*Snap and Share* Adam Furgang,2014-12-15 They say a picture is worth a thousand words. If that's true, then what are a thousand pictures worth? Today, with the use of mobile smartphones and similar devices containing miniaturized cameras, snapping and sharing photos has never been easier—or more commonplace. Playing around with photo and video apps like Instagram, Vine, Flickr, and Snapchat has become a natural part of teenage life. But along with the fun comes responsibility. This volume guides readers through simple steps for using photo and video apps and offers ideas for unleashing creativity. It also addresses the potential risks of using these apps, such as cyberbullying, and suggests a code of conduct that should be enforced whenever anyone snaps and shares.

The Big Picture of Business, Book 4 Hank Moore,2021-08-03 The Big Picture of Business, Book 4

offers a creative approach to strategy development and planning for companies in today's turbulent business environment that prepares them for an unknowable tomorrow. Each year, one-third of the U.S. Gross National Product goes toward cleaning up problems, damages and other high costs caused by companies that failed to take proper actions. Look no further than the cost of the current financial crisis for an example. The costs of band-aid surgery for their problems and make-good work cost business six times that of proper planning, oversight and accountability. 92% of all problems in organizations stem from poor management decisions. The Big Picture of Business, Book 4 takes a fresh look at change and growth, utilizing full-scope planning as a means of navigating through uncertain waters toward richer success. It is based upon Hank Moore's trademarked approach to growing and strengthening businesses, tested by his actual work in guiding corporations over three decades. Moore shows how to master change and readies companies to face the future.

**Doing Family Photography** Gillian Rose, 2016-05-13 Family photography, a ubiquitous domestic tradition in the developed world, is now more popular than ever thanks to the development of digital photography. Once uploaded to PCs and other gadgets, photographs may be stored, deleted, put in albums, sent to relatives and friends, retouched, or put on display. Moreover, in recent years family photographs are more frequently appearing in public media: on posters, in newspapers and on the Internet, particularly in the wake of disasters like 9/11, and in cases of missing children. Here, case study material drawn from the UK offers a deeper understanding of both domestic family photographs and their public display. Recent work in material culture studies, geography, and anthropology is used to approach photographs as objects embedded in social practices, which produce specific social positions, relations and effects. Also explored are the complex economies of gifting and exchange amongst families, and the rich geographies of domestic and public spaces into which family

photography offers an insight.

I Can't Believe I Dated Him Jackie Viramontez, 2017-02-07 "I highly recommend this book to turn relationship pains into opportunities for self-discovery and lasting joy" (Alina Frank, bestselling author). No matter how much we learn about dating, boundaries, and calling in the one, we wind up

attracting the wrong men. When this happens, we are tempted to beat ourselves up. Don't. What if the frustration is the very emotion you need in order to change your future relationship status? Every relationship leaves us with new standards, boundaries, and trust issues. While we hope to have a healthy relationship in the future, we are afraid of getting our hopes up. Our emotional wounds tempt us to lower our standards and settle for less because high standards lead to disappointment. In *I Can't Believe I Dated Him*, EFT Tapping Expert (aka Emotional Freedom Techniques) Jackie Viramontez explores how doubt, uncertainty, and guilt are showing up for a different reason than what we might think. By accepting our emotions, laughing at imperfections, and being courageously authentic, we transform relationship issues into opportunities. Viramontez's seven choices empower women to break up with the wrong men and to celebrate the right ones. We never again have to ask: Why do I keep dating cheaters? Am I dating the right guy? Am I dating a narcissist? How do I get unstuck? How do I rebuild trust? If you are tired of toxic relationship patterns and self-criticism, *I Can't Believe I Dated Him* is a practical guide to manifest a relationship rooted in confidence, emotional intelligence, and authenticity.

**500 Year Journey** Corey Piper, 2023-09-12 500-Year Journey examines historical and scriptural evidence to identify the date Christ was born, which wasn't December 25th! For more than two-thousand years, Christians and skeptics have sought the truth of Jesus' birth—with many looking in the wrong places. One group studied the stars and astrology for answers, to determine what the Magi might have seen, but that only created more questions. Others looked to mathematical calculations and tradition, but mistaken variables led them astray. Both of these approaches have contributed to the modern version of Christmas, but they have also obscured God's truth. Corey Piper's 500-Year Journey makes the case that God revealed exactly when the Messiah would be born. The answer is in his Law, foreshadowed with biblical and historical events and confirmed by what the Magi saw. This resource will take readers from the exile in Babylon to the manger in Bethlehem, to a stunning encounter with God's elaborate plan.
