeopardy. Reluctantly, Jackson travels to Mexico to see King. But after a brief reconciliation, his grandfather is assassinated, and Jackson suspects that his grandmother Serena may have had a hand in it. Jackson takes control of King's organization, and as he does, he reflects on the summers he spent in Mexico as a child and the lessons he learned there at the knee of his strong-willed, complex grandfather. In *Echoes of a Distant Summer*, Guy Johnson introduces us to a new hero, Jackson St. Clair Tremain, who learns that, like his grandfather, he must be willing to protect those he loves—at all costs.

Atlantis Tide Breaker Allie Burton,2013-09-10 When a girl isn't who she appears to

be... Playing the part of bubbly bimbo keeps Tori Kelly safe and secure. Not having her best friend at school makes the façade hard to manage. The only thing she can do is keep an eye out for her best friend-turned-princess and muddle through senior year. Then, one night she stops an intruder in her best friend's house. Who happens to be her crush from last summer. Gill's mission as an Atlantean Royal Guard is to protect the princesses and find the key to a message from Poseidon. A message that will destroy the traitors and win the underwater war. But he can't crack the code. Not until the girl he'd fallen for last summer steps in with her formidable brain. He must drag Tori underwater, even though she can't breathe in it, and expose her to unbelievable danger. Because not only did she crack the key's code, she is now the key herself. This is a companion novella for the Lost Daughters of Atlantis young adult fantasy action adventure novel series. Atlantis Tide Breaker comes after book 3, although each of the books stand alone. "Atlantis Tide Breaker is a fun fast read from a slightly different point of view - a friend of the Princesses of Atlantis. I enjoyed reading it and found it an exciting tale. The villain was interesting and the witty quips from characters add to the enjoyment." Reviewer Other books in the Atlantis series: Atlantis Riptide - free, Atlantis Red Tide, Atlantis Rising Tide, Atlantis Dark Tides, Atlantis Twisting Tides, and Atlantis Glacial Tides.
