Calling the Soul Back Christina Garcia Lopez,2019-04-02 Spirituality has consistently been present in the political and cultural counternarratives of Chicanx literature. Calling the Soul Back focuses on the embodied aspects of a spirituality integrating body, mind, and soul. Centering the relationship between embodiment and literary narrative, Christina Garcia Lopez shows narrative as

healing work through which writers and readers ritually call back the soul—one's unique immaterial essence—into union with the body, counteracting the wounding fragmentation that emerged out of colonization and imperialism. These readings feature both underanalyzed and more popular works by pivotal writers such as Gloria Anzaldúa, Sandra Cisneros, and Rudolfo Anaya, in addition to works by less commonly acknowledged authors. *Calling the Soul Back* explores the spiritual and ancestral knowledge offered in narratives of bodies in trauma, bodies engaged in ritual, grieving bodies, bodies immersed in and becoming part of nature, and dreaming bodies. Reading across narrative nonfiction, performative monologue, short fiction, fables, illustrated children's books, and a novel, Garcia Lopez asks how these narratives draw on the embodied intersections of ways of knowing and being to shift readers' consciousness regarding relationships to space, time, and natural environments. Using an interdisciplinary approach, *Calling the Soul Back* draws on literary and Chicanx studies scholars as well as those in religious studies, feminist studies, sociology, environmental studies, philosophy, and Indigenous studies, to reveal narrative's healing potential to bring the soul into balance with the body and mind.

Calling in the Soul Patricia V. Symonds, 2014-07-01 "Calling in the Soul" (Hu Plig) is the chant the Hmong use to guide the soul of a newborn baby into its body on the third day after birth. Based on extensive original research conducted in the late 1980s in a village in northern Thailand, this ethnographic study examines Hmong cosmological beliefs about the cycle of life as expressed in practices surrounding birth, marriage, and death and considers the gender relationships evident in these practices. The Hmong (or Miao, as they are called in China, and Meo, in Thailand) have lived on the fringes of powerful Southeast Asian states for centuries. Their social framework is distinctly patrilineal, granting little direct power to women. Yet within the limits of that structure, Hmong women wield considerable influence in the spiritually critical realms of birth and death. *Calling in the Soul* will be of interest to sociocultural anthropologists, medical anthropologists, Southeast Asianists, and gender specialists. Nightlight Cara Lee Barker, 2022-02-15 In this, my third book, all I can share is those experiences of struggle I've had, in four domains. The conflicts have centered around: (1) Loss and Trauma; (2) challenges to find the best Direction, that 'now, what' dilemma; (3) battles to find and empower inner and outer Voice; and (4) conflicts arising from Love, or the appearance of its absence. You will find the four are not distinct entities, but are interwoven with one another. This is so for clients, over the last 50 years, as well. Think of these categories as bumper cars, where when one car hits an obstacle, it sets off a chain reaction. While struggles to survive each experience is painful, it has proven true that the toughest conflicts have been the most prolific seedbed for growth. The urge to grow is embedded in all creation. Blocked growth thwarts development.

The Soul's Code James Hillman, 2017-08-01 “[An] acute and powerful vision . . . offers a renaissance of humane values.”—Thomas Moore, author of *Care of the Soul* and *The Re-Enchantment of Everyday Life* Plato called it “daimon,” the Romans “genius,” the Christians “guardian angel”; today we use such terms as “heart,” “spirit,” and “soul.” While philosophers and psychologists from Plato to Jung have studied and debated the fundamental essence of our individuality, our modern culture refuses to accept that a unique soul guides each of us from birth, shaping the course of our lives. In this extraordinary bestseller, James Hillman presents a brilliant vision of our selves, and an exciting approach to the mystery at the center of every life that asks, “What is it, in my heart, that I must do, be, and have? And why?” Drawing on the biographies of figures such as Ella Fitzgerald and Mohandas K. Gandhi, Hillman argues

that character is fate, that there is more to each individual than can be explained by genetics and environment. The result is a reasoned and powerful road map to understanding our true nature and discovering an eye-opening array of choices—from the way we raise our children to our career paths to our social and personal commitments to achieving excellence in our time. Praise for *The Soul's Code* "Champions a glorious sort of rugged individualism that, with the help of an inner daimon (or guardian angel), can triumph against all odds."—The Washington Post Book World "[A] brilliant, absorbing work . . . Hillman dares us to believe that we are each meant to be here, that we are needed by the world around us."—Publishers Weekly

