HTTP/2 in Action Barry Pollard,2019-03-06 Summary HTTP/2 in Action is a complete guide to HTTP/2, one of the core protocols of the web. Because HTTP/2 has been designed to be easy to transition to, including keeping it backwards compatible, adoption is rapid and expected to increase over the next few years. Concentrating on practical matters, this interesting book presents key HTTP/2 concepts such as frames, streams, and multiplexing and explores how they affect the performance and behavior of your websites. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology HTTP–Hypertext Transfer Protocol—is the standard for exchanging messages between websites and browsers. And after 20 years, it's gotten a much-needed upgrade. With support for streams, server push, header compression, and prioritization, HTTP/2 delivers vast improvements in speed, security, and efficiency. About the Book HTTP/2 in Action teaches you everything you need to know to use HTTP/2 effectively. You'll learn how to optimize web performance with new features like frames, multiplexing, and push. You'll also explore real-world examples on advanced topics like flow control and dependencies. With ready-to-implement tips and best practices, this practical guide is sure to get you—and your websites—up to speed! What's Inside HTTP/2 for web developers Upgrading and troubleshooting Real-world examples and case studies QUIC and HTTP/3 About the Reader Written for web developers and site administrators. About the Authors Barry Pollard is a professional developer with two decades of experience developing, supporting, and tuning software and infrastructure. Table of Contents PART 1 MOVING TO HTTP/2 Web technologies and HTTP The road to HTTP/2 Upgrading to HTTP/2 PART 2 USING HTTP/2 HTTP/2 protocol basics Implementing HTTP/2 push Optimizing for HTTP/2 PART 3 ADVANCED HTTP/2 Advanced HTTP/2 concepts HPACK header compression PART 4 THE FUTURE OF HTTP TCP, QUIC, and HTTP/3 Where HTTP goes from here

Virtue Hermione Hoby,2022-07-19 Named a Summer Must Read by Wall Street Journal, Elle, Harper's Bazaar, Entertainment Weekly, Glamour, Esquire, Bustle, Town & Country, Good Housekeeping, Refinery29, and more "[Hoby] might have just written the defining New York City novel of our fraught, socially anxious, and politically tumultuous times." –Interview "Intense and addictive." –New York Times A powerful novel of youth, desire, and moral conflict, in which a young man is seduced by the mirage of glamour—at terrible cost. Arriving in New York City for an internship at an elite but fading magazine, Luca feels invisible: smart but not worldly, privileged but broke, and uncertain how to navigate a new era of social change. Among his peers is Zara, a young Black woman whose sharp wit and frank views on injustice create tension in the office, especially in the wake of a shock election that's irrevocably destabilized American life. In the months that follow, as the streets of New York fill with pink-hatted protesters and the magazine faces a changing of the guard, Luca is taken under the wing of an attractive and wealthy white couple—Paula, a prominent artist, and Jason, her filmmaker husband—whose lifestyle he finds both alien and alluring. With the coming of summer, Luca is swept up in the fever dream of their marriage, accepting an invitation to join the couple and their children at their beach house, and nurturing an infatuation both frustrating and dangerous. Only after he learns of a spectacular tragedy in the city he has left behind does he begin to realize the moral consequences of his allegiances. In language at once lyrical and incisive, Virtue offers a clear-eyed, unsettling story of the allure of privilege and the costs of complacency, from a writer of astonishing acuity and vision.

Together with Christ - A Dating Couples Devotional Chelsea Damon,2018-12-11 Designed as a weekly devotional, this book contains 52 chapters of Bible studies--one for each week of the year--that you and your partner can use to inspire discussion and strengthen your bond to each other and God. Applying scripture to real relationship tests, these practical devotionals delve into topics that include a healthy view of intimacy, family matters, work and money, and more--Back cover

Nature Obscura Kelly Brenner,2020-02-26 With wonder and a sense of humor, Nature Obscura author Kelly Brenner aims to help us rediscover our connection to the natural world that is just outside our front door--we just need to know where to look. Through explorations of a rich and varied urban landscape, Brenner reveals the complex micro-habitats and surprising nature found in the middle of a city. In her hometown of Seattle, which has plowed down hills, cut through the land to connect fresh- and saltwater, and paved over much of the rest, she exposes a diverse range of strange and unknown creatures. From shore to wetland, forest to neighborhood park, and graveyard to backyard, Brenner uncovers how our land alterations have impacted nature, for good and bad, through the wildlife and plants that live alongside us, often unseen. These stories meld together, in the same way our ecosystems, species, and human history are interconnected across the urban environment.

