Conflict and Conversion Tara Alberts, 2013-10-03 Conflict and Conversion explores how Catholic missionaries, merchants, and adventurers brought their faith to the strategically and commercially crucial region of Southeast Asia in the sixteenth and seventeenth centuries. This region conjured visions of the exotic in the minds of early modern Europeans, and became an important testing ground for ideas about the nature of conversion and the relationship between religious belief and practice. Some Southeast Asians adopted Christianity - and even died for their new faith - while others resisted all incentives, menaces, and cajolment to reject their original spiritual beliefs and practices. In this volume, Tara Alberts explores how Catholicism itself was converted in this encounter, as Southeast Asian neophytes adapted the faith to their own needs. Conflict and Conversion makes the first detailed exploration of Catholic missions to the diverse kingdoms of Southeast Asia and provides a new connective history of the spread of global Christianity to this crossroads of the world. This volume focuses on three areas which represent the main cultural and religious divisions of the broader region of Southeast Asia: modern-day Thailand, Vietnam and Malaysia. In each of these areas, missionaries had to engage with a variety of political and economic systems, social norms, and religious beliefs and practices. They were obliged to consider what adaptations could be made to Catholic ritual and devotions in order to satisfy local needs, and how best to counter local customs deemed inimical to the faith, which obliged them to engage with fundamental questions about what it meant to be Christian. Alberts seeks to uncover the conflicts over these issues, and the development of the concept of conversion in the early modern period.

The Anti-Black City Jaime Amparo Alves, 2018-02-13 An important new ethnographic study of São Paulo's favelas revealing the widespread use of race-based police repression in Brazil While Black Lives Matter still resonates in the United States, the movement has also become a potent rallying call worldwide, with harsh police tactics and repressive state policies often breaking racial lines. In *The Anti-Black City*, Jaime Amparo Alves delves into the dynamics of racial violence in Brazil, where poverty, unemployment, residential segregation, and a biased criminal justice system create urban conditions of racial precarity. *The Anti-Black City* provocatively offers race as a vital new lens through which to view violence and marginalization in the supposedly "raceless" São Paulo. Ironically, in a context in which racial ambiguity makes it difficult to identify who is black and who is white, racialized access to opportunities and violent police tactics establish hard racial boundaries through subjugation and death. Drawing on two years of ethnographic research in prisons and neighborhoods on the periphery of this mega-city, Alves documents the brutality of police tactics and the complexity of responses deployed by black residents, including self-help initiatives, public campaigns against police violence, ruthless gangs, and self-policing of communities. *The Anti-Black City* reveals the violent and racist ideologies that underlie state fantasies of order and urban peace in modern Brazil. Illustrating how "governing through death" has become the dominant means for managing and controlling ethnic populations in the neoliberal state, Alves shows that these tactics only lead to more marginalization, criminality, and violence. Ultimately, Alves's work points to a need for a new approach to an intractable problem: how to govern populations and territories historically seen as "ungovernable."

Mondo Massari Fabio Massari, 2018-12-21 Mondo Massari - Entrevistas, Resenhas, Divagações & ETC é o quarto livro do radialista e apresentador Fabio Massari. A obra reúne, em 476 páginas, o melhor da sua produção autoral nos últimos 14 anos, tanto com a assinatura Mondo Massari (na MTV Brasil, na revista Rolling Stone e no portal Yahoo! Brasil) quanto no programa de rádio ETC, na Oi FM. Ex-VJ da MTV, Massari é uma referência do jornalismo cultural brasileiro. Ou seria jornalismo rock, como o próprio costuma dizer? Nesse caso, a nomenclatura importa menos do que o caminho pavimentado. A paixão do colecionador somada à curiosidade do comunicador (e vice-versa) estabeleceu

uma trajetória única. Sempre na missão de difundir a boa música, Massari foi se metamorfoseando de acordo com as possibilidades de cada época, explorando os prazeres e peculiaridades das novas (e velhas) mídias. Rádio, televisão, mídia impressa e Internet: as quatro plataformas estão representadas em Mondo Massari, que traz entrevistas com nomes como Faust, X, Pink Industry, Violeta de Outono, Gang of Four, Television, Mão Morta, Alan Wilder (Depeche Mode), Yo La Tengo, The Mars Volta, The Vibrators, Jonathan Richman, Glen Matlock (Sex Pistols), Jon Spencer Blues Explosion, The Kills, The Bellrays, Zola Jesus, Shining, Fun People, John Cale, Marianne Faithfull e Stockhausen. E não pense que o Reverendo se limita a falar sobre música: o livro traz resenhas de filmes obscuros, dicas literárias e entrevistas com o fotógrafo de horror Joshua Hoffine e com o escritor brasileiro Antônio Xerxenesky. A memória também pede passagem, com artigos sobre shows históricos dos anos 1980 no Brasil: The Police (1982), Queen (1981) e Nina Hagen (1985). Dos baluartes aos nomes mais obscuros, do prog ao punk, da Noruega à África do Sul, dos anos 1960 aos dias atuais, uma viagem sem fronteiras pelo mundão dos bons sons. Pelo Mondo Massari.

A Legal Assessment of the Efficacy of Consultation with Indigenous Peoples Catarina Woyames Dreher, 2024-01-05 This book offers a novel perspective on consultation with indigenous peoples in projects of natural resource exploitation. Engaging with current debates in international law, the study introduces a multi-dimensional perspective on consultation understood to include self-determination and cultural rights. It analyzes evidence from several countries across the Americas and Africa and presents an original and in-depth case study of Brazil. The book assesses judicial and legislative cases, drawing on relevant literature, international treaties and supplementary information gained from expert interviews. This supports the work's broader objective to explore legal facts as well as to evaluate the empirical evidence in light of theoretical considerations. It thereby expands the understanding of consultation as a right under national legal systems and considers practical ways on how to enforce domestic redress for avoiding legal indeterminacy. The conclusions of the analysis contribute to not only a better understanding of the subject matter but also showcase ways of how to improve the realities on the ground. The book puts forward a range of recommendations directed at national authorities, international organizations, development lenders and civil society to help improve the unsatisfactory present circumstances. The intended audience encompasses legal scholars, students, practitioners and journalists, as well as anyone interested in research on the realization of indigenous peoples' rights and the role of international law in the 21st century.
