Lunacy Jennifer Blackstream, 2022-10-31 A witch has no business meddling in the affairs of werewolves. Still... Witch PI Shade Renard and werewolf Detective Sergeant Liam Osbourne have come a long way since their hostile first attempt to work together. But even in her wildest dreams, Shade never dared to

imagine he would ask not only for her supernatural help on a case—but for her to take the lead in the investigation itself. There's been a murder on the doorstep of New Moon, the shifter rehabilitation center run by Liam as alpha of the local werewolf pack. The number one suspect has killed once before and gotten away with it. If she's proven guilty this time—of a murder committed while she was in Liam's charge—it could be the leverage a rival alpha needs to oust Liam from New Moon, or worse, seize control of the Rocky River pack itself. A rival alpha like Liam's vicious patriarch, who arrives eager to remake New Moon in his own violent image. Solving this murder is about more than bringing a killer to justice. It's about making sure that Osbourne Sr. doesn't get the chance to destroy the sanctuary his son has worked so hard to build. Fortunately, Shade isn't just a private investigator. She's a witch. And she knows how to handle tyrants...

Minimalism for Regular People Michael Martins, 2015-04-24

Minimalism for Regular People Are you tired of stuff owning your life? Do you feel your life is too cluttered to focus on the things which are important to you? Would you like to simplify your life without going crazy about it? *Minimalism for Regular People: How to Simplify Your Life without Going Crazy* about It was written for people who want to become minimalists, yet prefer to own more

than 100 things or just one couch. Minimalism Isn't about Living Like a Monk The book shares with you numerous examples on how to simplify and find balance in your life without following the dogmatic principles of extreme minimalism that are very difficult to apply for a regular person. Here's what you'll learn from the book: - how to deal with digital clutter to bring your attention back to the present moment - how to escape the consumerist lifestyle - why minimalism is NOT a new fad and has been with the humanity for hundreds of years - how to achieve moderation in minimalism (I won't tell you that you have to live with 100 things) - a simple process to de-clutter your home without going crazy about it (it's simple and ensures you won't regret getting rid of your possessions) - why acceptance is a necessary step toward a happier and simpler life - why multi-tasking will clutter your life (and what to do about it) - 5 currencies of minimalists (and none of them have anything to do with dollars, pounds, euros or yens) - your greatest and least appreciated currency (all minimalists place this currency at the top of their pyramid of importance) - 13 ways to adopt the minimalist mindset - why buying more stuff will never lead to the true joy (and how to achieve it) - the difference between simplification and impoverishment (most proponents of minimalism

give advice that leads to impoverishment) - how to deal with toxic relationships in your life (you don't have to cut ties with all negative people in your life) - how to clear your daily schedule and restore balance in your daily life Do You Want to Live with Just 100 Things? Who wants to live with just 100 things? Do you want to live with only the bare necessities and cuss every time you realize you only have two plates and three forks? Knowing Nichelle Tinsley Sellers, 2019-08-16 She's just met the man of her dreams...but he's not who he said he was. Neither is she. Until they get a second chance to make a first impression. Is he a sophisticated big-city lawyer, or an easygoing small-town woodworker? And if she's not a career-driven high-powered attorney, then who is she? Can Buck and Nichelle find trust enough to discard their masks and discover just how alike—and in love—they really are? He's only got one rule: no lawyers. She's a lawyer. Burned by experience, Buck's got a rule for a reason. After walking away from a lucrative legal position, he's found peace in Beckley. Farm life is simple, and his woodworking business is thriving. He's not interested in trading his work boots for wingtips and rejoining the rat race. He's ready to settle down, and she's the most compelling woman he's ever met. Even if she is a lawyer. She's only got one requirement: no a**holes. He's an a**hole. After a disastrous encounter in a trendy bar, Nichelle is convinced that he's a bulky mass of beard and bad attitude. She's got a sleek car, luxurious condo, and elegant designer clothes. Family comes first, and her legal career is on the fastest track. She's never met a problem she needed help solving, but he sees the painful truth beneath her polished façade. Even if he is an a**hole. They're

perfect together. They just don't know it yet. Welcome to the small-town world of Beckley, Michigan. The two-lane roads are long and winding, the many lakes are cool and blue, and the dense forests are green and shaded. Summer gives way to russet autumn, and fall becomes icy winter. The weather's getting colder, but things are heating up for all your favorite characters. The people are warm, friendly, smart, funny—and very, very real. When you need a place to call home, Beckley welcomes you—and sometimes the family you choose is as strong as the bonds you're born with. If you like small-town romance, you'll like Beckley. If you like smart heroines who balance demanding professional careers with a commitment to family, friends, and finding love, then you'll definitely like it here. If you like strong, sexy, hard-working heroes who have not-so-secret soft spots for kids, dogs, and classic cars, you may find that you never want to leave! Knowing Nichelle is the third in the Beckley's Daughters Romance series. It can be read as a stand-alone story, but continuing readers will recognize many of the characters and locations. This series is recommended for adult readers and contains explicit language and intimate situations.

But nothing could prepare him for a woman like Nicole, who’s determined to break down the walls around his heart. When violence strikes, placing Nicole in harm’s way, Tank digs deep to find the courage to keep her safe—and the strength to love without limits.
