Bible Word Fill-in Puzzles Gary W. Watson,2015-11-25 Word fill-in puzzles are similar to regular crosswords - but instead of getting the answers from clues you get them from word lists. All the words needed to complete each puzzle are in groups according to word length. Your task is to fit the words into their correct place in the puzzle grid. There are many combinations but only one correct solution to get all the words to fit into each puzzle. You are started off with six letters already in place - then you are given less and less letters as you work towards the last puzzle. It gets your brain working through deduction and trial and error while you are having fun. The process is easy to learn but still challenging to all levels of puzzle enthusiasts. Each puzzle is on its own full page so the print is large and easy to read. Many Bible phrases, names and places will pop up in these puzzles so have your Bible handy. Solutions for all 50 puzzles are given in the back of the book.

Wharton's Word Search Puzzles Rev. Wendell S. Wharton, Jr,2015-05-29 Word search puzzles are one of many types of word games, which are designed to both challenge and stimulate the mind. Unlike cross word puzzles, which give clues to the words needed to fill in the blanks of the puzzle, words search puzzles present a group of apparently random letters that conceal words that must be identified within the puzzle. These word search puzzles were one of several tools developed and utilized by Rev. Wendell Wharton as part of a Bible study program for the youth and young adult ministry. The puzzles were designed to facilitate learning and recall of the books of the Bible in a unique manner, which would make learning both fun and challenging. Each word search puzzle within this publication is one 8 1/2 x 11 page of letters, which contain the titles of the books of the Bible hidden within them. The challenge and the objective is to identify all sixty-six books within each puzzle. Unique to Rev. Wharton's word search puzzles is that the titles or names of the books of the Bible are so arranged on each page such that when all of them have been identified, circled, or highlighted, an image appears. Each puzzle has a different image contained within it. The images may be a picture of an object, a word, or words. The initial series of puzzles included horizontal, vertical, and oblique entries. There are no oblique entries of name of the books within the puzzles in this publication. The earlier versions were also much smaller and did not reveal hidden images. The images were added to allow Rev. Wharton to quickly assess student progress on a puzzle and offer individualized feedback. While the puzzles were initially designed for the youth and young adults, the increasing number of requests for copies of the puzzles from adults and seniors suggested that there was a much larger audience. Input from Christians who like crossword puzzles

revealed an appreciation for this Bible-based word search puzzles, hence this publication. May it be used for the benefit and edification of the saints.

Word Puzzles of the Bible from A to Z Diane M. Bannard,2001 All my puzzle book verses use the King James Version because I do all my research in the King James Version. The puzzle books are a Bible study motivator not really made as a Bible study, but a fun way to get you into studying the Bible with subject topics. The questions are asked in a way that lets you know how the word applies in the verse. The King James Version uses Old English; some words are different than we are accustomed to spelling and using them. God led me to write the puzzle books to get people more interested in studying the Bible to want to know more about God, and find interesting ways to learn interpretation of words in the Bible to understand more of what you read. This type of book is really great for young people and newly saved people to get them into reading the Bible and knowing more about it, and is still fun for anyone who likes word puzzles of any kind. I hope this book is as enjoyable for you to read as much as it was a pleasure for me to write. Quantity discounts are available!
