Be Smart, Act Fast, Get Rich Charles V. Payne,2007-05-04 Praise for Be Smart, Act Fast, Get Rich Charles Payne's book is blunt, provocative, and right on the money. This book is a lot like Charles himself: insightful and to the point. If you have time to read only one book on how to make money . . . this is the book. --Dr. Bob Froehlich, Chairman, Investor Strategy Committee Deutsche Asset

Management, and Vice Chairman, DWS Scudder Be Smart, Act Fast, Get Rich is a book for all investors from first-time stock buyers to seasoned investors. 'Be Smart' suggests you understand the fundamentals of the company you are purchasing. 'Act Fast' suggests that action must be taken if you are going to increase your wealth in the stock market. All too often we find interesting ideas to invest in but never have the confidence to act, only to watch the stock's price rise while others reap the benefits. This book is an easy read, and a must-read for all investors. --Tom Dorsey, President, Dorsey Wright & Associates and author, Point & Figure Charting You should buy this book just for the super job Charles does in explaining everything you need to know about charts, graphs, and the other 'voodoo' of technical analysis that he makes so simple to understand. Charles really gives you a street fighter's education in the markets . . . I wish his book was around twenty-five years ago . . . it would have saved me millions in market mistakes I've made. -- Tobin Smith, founder and Chairman, ChangeWave Research

Play Smart in the Stock Market - The 4 Keys to Success Rodrigo de Domingo Carbonell,2015-03-09 I am not a trader and I am no investment expert, nor do I pretend to be. And I have no intention of selling this book as the ultimate financial solution that will make you millions in the blink of an eye, without lifting a finger. Why? Because, quite simply, such a thing DOES NOT EXIST.THERE IS NO magic formula for making massive amounts of money in the stock market. THERE IS NO risk-free but hyper-profitable investment, and THERE IS NO fast track to becoming a millionaire without making any effort. There is no shortage of self-described “market experts” out there who will try to sell you infallible systems with ambitious names. Distrust them—they are only interested in clearing out your wallet.However, some people make money every day in the stock market. Why? Because THERE ARE ways to intelligently pick the best investment solution that fits your personal situation. THERE ARE ways to keep risk under control. And THERE ARE statistically-winning strategies for long-term earnings.In this book, I gather all I have learned over the years based on real experience in stock investment, and also on reading countless books, blogs, and articles on the subject. This book offers an overview of stock investment and in clear, accessible language will introduce you to how the Stock Exchange works. Play Smart in the Stock Market - The 4 Keys to Success will show you how to put your savings into production, how to wisely move your money to the best investment option each time, and how to make money work for you instead of you working for it.Table of ContentsIntroduction
