Everybody Loves Our Town Mark Yarm,2011-09-06 Twenty years after the release of Nirvana’s landmark album Nevermind comes Everybody Loves Our Town: An Oral History of Grunge, the definitive word on the

grunge era, straight from the mouths of those at the center of it all. In 1986, fledgling Seattle label C/Z Records released Deep Six, a compilation featuring a half-dozen local bands: Soundgarden, Green River, Melvins, Malfunkshun, the U-Men and Skin Yard. Though it sold miserably, the record made music history by documenting a burgeoning regional sound, the raw fusion of heavy metal and punk rock that we now know as grunge. But it wasn't until five years later, with the seemingly overnight success of Nirvana's "Smells Like Teen Spirit," that grunge became a household word and Seattle ground zero for the nineties alternative-rock explosion. Everybody Loves Our Town captures the grunge era in the words of the musicians, producers, managers, record executives, video directors, photographers, journalists, publicists, club owners, roadies, scenesters and hangers-on who lived through it. The book tells the whole story: from the founding of the Deep Six bands to the worldwide success of grunge's big four (Nirvana, Pearl Jam, Soundgarden and Alice in Chains); from the rise of Seattle's cash-poor, hype-rich indie label Sub Pop to the major-label feeding frenzy that overtook the Pacific Northwest; from the simple joys of making noise at basement parties and tiny rock clubs to the tragic, lonely deaths of superstars Kurt Cobain and Layne Staley. Drawn from more than 250 new interviews—with members of Nirvana, Pearl Jam, Soundgarden, Alice in Chains, Screaming Trees, Hole, Melvins, Mudhoney, Green River, Mother Love Bone, Temple of the Dog, Mad Season, L7, Babes in Toyland, 7 Year Bitch, TAD, the U-Men, Candlebox and many more—and featuring previously untold stories and never-before-published photographs, Everybody Loves Our Town is at once a moving, funny, lurid, and hugely insightful portrait of an extraordinary musical era.

More Than Illustrated Music Kathrin Dreckmann, Elfi Vomberg, 2023-02-23 The genre of the video clip has been established for more than thirty years, mainly served by the sub genres of video art and music video. This book explores processes of hybridization between music video, film, and video art by presenting current theoretical discourses and engaging them through interviews with well-known artists and directors, bringing to the surface the crucial questions of art practice. The collection discusses topics including postcolonialism, posthumanism, gender, race and class and addresses questions regarding the hybrid media structure of video, the diffusion between content and form, art and commerce as well as pop culture and counterculture. Through the diversity of the areas and interviews included, the book builds on and moves beyond earlier aesthetics-driven perspectives on music video.

British Music Videos 1966 - 2016 Caston Emily Caston, 2020-07-31 Based on new archival evidence and interviews, and setting out a new theoretical framework for music video analysis, Emily Caston presents a major new analysis of music videos from 1966-2016, identifying not only their distinctive British traits, but their parallels with British film genres and styles. By analysing the genre, craft and authorial voice of music video within the context of film and popular music, the book sheds new light on existing theoretical and historical questions about audiences, authorship, art and the creative industries. Far from being an American cultural form, the book reveals music video's roots in British and European film traditions, and suggests significant ways in which British video has impacted popular film and music culture.
