Relationship SOS Michelle Galarza,2015-03-01 Relationship SOS is a 7-step process that walks you through addressing key factors that contribute to a healthy relationship. The book looks at your relationship from the inside out, providing effective solutions that can revitalize any relationship. Michelle G. based the book on her real-world implementation of the process with dozens of couples. The Relationship Plan™ is a practical method that helps couples who are struggling within their relationships to recapture their happily ever after... on their own terms. People from all walks of life are successfully applying it to their relationships every day, and in the process, they are strengthening and deepening their connections. You can, too.

Marriage SOS Debra Macleod,2014-05-04 When a marriage is gasping for breath, emergency relationship help is needed. Couples are in the throes of high emotion and confusion, and often don't have what it takes to survive the next agonizing wave of emotion or uncertainty. Often, one or both partners already have a foot out the door. In some cases, this marriage emergency has happened suddenly. In other cases, couples have been treading water for years, languishing in an unhappy marriage and quietly reaching their breaking point. Marriage SOS throws lifelines to these drowning relationships by giving them easy and effective marriage-saving strategies so that they can find their way back to shore. It also provides crisis care so that couples can survive such ills as affairs or inappropriate opposite-sex friendships, an inability to budget, sex and intimacy issues, divided loyalties (i.e. ex-partners, in-laws), problems with blended families and step-children, and dealing with a belligerent, critical or defensive spouse. In Marriage SOS, leading marriage author-expert Debra Macleod, B.A., LL.B., has gathered her unique brand of practical, pull-no-punches, fast-acting marriage advice into book format. She has condensed the most effective strategies from her years of experience in successful private practice. These are strategies that have managed to help thousands of real-world couples make sometimes overnight improvements to their marriage. Importantly, Marriage SOS is a rare marriage guide that speaks with a candor that appeals to men as well as women. Part emergency marriage manual and part wake-up call to couples, Debra has created a month-long relationship saver that each day gives spouses a new and effective lifeline strategy that can rescue their relationship in thirty days. It also offers crisis care that helps spouses survive those acute or chronic problems that can drain the life out of a marriage. This remarkably pragmatic, effective and user-friendly book should be essential reading for all couples. Praise for Debra Macleod from LIBRARY JOURNAL: Most people spend the largest part of adulthood slogging through committed relationships, and they need books like this.

It also includes marriage-saving "checkpoints" for a husband's Days On/Away and Days Off/Home, so that couples can stay connected while apart and get along while together. Marriage SOS: Oilpatch Edition is ideal for oilpatch couples who are married, living together, dating or dealing with a blended family situation. Passion Pursuit Linda Dillow,Dr. Juli Slattery,2013-07-22 A Bible study about sex for women? Now that's different! This new study, Passion Pursuit: What Kind of Love Are You Making?, lets God's Word speak about sex as being holy and erotic, blessed by God, and satisfying far beyond what the world can even imagine. Picture that as a headline on the cover of Cosmopolitan! By using scripture throughout the Bible, Passion Pursuit not only urges women to pursue passion but details how God has given them permission to do so. Though there is fun to be had along the way in this study, it hits hard on the questions women have but are hesitant to ask, like: What does God say is okay and not okay in the bedroom? I'm 54 years old; how can my husband still be attracted to me? Why did God make men and women so different? This audaciously bold study combines the psychological expertise of Dr Juli Slattery, formerly of Focus on the Family, along with moving stories from trusted Bible teacher and best-selling author Linda Dillow. The groups who have already done this study have seen their marriages come alive, whether they've been married four months or forty years; be next!

Marriage SOS: Blended Family Edition Debra Macleod,2014-08-05 Blended family and step situations are one of the leading causes of relationship breakdown and family conflict. Love SOS Greg Dudzinski Lpc,2023-05-03 Love SOS itself at helping you achieve the Total Connection in your love life. This is where the mind, body, heart and soul are intertwined into the relationship you've always desired! I am flattered to be recognized as Love Guru Greg, and have written this book as a follow up or improvement to my first two books. Since I'm all about constant growth and improvement, I wanted to give readers more tools and thought-provoking insights to help improve their love lives. This book is dedicated to all of those who crave having a terrific, loving and passionate relationship! It's for the married, cohabiting, or those in a new

relationship. PLUS, this is for the single people with hopes in finding and maintaining a fantastic and sexually fulfilling relationship! I reiterate from my prior works: I do not use perfect English or grammar! And yes, I do swear on occasion. I get this will offend some, though I've learned a long time ago, I cannot please everyone. My style is prided on being real, genuine, compassionate, yet at the same time, a smart-ass and blunt at times. I tried writing this book, as I would be speaking to you in person. It's important for me to be genuine and not be fake, and will never present as an overly professional elitist. I will be interchanging His or Her, to reference gender aspects. No, I do not buy into all of one member of a given gender, being identical to another. Not all women are the same, and not all men are the same. My goal is to bring insights and tools in helping you have a fantastic relationship. Clients, and some other professionals seeking my assistance, roll their eyes when I tell them: I'd love to help you feel more in love, more confident, plus deeper emotionally and physically than you have ever felt before! My desire is to help you be more connected than when you first started dating; even when you first got married! As you can see, (as many of you are as well) why so many couples roll their eyes after I make this statement!;) Go ahead, be skeptical! I'm definitely okay with that! I've grown quite use to it over the years. Couples have even commented: Greg, that's fucking impossible! I just grin and simply ask: Is it? After reading this book, I firmly believe you will have a deeper, more passionate relationship than ever imagined! Though, let me be honest: if you don't implement the tools provided, nothing will improve....At the same time, I am hoping you will be more emotionally and sexually confident as an individual. I do wish I could guarantee this, though cannot. If you put in the work, and are able to look deeply into yourself and your relationship, there will be life changing gains! You can have that awesome connection you've always desired! I will say this: if you are not willing to look into that proverbial mirror and explore yourself; if you are unwilling to take responsibility for your own growth and evolution in achieving that terrific, passionate and amazing relationship, then I advise you to not waste your time; you shouldn't be reading this. I told you; I can be blunt!:) Are you ready to explore, grow and laugh too? Great! Take my hand as I help you have the relationship you've always craved. Let's jump in!