Summer Juice Johnathan Wynn,2020-07-31 Summer Juice is the vivid imagery of the innovative storytelling style curated by the mind of NFL Defensive End Jonathan Wynn, known to the world as Wayback Wynn. Filled with recollections and fond memories of the good old days when millennials donned Sean Jean, and Air Force Ones. Innocent traces of summer love and nostalgia atop pages recount sweet memories of an unforgettable coming of age tale, where the sun never ceases to shine.

Fire Safety Risk Assessment Great Britain: Department for Communities and Local Government,2006-06-12 Fire Safety in Educational Premises

She Wants It Jill Soloway,2018-10-16 New York Times Editors' Choice In this poignant memoir of personal transformation, Jill Soloway takes us on a patriarchy-toppling emotional and professional journey. When Jill's parent came out as transgender, Jill pushed through the male-dominated landscape of Hollywood to create the groundbreaking and award-winning Amazon TV series Transparent. Exploring identity, love, sexuality, and the blurring of boundaries through the dynamics of a complicated and profoundly resonant American family, Transparent gave birth to a new cultural consciousness. While working on the show and exploding mainstream ideas about gender, Jill began to erase the lines on their own map, finding their voice as a director, show creator, and activist. She Wants It: Desire, Power, and Toppling the Patriarchy moves with urgent rhythms, wild candor, and razor-edged humor to chart Jill's evolution from straight, married mother of two to identifying as queer and nonbinary. This intense and revelatory metamorphosis challenges the status quo and reflects the shifting power dynamics that continue to shape our collective worldview. With unbridled insight that offers a rare front seat to the inner workings of the #metoo movement and its aftermath, Jill captures the zeitgeist of a generation with thoughtful and revolutionary ideas about gender, inclusion, desire, and consent.

Principles of Marketing Gary M. Armstrong,Stewart Adam,Sara Marion Denize,Michael Volkov,Philip Kotler,2018 An introduction to marketing concepts, strategies and practices with a balance of depth of coverage and ease of learning. Principles of Marketing keeps pace with a rapidly changing field, focussing on the ways brands create and capture consumer value. Practical content and linkage are at the heart of this edition. Real local and international examples bring ideas to life and new

feature 'linking the concepts' helps students test and consolidate understanding as they go. The latest edition enhances understanding with a unique learning design including revised, integrative concept maps at the start of each chapter, end-of-chapter features summarising ideas and themes, a mix of mini and major case studies to illuminate concepts, and critical thinking exercises for applying skills.

Count Your Lucky Stars Alexandria Bellefleur, 2022-02-01 Bellefleur has a droll, distinct voice, and her one-liners zing off the page, striking both the heart and funny bone... There's a sparkling quality here, one that mirrors the starry title. Bellefleur writes as if she's captured fairy lights in a mason jar, twinkly and lovely within something solid yet fragile. – Entertainment Weekly Following Written in the Stars and Hang the Moon, Lambda Literary Award winner and national bestselling author Alexandria Bellefleur pens another steamy queer rom-com about former best friends who might be each other's second chance at love... Margot Cooper doesn't do relationships. She tried and it blew up in her face, so she'll stick with casual hookups, thank you very much. But now her entire crew has found the one and she's beginning to feel like a fifth wheel. And then fate (the heartless bitch) intervenes. While touring a wedding venue with her engaged friends, Margot comes face-to-face with Olivia Grant—her childhood friend, her first love, her first... well, everything. It's been ten years, but the moment they lock eyes, Margot's cold, dead heart thumps in her chest. Olivia must be hallucinating. In the decade since she last saw Margot, her life hasn't gone exactly as planned. At almost thirty, she's been married... and divorced. However, a wedding planner job in Seattle means a fresh start and a chance to follow her dreams. Never in a million years did she expect her important new client's Best Woman would be the one that got away. When a series of unfortunate events leaves Olivia without a place to stay, Margot offers up her spare room because she's a Very Good Person. Obviously. It has nothing to do with the fact that Olivia is as beautiful as ever and the sparks between them still make Margot tingle. As they spend time in close quarters, Margot starts to question her no-strings stance. Olivia is everything she's ever wanted, but Margot let her in once and it ended in disaster. Will history repeat itself or should she count her lucky stars that she gets a second chance with her first love?

