Socrates: Quotes & Facts Blago Kirov, 2014-06-16 This book is an anthology of 145 quotes from Socrates and 51 selected by Blago Kirov facts about Socrates. Plato, Xenophon, and Aristotle are the main sources for the historical Socrates. Socrates' father was Sophroniscus, a sculptor, and his mother Phaenarete, a midwife. His wife, Xanthippe, bore for him three sons, Lamprocles, Sophroniscus and Menexenus. His friend Crito of Alopecce criticized him for abandoning his sons when he refused to try to escape before his execution. Some sources say that Xanthippe, his wife, might have been as much as forty years younger than Socrates. Socrates claims to have been deeply influenced by two women besides his mother: he says that Diotima, a witch and priestess from Mantinea, taught him all he knows about Eros, or love; and that Aspasia, the mistress of Pericles, taught him the art of rhetoric. Socrates is known to have been fairly short and generally unattractive. Socrates initially earned his living as a master stonecutter. He took over the profession of stonemasonry from his father who cut stone for the Parthenon. Shortly before his death, Socrates speaks his last words to Crito: Crito, we owe a rooster to Asclepius. Please, don't forget to pay the debt. "I am not an Athenian nor a Greek, but a citizen of the world." "My advice to you is getting married: if you find a good wife you'll be happy; if not, you'll become a philosopher." "Once made equal to man, woman becomes his superior." "One should eat to live; not live to eat." "To be is to do." "Virtue does not come from wealth, but wealth, and every other good thing which men have comes from virtue." "The hour of departure has arrived, and we go our separate ways, me to die, and you to live. Which of these two is better? Only God knows." "All I know is that I know nothing." "Death may be the greatest of all human blessings."

Socrates Socrates,Gordon Jacobs,2017-03-25 Most people, including ourselves, live in a world of relative ignorance. We are even comfortable with that ignorance, because it is all we know. When we first start facing truth, the process may be frightening, and many people run back to their old lives. But if you continue to seek truth, you will eventually be able to handle it better. In fact, you want more! It's true that many people around you now may think you are weird or even a danger to society, but you don't care. Once you've tasted the truth, you won't ever want to go back to being ignorant.

Apology Plato,2018-08-20 The Apology of Socrates was written by Plato. In fact, it's a defensive speech of Socrates that he said in a court noted down by Plato.The main subject of the speech is a problem of the evil. Socrates insists that neither death nor death sentence is evil. We shouldn't be afraid of the death because we don't know anything about it. Socrates proved that the death shouldn't be taken as the evil with the following dilemma: the death is either a peace or a transit from this life to the next. Both can't be called evil. Consequently, the death shouldn't be treated as evil.

Socrates: Quotes and Facts Blago Kirov,2015-02-26

The Socrates Express Eric Weiner,2020-08-25 The New York Times bestselling author of *The Geography of Bliss* embarks on a rollicking intellectual journey, following in the footsteps of history's greatest thinkers and showing us how each—from Epicurus to

Gandhi, Thoreau to Beauvoir—offers practical and spiritual lessons for today's unsettled times. We turn to philosophy for the same reasons we travel: to see the world from a different perspective, to unearth hidden beauty, and to find new ways of being. We want to learn how to embrace wonder. Face regrets. Sustain hope. Eric Weiner combines his twin passions for philosophy and travel in a globe-trotting pilgrimage that uncovers surprising life lessons from great thinkers around the world, from Rousseau to Nietzsche, Confucius to Simone Weil. Traveling by train (the most thoughtful mode of transport), he journeys thousands of miles, making stops in Athens, Delhi, Wyoming, Coney Island, Frankfurt, and points in between to reconnect with philosophy's original purpose: teaching us how to lead wiser, more meaningful lives. From Socrates and ancient Athens to Beauvoir and 20th-century Paris, Weiner's chosen philosophers and places provide important practical and spiritual lessons as we navigate today's chaotic times. In a "delightful" odyssey that "will take you places intellectually and humorously" (San Francisco Book Review), Weiner invites us to voyage alongside him on his life-changing pursuit of wisdom and discovery as he attempts to find answers to our most vital questions. The Socrates Express is "full of valuable lessons...a fun, sharp book that draws readers in with its apparent simplicity and bubble-gum philosophy approach and gradually pulls them in deeper and deeper" (NPR).

have certainly understood something about this subject... But before going further let's define what philosophy means. Etymology is often the best way to deeply understand the meaning of words. In this context, philosophy literally means love of wisdom. It is also the study of the nature of existence, reality and knowledge. The love of wisdom is important for Socrates as often stated in his teachings. Socrates says: To know thyself is the beginning of wisdom. He is also at the origin of what is called the Socratic method, which is a type of dialogue in which asking and answering questions is the way to stimulate critical thinking which in turn brings deeper understanding... The following quotes will eventually bring you insights and clear comprehension. By doing so, you will become convinced about the truth lying behind these quotes and therefore your own critical thinking and sense of logic will become more accurate. Socrates Mazimum C Jerri,2021-04-22 One of the greatest and most famous Greek philosophers, Socrates is considered the first moral philosopher and one of the founders of Western philosophy. Socrates' quotes on life are full of knowledge, wisdom, and foresightedness.Socrates wanted to establish an ethical system that would be based on human reason rather than the theological doctrine

of the time. He strongly believed that the greatest leaders are the ones who possess knowledge, virtue, and a complete understanding of themselves. Socrates stated that an individual's choice is motivated by the desire for happiness, but the right choices to achieve happiness can only be made when one truly knows himself. Although admired during his time, many felt that Socrates threatened their way of life - and soon he was sentenced to death and forced to drink a mixture of poison hemlock.