The Cosmos of Soul Patricia Cori, 2010-05-18 The first of the pioneering trilogy, *The Sirian Revelations*, offers cosmic wisdom to help humankind realize its highest potential. *The Cosmos of Soul* offers a bracing tonic to the shadow of war, disease, and other grim phenomena of contemporary life. The solution, according to noted clairvoyant Patricia Cori, is to awaken into the richer, more meaningful, and empowered existence that is our true fate. Through her psychic contacts with more evolved beings, Cori offers timely insights into the ethics of cloning, the dangers of the Internet, the truth about the AIDS virus, genetic engineering, and other information. Of special interest are the author's predictions of what to expect after 2012, the closing of the Mayan Calendar—a time of galactic events that may change life forever.

Calling in the Soul Patricia V. Symonds, 2004 A gold mine of information for American social scientists. It is a 'must have.' - Choice *Calling in the Soul* (Hu Plig) is the chant the Hmong use to guide the soul of a newborn baby into its body on the third day after birth. Based on extensive original research conducted in the late 1980s in a village in northern Thailand, this ethnographic study examines Hmong cosmological beliefs about the cycle of life as expressed in practices surrounding birth, marriage, and death, and the gender relationships evident in these practices. The social framework of the Hmong (or Miao, as they are called in China, and Meo, in Thailand), who have lived on the fringes of powerful Southeast Asian states for centuries, is distinctly patrilineal, granting little direct power to women. Yet within the limits of this structure, Hmong women wield considerable influence in the spiritually critical realms of birth and death. Patricia Symonds situates her study within the landscape of northern Thai mountain life and anthropological perspectives on the Hmong, and then focuses on Flower Village, telling detailed stories of births, marriages, and deaths. Recurring motifs emerge: the complementarity of women's and men's roles in daily life and in the otherworld, and their reversal at critical moments; the importance of the brother-sister relationship; the social and spiritual significance of the ceremonial clothing women create, especially their embroidered flower cloth and the ambiguously nuanced *sev*, or modesty aprons, they wear; the endlessly cyclical nature of life, from birth to death to birth again; the importance of sound and silence at times of transition; the complex connections between the land of the living and the land of the dead. Hmong women's primary source of power in the patriline is their fecundity, through which they influence key spiritual aspects of the life cycle. This value and power is evident in the division of bride-price into two parts: milk and care money, which compensates a woman's parents for her upbringing; and payment for the birth shirt, or placenta, of the child the young wife will produce. Through provision of birth shirts for fetuses and of elaborately embroidered cloth shirts for the dead, women literally clothe the soul through cycles of rebirth. An epilogue and appendixes provide a discussion of the impact of HIV/AIDS on the Hmong of Thailand, cultural factors in HIV transmission, and strategies for containment; complete Hmong texts and English translations of *Calling in the Soul*, and *Showing the Way*, the chant which guides the soul of the deceased through the land of darkness and back to reincarnation in a new body in the land of light; Flower Village demographic information; and an

account of a shamanic healing and outline of Hmong health care issues in the United States. Calling in the Soul will be of interest to sociocultural anthropologists, medical anthropologists, Southeast Asianists, and gender specialists. Patricia V. Symonds is adjunct associate professor of anthropology at Brown University. She is the coauthor (with Brooke G. Schoepf) of *HIV/AIDS: The Global Pandemic and Struggles for Control*. Despite the now quite substantial literature on the Hmong, until now, there has been very little that explores gender issues. . . . Calling in the Soul also makes a substantial contribution to our knowledge about Hmong death rites and religious beliefs. - Charles Keyes, University of Washington The volume's strength is its ethnography, . . . in the numerous engaging accounts of particular events - marriages, births, etc. - Nicola Tannebaum, Lehigh University A fascinating ethnography. Its firm grounding in an ethnic minority village in Thailand provides an interesting setting for thinking about the life cycle. - Hjordis Jonsson, Arizona State University
