Gardenia Lane K.L. Smith,2019-08-27 Gardenia Lane is a fictional novel that tells of the Lister family's day-to-day life when they move back to a small military town in eastern North Carolina. It is the fourth book in a series about the Lister family. Gardenia Lane continues the story where Gemmy's Dreams ends. The Lister family must make a life in a new neighborhood among unconventional neighbors. Most of them are poor. What they lack in money they make up for with rich personalities. They do not wrap themselves in layers of pretense and deceit. The Lister girls work hard and seek lives different than the one they were born into. They develop good friendships with their neighbors. They learn that their neighbors mostly have good hearts and, like themselves, want to get through life the best way possible. The story unfolds in 1956 and follows the family's life through 1967. To make ends meet Leo has to take on a second job to supplement his wages at the local furniture mill. With two full time jobs, Leo is seldom home. Conflicts often occur when the family members are faced with the challenges that arise when dealing with the mental illness of the oldest Lister offspring. This story is about how the Lister family interacts with each other, their friends, and the neighbors as they navigate their way through life trying to find the place where they fit best. The Lister girls have different goals and dreams for their lives than their parents have for them. Leo does not realize that he is raising strong, independent daughters that have been exposed to new age thinking for women. Dissensions are common when the daughters' principles clash with those of their parents. The fifties and sixties were turbulent times in our country. The Lister family see dreams and lives shattered. They see dreams restored and lives mended. They maintain a close relationship with God to give them strength and guidance through whatever life has in store for them. They maintain hope for peace and faith for better lives.

Creative Doodle Games for Trainers, Coaches, Facilitators - Fun Games for Serious Business Lisa Rose,2013-12-23 Humor and innovative engagement can bring new life, commitment and energy to groups that are losing their steam. We all remember childhood fun in creating visual representations of thoughts and ideas, as children we were all experts at this way of “seeing” the world and things around us. As we grow older we are trained to see things more verbally and, as a result, our vision of situations has become more narrow. Words are limited after all, but by engaging your group in more visual activities through directed (and non-directed) doodling, a whole new perspective can be gained. The doodlevision games and exercises put fun, creativity and humor into business situations and creates an environment where possibilities that may have previously been unrecognized or unanticipated to come to light.

Sianksey's Snake Ric Smit,2013-12-11 Morgan Turbot is the present owner of a thirty-six feet long lifeboat. This lifeboat has a mysterious past and first comes to our notice as the only survivor of an encounter between a Norwegian coastal freighter and a German sub-marine. After the Second World War, the lifeboat re-starts life as a two-masted sailing yacht. The yacht is haunted and the ghost of a girl that perished in the boat drives off anybody that shows an interest until Morgan Turbot acquires her. In 2009, Morgan and a female passenger are en route from Townsville to Bowen when they encounter a strange electrical storm. Just before the storm hits, Morgan sees his friend, Harry Knott, coming towards him in a motor launch, he waves at him but the roiling mist associated with the natural phenomenon, swallows them and they lose sight of each other. Time stands still but then things go back to normal, the mist melts away, and the yacht sails on. Four years later another yachty friend of Harry Knott loses his yacht under similar circumstances and Harry investigates. Meanwhile Morgan Turbot records his experiences.

Life on Heartsville Farm K.L. Smith,2018-12-20 Life on Heartsville Farm is a fictional novel that tells of a family's first year on a small farm in eastern North Carolina. It is a sequel to Life Behind the Train Station. The story picks up where the first book ended. The Lister family moves to the farm seeking refuge from the prejudices and evil acts committed against them. The family is full of hope that they will be able to live a life of peace and acceptance in a community that accepts people based on their values as fellow human beings free from prejudices and hatred. The story unfolds in the early 1950s and is told mostly through the eyes of one of the young Lister girls. It highlights the challenges faced by the Lister family as they adapt to a new life on the farm. It details the hard work and struggles faced by each member of the family. Complications of family dynamics continues to place roadblocks in their lives that must be resolved, altered, or accepted. The Listers continue to practice their religion with prayers to seek strength and guidance from God. The Listers rely on faith and God's promises to navigate through the life that God has given them. Highlighted are the people that cross paths with the family in their new home. The Listers find many positive aspects to living in the rural community. The farm families concentrate on the enormous amount of work required to run their farms. There is little time to entertain hatred and prejudices. People are accepted without regard to their race, religion, economic status, or gender. Often the families gather to celebrate happy occasions. The families work together to harvest their crops. The community rallies together to offer support to those in need. They gather to mourn any sad times experienced by members of the community. Helping hands and loving hearts are common among the people of Heartsville. While there is no perfect place on earth, it is refreshing to find a community that lives by the golden rule to do unto others as you would have them do unto you. In life, there are good people and bad people and people that can go either way. There will always be times of joy, times of laughter, times of sadness, and times of concern and worry. Heartsville is a community that allows peace and healing. It's just what the Listers needed.

The Waters: A Novel Bonnie Jo Campbell,2024-01-09 A TODAY Show #ReadWithJenna Book Club Selection • One of Oprah Daily's Most Anticipated Books of 2024 • One of the Chicago Review of Books's 12 Must-Read Books of January 2024 • Featured in Roxane Gay's newsletter The Audacity • One of the Christian Science Monitor's Best Books of January If you loved Where the Crawdads Sing, you're going to love, and I'm saying love, our first read of 2024. —Jenna Bush Hager, TODAY Show A master of rural noir returns with a fierce, mesmerizing novel about exceptional women and the soul of a small town. On an island in the Great Massasauga Swamp—an area known as “The Waters” to the residents of nearby Whiteheart, Michigan—herbalist and eccentric Hermine “Herself” Zook has healed the local women of their ailments for generations. As stubborn as her tonics are powerful, Herself inspires reverence and fear in the people of Whiteheart, and even in her own three estranged daughters. The youngest—the beautiful, inscrutable, and lazy Rose Thorn—has left her own daughter, eleven-year-old Dorothy “Donkey” Zook, to grow up wild. Donkey spends her days searching for truths in the lush landscape and in her math books, waiting for her wayward mother and longing for a father, unaware that family secrets, passionate love, and violent men will flood through the swamp and upend her idyllic childhood. Rage simmers below the surface of this divided community, and those on both sides of the divide have closed their doors against the enemy. The only bridge across the waters is Rose Thorn. With a “ruthless and precise eye for the details of the physical world” (Jane Smiley, New York Times Book Review), Bonnie Jo Campbell presents an elegant antidote to the dark side of masculinity, celebrating the resilience of nature and the brutality and sweetness of rural life.
