Atlas of Echocardiography Scott D. Solomon, 2008-12-15 The second edition of the Atlas of Echocardiography is a complete reference for cardiology professionals who rely on echocardiographic imaging techniques. The Atlas represents the collective effort of over 30 leading authorities in the field of cardiology working together to compile the most up-to-date and pertinent information in the field of echocardiography. All areas of echocardiography are covered, from diagnostic basics to cutting edge techniques, such as three-dimensional imaging, contrast imaging, and tissue Doppler imaging. Each figure is accompanied by an informative legend that fully explains the image and its importance. This striking, four color atlas serves as both a resource and a reference and is an invaluable tool to all readers, including cardiologists, non-cardiologist physicians, and sonographers.

Our Choice Albert Gore, 2009 Al Gore has been a passionate advocate of action to halt climate change for many years. In his best-selling book, *An Inconvenient Truth*, he wrote about the urgent need to address the problems of climate change, presenting comprehensive facts and information on all aspects of global warming in a direct, thoughtful and compelling way, using explanatory diagrams and dramatic photos to clarify and highlight key issues. Adopting the same lucid technique in *Our Choice*, he proposes solutions at every level of our lives, from the personal and local to the national and political to the area of international policy and law.
