Eddie A. U. Akpan

Short and Sweet and Pithy Eddie A. U. Akpan,2022-03-11 Each of us is supported by three pillars; the physical, financial, and spiritual pillars. Our body is the chamber or enclosure that entitles us to operate in the physical world. Every day, take some minutes to sing, read, give thanks for all things, do calisthenics, and your pillars will remain strong for a long time. Hercules is endowed with superlative physique; good for him, but even if his wisdom exceeds King Solomon's, he would not be a happy camper if he has no skills that people can pay for. Turning things around, a wealthy but unwise Hercules would get into more trouble than he can pay for. We need three solid pillars (health, money, and wisdom) so that we can hold our head high like an eagle and shoulders straight like an arrow. In the spiritual world, all things are possible.

Lighter as We Go Mindy Greenstein,Jimmie Holland,2015 Contrary to common wisdom and the fears of mid-lifers, our sense of well-being actually goes up in older age, even in the presence of illness or disability. *Lighter as We Go* is the first book to explore how and why that is, drawing on positive psychology concepts of character strengths and virtues.--Publisher information.

Critical Content Analysis of Visual Images in Books for Young People Holly Johnson,Janelle Mathis,Kathy G. Short,2019-05-31 Extending the discussion of critical content analysis to the visual realm of picturebooks and graphic novels, this book provides a clear research methodology for understanding and analyzing visual imagery. Offering strategies for reading illustrations in global and multicultural literature, chapter authors explore and bring together critical theory and social semiotics while demonstrating how visual analysis can be used to uncover and analyze power, ideologies, inequity, and resistance in picturebooks and graphic novels. This volume covers a diverse range of texts and types of books and offers tools and procedures for interpreting visual images to enhance the understandings of researchers, teachers, and students as they engage with the visual culture that fills our world. These methods are significant not only to becoming a critical reader of literature but to also becoming a critical reader of visual images in everyday life.

Toys, Tools & Teachers Marge Cambre,Mark Hawkes,2004 Here, Cambre and Hawkes offer a framework for thinking about technology as it impacts teaching and learning today. *Toys, Tools & Teachers* takes a hard look at the benefits and the trade-offs of a technology-saturated education. The authors look at technology through a trifocal lens: as teaching aid, as a threat, and as progress. They also explore ways in which technology can significantly impact education-through distance learning, networking, and wireless technologies. This book is a reflection on technology and a review of the footprint of technology on children's toys and the tools teachers and students have available for teaching and learning. As today's students are bombarded with things technological, school administrators and teachers are challenged on a daily basis to acquire up-to-date technologies and use them wisely in the teaching, learning, and testing process. Educators and parents are urged to discern the positive and negative effects of technology and make appropriate choices for their charges. Researchers are challenged to devise strategies for demonstrating the effectiveness of technology and for pointing the way to better methods of integrating technology so that no child is left behind. Will be of interest to parents, school board members, and educators.

Teaching Primary English Eve Bearne,David Reedy,2023-07-31 Now in its second edition, *Teaching Primary English* is a bestselling, comprehensive, evidence-informed guide designed to support and inspire teaching and learning in the primary school. Written in a clear and

Second Marriage Cute Wife Bu DingDang,2020-07-21 She was a housewife, giving up everything for her family. She didn't have the skill to think that her husband would be moved by her sacrifice, but in the end, all she got was betrayal and a third party. She got divorced, returned to society, found a job, became self-reliant, and regained her own happiness. Who said that a housewife couldn't do anything? Lin Ruoluo Lan: Mr. Huo, I've divorced before. Huo Ting: I don't mind. Lin Ruoluo Lan said, Alright, let's go. Huo Ting: Where to? Lin Ruoluo Lan said, The Civil Administration.

The Income Angel Dr. Ope Banwo, Your practical guide on how you can start making money online Today, This Week And This Month.....Guaranteed! Most people would like to start a home business. They like the freedom of being able to work whenever they want to or wherever they want to. However, it is not easy to get there because many of them are stuck in a rut! They feel that they are controlled by their

bosses. They feel that it would take too much time. Some of them even whine that they are too tired to do anything the moment they reach home! Whatever your excuses may be, you will most probably find the solution in this book (or at least, know what it takes to get started). The fact that you are able to pick up this book and read it shows your initiative and you should congratulate yourself for taking the first step! The Internet is a place that is filled with endless possibilities. It is very easy to find a business model that makes money for anyone as long as they put in the effort to learn and work hard. All that it takes is that you believe in yourself and believe that you will be able to free yourself from the shackles of your 9-5 job and you will be able to find the means to achieve it. After all, if you want something badly enough, you will go all out and find the means to achieve your goals.

Apps, Technology and Younger Learners Natalia Kucirkova, Garry Falloon, 2016-11-10 This book provides an in-depth analysis of the challenges, potential and theoretical possibilities of apps and considers the processes of change for education and home learning environments. Drawing together a diverse team of international contributors, it addresses the specific features, context of use and content of apps to uncover the importance of these tools for young children's learning. *Apps, Technology and Younger Learners* focuses on ways that apps support early years and primary school learning, connect various learning spaces and engage children in a range of edutainment and knowledge-building activities. In each chapter, the current state of knowledge and key research questions in the field for future study are identified, with clear messages provided at the end of each chapter. Focusing on empirical studies and strong theoretical frameworks, this book covers four key parts: Understanding the learning potential of children's apps; Key app challenges; Empirical evidence; Future avenues. This book is an essential guide for educators, post-graduate students, researchers and all those interested in the advantages or challenges that may result from integrating apps into early education.

Home Business Models Exposed NISHANT BAXI, 2020-04-23 Home business is the way the world is going to go in the near future. Gone are the days when people slaved over their office desks. This is the age where the concept of career liberalization is really going to gain root. Are you going to be a part of it as early as you can or are you going to wait and watch till everyone has tried it out first? The ideal way is to get into this as soon as possible and make a name for yourself in the home business genre as soon as you can. This eBook has all the grist you would need to launch your domestic corporate!

Peculiar Faith Jay Emerson Johnson, 2014-03-01 Residing at the intersection of constructive theology and critical social theory, this book provides a resource for both students and clergy to reinterpret Christian theology and re-imagine Christian faith in the twenty-first century. The author seeks "to encourage and equip Christian faith communities to move beyond the decades-long stalemate over human sexuality and gender identity" because "Queer gifts emerge in Christian communities when lesbian, gay, bisexual, and transgender (LGBT) people no longer feel compelled to justify their presence in those communities." Useful in both seminary classrooms and in congregational settings, the book is a contribution to the still-emerging field of queer theology, translating the rigors of scholarly research into transforming proposals for faith communities.

The Netpreneur Manifesto Dr. Ope Banwo, *Everything You Need (And Don't Need) To Become A successful Digital Marketer And Save Yourself Time, Money And Frustration*. It is really very simple: This book is intended to lay the blueprint for success for Newbies who are involved, or want to be involved, in Internet marketing, or more appropriately, those who want to make money online. While many people generally may have been slow to catch on to the internet marketing frenzy due to its structural and logistics handicaps, the trend in the last few years has shown a dramatic

upsurge of interest of Newbies in the internet marketing industry. With liberation in internet access and mobile technology, we now have the perfect storm for an explosion in internet marketing activities globally. There is therefore an urgent need for a manifesto or explanatory document that will explain to practitioners in the internet marketing scene what is required to be a successful internet marketer globally
