*Middle C* William H. Gass,2013-12-03 In a series of brilliant variations, William Gass presents a man’s life—futile, comic, anarchic—arranged in an array of vocabularies, altered rhythms, forms, and tones, with music as both theme and structure. It begins in Graz, Austria, in 1938, when Joseph Skizzen’s father pretends to be Jewish and emigrates to avoid the Nazis. In London with his wife and children for the duration of the war, he mysteriously disappears and the rest of the family relocates to a small town in Ohio. Here Joseph Skizzen grows up and leads a resolutely ordinary life, but one that is built on a scaffold of forgery and deceit. Outwardly he is a professor of music at a mediocre college; secretly he is the earnestly obsessive curator of a private Inhumanity Museum, meant to contain the guilt of centuries of atrocities. Middle C tells the story of his journey—a story that is also an investigation into the nature of identity and the ways in which each of us is several selves.

Growing Up in a Land Called Egypt Cleo Caraway,2009-12-21 In Growing Up in a Land Called Egypt: A Southern Illinois Family Biography,author Cleo Caraway fondly recalls how she and her siblings came of age on the family farm in the 1930s and 1940s. Like many others, the Caraways were affected by the economic hardships of the Great Depression, but Cleo’s parents strived to shelter her and her six siblings from the dire circumstances affecting the nation and their home and allowed them to bask in their idealistic existence. Her love for her family clearly shines from every page as she writes of a simpler time, before World War II divided the family. Caraway revels in the life her family lived on a southern Illinois hilltop in Murphysboro township, marveling at the mix of commonplace and adventure she experienced in her childhood. She remembers her first day of school, walking three miles to the wondrous one-room building with her siblings; reminisces about strolling through the countryside with her mother, investigating the various plants and flowers, fruits and nuts; and recollects her fascination with the Indian relics she found buried near her home, a hobby she shared with her father. She also writes of seeing Gone with the Wind on the big screen at the Hippodrome in Murphysboro, of learning to sew dresses for her dolls, and of idyllic life on the farm—milking cows, hatching chicks, feeding pigs. Along with her personal memories Caraway includes interviews with neighbors and many fascinating photographs with detailed captions that make the images come alive. A delightful follow-up to her father’s popular Foothold on a Hillside: Memories of a Southern Illinoisan,Caraway’s book is a pleasant change from the typical accounts of southern Illinois before, during, and after the Great Depression. Instead of hardscrabble grit, Growing Up in a Land Called Egypt offers a refreshingly different view of the period and is certain to be embraced by southern Illinois natives as well as anyone interested in the experiences of a rural family that thrived despite the difficult times. The author’s lighthearted prose, self-deprecating humor, and genuine affection for her family make reading this book a rich and memorable experience.

**The Language of Plants** Julia Graves,2012-05 9 lectures, Oxford, England, August 16-29, 1922 (CW 305) These lectures follow from those presented in Soul Economy. Given during a conference on spiritual values in education and life and attended by many prominent people of the time, Steiner's Oxford lectures present the principles of Waldorf education at the highest cultural level. The Manchester Guardian reported: Dr. Steiner's lectures...brought to us in a very vivid way an ideal of humanity in education. He spoke to us about teachers who, freely and unitedly, unrestricted by external prescription, develop their educational methods exclusively out of a thorough knowledge of human nature. He spoke to us about a kind of knowledge needed by the teacher, a knowledge of the being of man and the world, which is at the same time scientific and also penetrates into the most intimate inner life, which is intuitive and artistic. These lectures form one of the best introductions to Waldorf education. German source: Die geistig-seelischen Grundkräfte der Erziehungskunst.