Protocol Alexander R. Galloway, 2006-02-17 How Control Exists after Decentralization Is the Internet a vast arena of unrestricted communication and freely exchanged information or a regulated, highly structured virtual bureaucracy? In Protocol, Alexander Galloway argues that the founding principle of the Net is control, not freedom, and that the controlling power lies in the technical protocols that make network connections (and disconnections) possible. He does this by treating the computer as a textual medium that is based on a technological language, code. Code, he argues, can be subject to the same kind of cultural and literary analysis as any natural language; computer languages have their own syntax, grammar, communities, and cultures. Instead of relying on established theoretical approaches, Galloway finds a new way to write about digital media, drawing on his backgrounds in computer programming and critical theory. Discipline-hopping is a necessity when it comes to complicated socio-technical topics like protocol, he writes in the preface. Galloway begins by examining the types of protocols that exist, including TCP/IP, DNS, and HTML. He then looks at examples of resistance and subversion—hackers, viruses, cyberfeminism, Internet art—which he views as emblematic of the larger transformations now taking place within digital culture. Written for a nontechnical audience, Protocol serves as a necessary counterpoint to the wildly utopian visions of the Net that were so widespread in earlier days.

Fish for Life J. Kooiman, 2005 An interdisciplinary survey addressing the problems of overfishing worldwide, and the best way forward toward good ecological practice and global cooperative governance.

The Devil's Alternative Frederick Forsyth, 2012-09-04 #1 New York Times bestselling author Frederick Forsyth delivers a frighteningly possible novel of international terrorism and impending war... As the Russian people face starvation, the Politburo is faced with a hard choice: negotiate with America for food, go to war for national survival, or deal with an uprising in the motherland. Through an informant, British Agent Adam Munro learns that the situation is growing dangerously tense, with powerful forces in the USSR maneuvering for supremacy. But even as East and West conduct delicate talks, events spiral out of control and threaten to undo every step taken. The world's largest oil tanker is hijacked by terrorists, and a Ukrainian "freedom fighter" is rescued in a bloody catastrophe on the Black Sea. From Moscow to Washington, the stakes grow ever more perilous as the mad actions of a few threaten to engulf the entire world in nuclear war—unless Munro can stop them.

The Last Republicans Mark K. Updegrave, 2017-11-21 A groundbreaking look at the lives of George H. W. Bush and George W. Bush, the most consequential father-son pair in American history, often in their own words. In this endearing, illuminating work, presidential historian Mark K. Updegrave tracks the two Bush presidents from their formative years through their post-presidencies and the failed presidential candidacy of Jeb Bush, derailing the Bush presidential dynasty. Drawing extensively on exclusive access and interviews with both Bush presidents, Updegrave reveals for the first time their influences and perspectives on each other's presidencies; their views on family, public service, and America's role in the world; and their unvarnished thoughts on Donald Trump, and the radical transformation of the Republican Party he now leads. In 2016 George W. Bush lamented privately that he might be "the last Republican president." Donald Trump's election marked the end not only to the Bushes' hold on the White House, but of a rejection of the Republican principles of civility and international engagement and leadership that the Bushes have long championed. The Last Republicans offers revealing and often moving portraits of the forty-first and forty-third presidents, as well as an elegy for the Republican "establishment," which once stood for putting the interests of the nation over those of any single man.

The Salmon Sisters: Feasting, Fishing, and Living in Alaska Emma Teal Laukitis, Claire Neaton, 2020-04-07 Introducing Alaska's answer to the Pioneer Woman: Two sisters share their remarkable life story as fisherwomen of the Aleutian Islands—plus 50 sustainable seafood recipes that honor the beauty of wild foods. Share in the remarkable and wild lives of Emma Teal Laukitis and Claire Neaton, the Salmon Sisters, who grew up on a homestead in the Aleutians where the family ran a commercial fishing boat in the Alaskan sea. Their book reveals through stories, recipes, and photography this outward-bound lifestyle of natural bounty, the honest work on a boat's deck, and the wholesome food that comes from local waters and land. Here are creative and simple ways to enjoy wild salmon, halibut, and spot prawns, as well as simple crafts and ideas for exploring the natural world. The sisters are committed to sustaining and celebrating the seafaring community in Alaska, and their business of selling products related to and from the ocean donates a can of wild-caught fish to local food banks for each item purchased. "To flip through the pages of Emma Teal Laukities's and Claire Neaton's new cookbook . . . is to be whisked away on an adventure in the country's northernmost state." —Martha Stewart

