The Neoliberal Agenda and the Student Debt
Crisis in U.S. Higher Education Nicholas D.
Hartlep,Lucille L.T. Eckrich,Brandon O.

Hensley,2017-05-18 Capturing the voices of
Americans living with student debt in the United
States, this collection critiques the neoliberal
interest-driven, debt-based system of U.S. higher
education and offers alternatives to neoliberal

capitalism and the corporatized university. Grounded in an understanding of the historical and political economic context, this book offers auto-ethnographic experiences of living in debt, and analyzes alternatives to the current system. Chapter authors address real questions such as, Do collegians overestimate the economic value of going to college? and How does the monetary system that student loans are part of operate? Pinpointing how developments in the political economy are accountable for students' university experiences, this book provides an authoritative contribution to research in the fields of educational foundations and higher education policy and finance.
