**The Athenian Agora** Homer A. Thompson,John Camp,1990-12-01 In 2006 it will be 75 years since excavations by the American School of Classical Studies at Athens started in the ancient Agora. Almost every year since 1931 new areas of the ancient civic center have been cleared and exciting discoveries made, and this book presents the latest, detailed, account of the monuments and artifacts that can be seen on a visit to the site. After a short introduction to the history of the Agora, each monument is described in turn. Famous buildings like the Tholos or Stoa of Attalos are discussed in detail, but also lesser-known areas, passed over by other books, are revealed. Plans and color illustrations help locate the reader, while a large fold-out map at the back of the book distinguishes the different chronological phases of the Agora. For the first time this map also shows discoveries made in the last few years at the northern edge of the site. A final section presents a guide to the museum, substantially reorganized in preparation for the 2004 Olympic Games. Written by the director of the Agora excavations for over a decade, this book presents the most detailed and up-to-date coverage available of the birthplace of democracy. It will be invaluable for any visitor to or student of the site.

Floods and Their Computation ,1969

*The Corporation Sole* Frederic William Maitland,2021-04-11 This is an invaluable work by Frederic William Maitland, an English jurist and legal historian whose contribution was bringing historical and comparative methods to bear on studying English institutions. Excerpt Persons are either natural or artificial. The only natural persons are men. The only artificial persons are corporations. Corporations are either aggregate or sole. This, I take it, would be an orthodox beginning for a chapter on the English Law of Persons, and such it would have been at any time since the days of Sir Edward Coke. It makes use, however, of one very odd term which seems to approach self-contradiction, namely, the term corporation sole, and the question may be raised, and indeed has been raised, whether our corporation sole is a person, and whether we do well in endeavouring to co-ordinate it with the corporation aggregate and the individual man.

*Crowdsourcing* Wei Li,Michael N. Huhns,Wei-Tek Tsai,Wenjun Wu,2015-05-28 This book presents the latest research on the software crowdsourcing approach to develop large and complex software in a cloud-based platform. It develops the fundamental principles, management organization and processes, and a cloud-based infrastructure to support this new software development approach. The book examines a variety of issues in software crowdsourcing processes, including software quality, costs, diversity of solutions, and the competitive nature of crowdsourcing processes. Furthermore, the book outlines a research roadmap of this emerging field, including all the key technology and management issues for the foreseeable future. Crowdsourcing, as demonstrated by Wikipedia and Facebook for online web applications, has shown promising results for a variety of applications, including healthcare, business, gold mining exploration, education, and software development. Software crowdsourcing is emerging as a promising solution to designing, developing and maintaining software. Preliminary software crowdsourcing practices and platforms, including Apple's App Store and TopCoder, demonstrate the advantages of crowdsourcing in terms of software ecosystem expansion and product quality improvement.

**Journal Plains**simplebooks,2019-12-04 A Blank Book Journal or Diary to keep thoughts and ideas. Bound paperback book with 150 grayscale lined and numbered pages to fill any way you want. *Istanbul Blues* Buket Uzuner,2014-02-02 The stories in Istanbul Blues are filled with Buket Uzuner's remarkable sensitivity and psychological insight, taking us into the memories and imaginations of children and adults, and exploring shared history, love, and attachment--to family, friends, lovers, and

places. Uzuner's characters share stories that are mythical, mysterious, coincidental, witty, and full of wisdom, and her collection offers readers multiple, rich insights into life in modern Turkey as well as the places explored while traveling abroad. In the hands of an author who is a listener as much as a teller, no matter where they take place, these stories remind us of people we know and of ourselves.