Kicking Back Nedum Onuoha,2022-05-17 A searingly honest account ... Nedum tells it like he played, with nothing left out. – Guy Mowbray, Match of the Day A frank, thought-provoking and compelling insight into one of football's most articulate voices. – Rory Smith, New York Times chief soccer correspondent Nedum Onuoha's autobiography is considerably more compelling than most of those by more decorated players. – When Saturday Comes *** Nedum Onuoha was not a typical footballer. Picked by the Manchester City Academy aged ten, he was determined to continue his education despite the lure of a career under the floodlights. Fiercely intelligent on and off the pitch, Onuoha developed into a talented defender and played his part in City's meteoric rise. In this characteristically forthright book, Onuoha reveals what goes on behind the scenes at top-tier clubs. Stuffed with insights into household names like Stuart Pearce, Sven-Göran Eriksson, Roberto Mancini and Harry Redknapp, this is football and its most famous figures as you've never seen them before. Kicking Back is also the story of one man's search for identity: as a footballer, as a black man in England and as an outsider in the US during the 2020 Black Lives Matter protests. What is it like to receive horrific racist abuse while doing your job? And how has football failed the black community? Onuoha provides a damning assessment of the sport's authorities as he dives deep into a life spent on the pitch.

My Father, Marconi Degna Marconi,2001 The daughter of Guglielmo Marconi draws upon her father's personal journals and letters as well as from scientific and historical records to chronicle the life and profession of the internationally known inventor.

The Rose Bowl Michelle L. Turner,Pasadena Museum of History,2010-09-13 The Rose Bowl is best known for playing host to the “granddaddy of them all”—the much anticipated major college football game held every January 1. It has further secured its place in sports history by playing host to Super Bowls, BCS football championships, Olympic games, and World Cup finals. For the residents of Pasadena, the Rose Bowl is also an important community center. In addition to football games (and Caltech pranks), many Pasadenans remember graduating at the bowl. Over the years, the Rose Bowl has held numerous concerts, peace rallies, festivals, flea markets, and Fourth of July celebrations. And the structure itself, designed by architect Myron Hunt, is seen by many as a proud testament to Pasadena’s commitment to architectural innovation. The photographs in this book, many from the archives of the Pasadena Museum of History, highlight the Rose Bowl’s memorable sports moments as well as the stadium’s unique role in Pasadena’s cultural life.

Twilight Stephenie Meyer,2007-07-18 Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a literary phenomenon and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe, especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, *Twilight* captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of *Twilight* with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. People do not want to just read Meyer's books; they want to climb inside them and live there. -- Time A literary phenomenon. -- The New York Times

A Century of Spells Carolyn Elliott,2020-03 A smart, sexy guide to embracing the repressed, tabooed, and often unwanted aspects of ourselves so we can discover our inner power and finally live the life we deserve. 'We always get exactly what we want; but often, though we may not be aware of it, what we most want is dark - very dark. Each of us has a dual nature: we are light (conscious) and dark (unconscious). The dark side of our personality - the other, the shadow side - is made up of what we think is our primitive, primal, negative impulses - our existential kink. Our existential kink also drives the dark or negative repeating patterns in our life: always choosing the abusive partner or boss, settling for less, thinking that we're undeserving, not worthy. But it also is the source of our greatest power. In *Existential Kink*, Carolyn Elliot, PhD, offers a truth-telling guide for bringing our shadow into the light. Inviting us to make conscious the unconscious, Elliot asks us to own the subconscious pleasure we get from the stuck, painful patterns of our existence. *Existential Kink* provides practical advice and meditations so we truly see our shadow side's guilty pleasures, love and accept them, and integrate them into our whole being. By doing so, Elliot shows, we bring to life the raw, hot, glorious power we all have to get what we really want in our lives.

Language, Culture, and Mind Paul Kockelman,2010-02-18 Based on fieldwork carried out in a Mayan village in Guatemala, this book examines local understandings of mind through the lens of language and culture. It focuses on a variety of grammatical structures and discursive practices through which mental states are encoded and social relations are expressed: inalienable possessions, such as body parts and kinship terms; interjections, such as 'ouch' and 'yuck'; complement-taking predicates, such as 'believe' and 'desire'; and grammatical categories such as mood, status and evidentiality. And, more generally, it develops a theoretical framework through which both community-specific and human-general features of mind may be contrasted and compared. It will be of interest to researchers and students working within the disciplines of anthropology, linguistics, psychology, and philosophy.
