

Snow Globe

Kathryn Burgess

The Snow Globe Family Jane O'Connor,2006-09-07 Oh, when will it snow again? wonders the little family who lives in the snow globe. They long for a swirling snowstorm—if only someone in the big family would pick up the snow globe and give it a great big shake. Baby would love to. She alone notices the little family. She gazes longingly at their snowy little world, but the snow globe is up way too high for her to reach. Then, when a real snowstorm sends the big children outside sledding in the moonlight, Baby finds herself alone in the parlor. . . . Will the snow globe family at last get a chance to go sledding too? As readers follow the parallel adventures of both families, big and little, they will take special pleasure in the miniature world of the snow globe, where the skating pond is the size of a shiny quarter and a snowman is no bigger than a sugar cube.

Snow Globe Wishes Erin Dealey,2019-09-15 As the worst snow storm of the year rolls in, one family hunkers down together in a cozy blanket fort for the night. A little girl makes a wish on a snow globe and, in the morning, the sun rises on a winter wonderland--beckoning all outside. And what if, on this snow-filled day, families shake their busy lives and everyone goes out to play? A lyrical

holiday story about wishes and community and snow--lots and lots of snow.

Celebrating Snow Globes Nina Chertoff, Susan Kahn, 2006-10

All it takes is a shake of the wrist to make the flakes fall on Santa's sleigh, Elvis's hips, or the Statue of Liberty's torch--creating a miniature world in each snow globe. From the ornate to the political, from children's characters to American cities and personalities, these colorful images will propel collectors back to their curio cabinets to watch a dazzling display and set the rest of us out on a lovely nostalgic trip. Each picture comes with a description that gives the history of the piece--going back to the time when snow globes weren't just tourist souvenirs but depictions of the most romantic sites on earth. Find out where they were first created, which companies specialized in making them, and why they're so irresistible.

The Snow Globe Sheila Roberts, 2010-10-26 Discover an unforgettable holiday treasure in Sheila Roberts' heartwarming tale of love and laughter, magic and miracles, friendship and coming home... On a blustery afternoon, Kylie Gray wanders into an antique shop and buys an enchanting snow globe. There's a story behind that snow globe, the antique dealer tells her. The original

owner, he explains, was a German toymaker who lost his wife and son right before Christmas. When the grieving widower received the handcrafted snow globe as a Christmas gift, he saw the image of a beautiful woman beneath the glass—a woman who would come into his life, mend his broken heart and bring him back to the world of the living. For years, the snow globe has passed from generation to generation, somehow always landing in the hands of a person in special need of a Christmas miracle. Kiley could use a miracle herself. This year, all she wants for Christmas is someone to love. A hopeful shake leads her on an adventure that makes a believer out of her. When Kylie shares the story of the snow globe with her best friends—two women with problems of their own—they don't believe it. But they're about to discover that at Christmastime, sometimes the impossible becomes possible and miracles really do come true.

Secrets of the Snow Globe Catherine Stier, 2022-03-01 A curious kid discovers how magnification and density make her favorite collectible possible. After starting to collect snow globes with the help of her grandmother, Lily has questions. She wants to know who invented them, what the snow is made of, and how the tiny scenes look so magical when she peers inside. As she

researches and experiments, Lily learns about light waves, magnification, and density—all while gathering ingredients to make her own snow globe.

Snow Globe Aaron Gudmunson, 2018-01-02 Trapped in a bar by the biggest snowstorm in over a century, Ben Clary will soon learn that sometimes humans are the worst monsters of all. Ben Clary is an everyday working man who caps off an afternoon of holiday shopping with a drink at his favorite watering hole. Before long, he is intoxicated, and a brutal winter storm descends. Trapped by a howling storm seems bad enough, until Ben and his fellow bar patrons find out something terrible and deadly lurks in the blizzard outside, making things far, far worse. One by one, unseen assailants pick them off until a local historian claims the attackers may be the remnants of a clan caught up in an ancient blood feud, said to have occurred at the site of the tavern. And, worse, they seem to eat human flesh. Even still, Ben soon learns the cannibal clansmen are the least of his worries—the true monsters are way more terrifying...and much closer to home.

The Magic Snow Globe Catie L Cordero, 2017-10-26 Join the twins, Willow and Wendell Potter on an adventure that will reveal the secret to real Christmas magic--Title page verso.

Santa's Snow Globe ,2017-10-03 When Santa hurts himself and can't go out to deliver the presents, he needs his friends more than ever. Can they save Christmas, with the help of a special, magical gift? Find out in this snowy tale that is the perfect festive story to share.

Snow Way Out Christine Husom,2015-01-06 Curio shop manager Camryn Brooks thought she'd seen every kind of snow globe—until she saw one depicting a crime scene... Ever since she was a child, Cami has loved the sparkling beauty of snow globes, and now, she sells them. In fact, they're so popular, Cami and her friend—coffee shop owner Alice “Pinky” Nelson—are hosting a snow globe making class. After the flurry of activity has ended and everyone has gone off with their own handmade snow globes, Cami spots a new globe left behind on a shelf, featuring an odd tableau—a man sleeping on a park bench. On her way home, she drifts through the town park and is shaken to come upon the scene from the globe—a man sitting on a bench. But he isn't sleeping—he has a knife in his back. When the police arrive, it's clear they consider Cami a little flaky and possibly a suspect. After her friends also come under suspicion, Cami starts plowing through clues to find the cold-blooded backstabber—before someone else gets iced...