God as Love Johannes M. Oravecz,2014-04-19 Nineteenth-century Russian religious intellectuals devoted a great deal of attention to the concept of agape, or Divine Love, arguing that the Christian church is a reflection of the triune, self-sacrificing God and his love for all of creation. On account of their deliberations, these intellectuals played a key role in mediating between the Orthodox Church and modern society. In *God as Love* Johannes Oravecz presents a comprehensive summation of twenty-five prominent Russian thinkers and their thought on the concept of agape, showing in detail how they broke new ground in their various affirmations of the truth that God is love. No other book in any language treats this topic with such breadth and depth.

Quantum Love Laura Berman,2016 Once the initial intense excitement of a new relationship fades, we tend to think there are only two options: chase the impossible dream of recapturing that early magic or settle for a less than fulfilling love life. In *Quantum Love*, sex and relationship expert Laura Berman, Ph.D., the New York Times best-selling author of eight books including *For Women Only*, *Real Sex for Real Women*, and *The Passion Prescription*, offers a thrilling alternative--a higher level of love beckoning us to move forward, not backward. Using the essential truth we've learned from the study of quantum physics--the fact that at our molecular core, each of us is simply a vessel of energy--she explains how we can use what's happening in our inner world to create a level of passion, connection, and bliss in our relationships that we never imagined possible.--Provided by publisher.

Communication Research Measures Rebecca B. Rubin,Philip Palmgreen,Howard E. Sypher,2020-08-26 The development of communication as a discipline has resulted in an explosion of scales tapping various aspects of interpersonal, mass, organizational, and instructional communication. This sourcebook brings together scales that measure a variety of important communication constructs. The scales presented are drawn from areas of interpersonal, mass, organizational, and instructional communication--areas in which the use of formal, quantitative scales is particularly well developed. *Communication Research Measures* reflects the recent important emphasis on developing and improving the measurement base of the communication discipline. It results in an equal amount of labor saved on the part of the scholars, students, and practitioners who find this book useful, and it contributes in a significant way to research efforts. Originally published by Guilford Press in 1994, now available from Routledge.

Common Interest, Common Good Shirley Sagawa,Eli Segal,2000 With funding for nonprofits shrinking and global markets shaky, our business and social sectors are both confronting an increasingly uncertain future. Many organizations are searching for innovative strategies that will counter the mounting pressures felt by communities and corporations alike. *Common Interest, Common Good* argues that forward-looking businesses and social sector organizations (both nonprofit and government) can solve many of their problems by working together-while serving the common good in the process. According to Shirley Sagawa and Eli Segal, alliances between for-profit and the not-for-profit industries yield enormous benefits for both. Businesses can boost their bottom line by leveraging a nonprofit partnership to enhance their image, reach new markets, increase consumer loyalty, and build a positive reputation with current and prospective employees. The upside is just as powerful for nonprofits, because an alliance with a corporation can provide crucial funds and visibility while helping to attract new volunteers and donors. *Common Interest, Common Good* showcases many such successful partnerships, from corporate sponsorships and cause-related marketing to employee volunteer programs and school-to-work initiatives. The authors also offer some much-needed guidance for avoiding many of the pitfalls that can undermine even the best alliances. A convincing, deeply felt book by two authors who have devoted much of their careers to helping public and private sectors find profitable new ways of working together, *Common Interest, Common Good* is a guided tour of the progressive new strategies that can contribute to the purpose of our businesses and the prosperity of our communities.

Picture of Love Felicity Ng,2014-02-20 Sometimes, certain things are not what they seem. With a little bit of luck, it pays to be at the right place at the right time and Stephie Jenkins, a young photographer with no formal education but sheer talent, proved that sometimes opportunities exists are the unlikeliest places. It was a chance in a lifetime when she was offered the job of being the photographer of a rock band, which entailed touring with the band for 6 months and taking photographs for their collection. Every young girl's fantasy is to fall in love with a rock star and be swept off their feet in glitz and glamour. It started out as an infatuation on the lead singer, Chris but as time goes by, she began to develop strong feelings for him. He was involved with another girl at first and paid her minimal attention but her kindness and patience paid off in the end when he broke off with his girlfriend and started a relationship with her. However, Stephie has a secret that will tear their relationship apart. Will Chris ever forgive Stephie when he finds out and will their love survive the different curveballs thrown their way? Only time will tell.
