### **Dr Space Junk vs The Universe Alice**

Gorman, 2019-04-01 Going boldly forth as a pioneer in the fledgling field of space archaeology, Dr Alice Gorman (aka Dr Space Junk) turns the common perception of archaeology as an exploration of the ancient on its head. Her captivating inquiry into the most modern and daring of technologies spanning some 60 years – a mere speck in cosmic terms – takes the reader on a journey which captures the relics of space forays and uncovers the cultural value of detritus all too readily dismissed as junk. In this book, she takes a physical journey through the solar system and beyond, and a conceptual journey into human interactions with space. Her tools are artefacts, historical explorations, the occasional cocktail recipe, and the archaeologist's eye applied not only to the past, but the present and future as well. Erudite and playful, Dr Space Junk reveals that space is not as empty as we might think. And that by looking up and studying space artefacts, we learn an awful lot about our own culture on earth. She makes us realise that objects from the past – the material culture produced by the Space Age and beyond – are so significant to us now because they remind us of what we might want to hold onto into the future. 'As charming as it is expert, as gripping as it is surprising, Dr Space Junk vs The Universe deftly threads together the cosmic and the personal, the stupendousness of space with the lived experience of human beings down here.' – Adam Roberts, author of Gradisil

**Live Free or Die** Ernest Hebert, 2021-08-01 The struggle between the rural working class and the upper crust intensifies in this turning-point novel of the Darby Chronicles as Freddy Elman, son of the town trash collector, and Lilith Salmon, daughter of a prestigious family, embark on their

ill-fated love affair. Seeing Darby through new eyes, Freddy comes to realize that the kind of people who hunkered down among these tree-infested, rock-strewn hills is dying out, replaced by people with money, education, culture, people 'wise in the ways of the world.' As that world increasingly intervenes, the lovers' attempt to bridge the chasm that divides their class-alienated families inevitably collapses in Hebert's tragic tale that echoes Shakespeare's Romeo and Juliet. This is a book for anyone interested in local politics, privilege, and poverty, all embedded in a story of love and death in the woods and on the ledges of the Granite State.

*Moral Disorder* Margaret Atwood, 2010-12-17 Atwood triumphs with these dazzling, personal stories in her first collection since *Wilderness Tips*. In these ten interrelated stories Atwood traces the course of a life and also the lives intertwined with it, while evoking the drama and the humour that colour common experiences – the birth of a baby, divorce and remarriage, old age and death. With settings ranging from Toronto, northern Quebec, and rural Ontario, the stories begin in the present, as a couple no longer young situate themselves in a larger world no longer safe. Then the narrative goes back in time to the forties and moves chronologically forward toward the present. In “The Art of Cooking and Serving,” the twelve-year-old narrator does her best to accommodate the arrival of a baby sister. After she boldly declares her independence, we follow the narrator into young adulthood and then through a complex relationship. In “The Entities,” the story of two women haunted by the past unfolds. The magnificent last two stories reveal the heartbreaking old age of parents but circle back again to childhood, to complete the cycle. By turns funny, lyrical, incisive, tragic, earthy, shocking, and deeply

personal, Moral Disorder displays Atwood's celebrated storytelling gifts and unmistakable style to their best advantage. This is vintage Atwood, writing at the height of her powers.

*The Hope Flower* Joy Dettman, 2021-03-30 From the bestselling author of *Mallawindy* and the *Woody Creek* series comes a story of love and survival. Lori Smyth-Owen isn't your average teenager - as you'd expect from the only girl in a family of twelve. Or they were a family, until their father took his own life to escape his bed-bound wife, too obese to leave her room. But for Lori and the remaining brothers, there is no escape from their volatile, mentally unstable mother. They raise themselves away from the gaze of the authorities, realising that though abandoned, they are now in charge. They can control everything, including their mother's food intake. In time, their mother emerges, after losing two-thirds of her body weight. But does she bring with her the seed of hope for a better future, or will all hell break loose? 'The texture of the writing as well as the mind-boggling plots give her books a fatally addictive attraction' *Saturday Age*

Live Through This Sabrina Chapadjiev, 2011-01-04 "The 21 artists, who share their stories of madness, trauma, addiction, abuse and self-destruction, and their relationship to art, leave no vulnerable detail unwritten."—Shameless A visceral look at the bizarre entanglement of destructive and creative forces, *Live Through This* is a collection of original stories, essays, artwork, and photography. It explores the use of art to survive abuse, incest, madness and

depression, and the often deep-seated impulse toward self-destruction including cutting, eating disorders, and addiction. Here, some of our most compelling cartoonists, novelists, poets, dancers, playwrights, and burlesque performers traverse the pains and passions that can both motivate and destroy women artists, and mark a path for survival. Taken together, these artful reflections offer an honest and hopeful journey through a woman's silent rage, through the power inherent in struggles with destruction, and the ensuing possibilities of transforming that burning force into the external release of art. With contributions by Nan Goldin, bell hooks, Patricia Smith, Cristy C. Road, Carol Queen, Annie Sprinkle, Elizabeth Stephens, Carolyn Gage, Eileen Myles, Fly, Diane DiMassa, Bonfire Madigan Shive, Inga Muscio, Kate Bornstein, Toni Blackman, Nicole Blackman, Silas Howard, Daphne Gottlieb, and Stephanie Howell.

**Trash Talk** Michelle Mulder, 2015-04-01 Humans have always generated garbage, whether it's a chewed-on bone or a broken cell phone. Our landfills are overflowing, but with some creative thinking, stuff we once threw away can become a collection of valuable resources just waiting to be harvested. *Trash Talk* digs deep into the history of garbage, from Minoan trash pits to the Great Pacific Garbage Patch, and uncovers some of the many innovative ways people all over the world are dealing with waste.

**Heroines, new edition** Kate Zambreno, 2024-03-05 A manifesto reclaiming the wives and mistresses of literary modernism that inspired a generation of writers and scholars, reissued after more than a decade. I am beginning to realize that taking the self out of our essays is a form of repression. Taking the self out feels like obeying a gag

order—pretending an objectivity where there is nothing objective about the experience of confronting and engaging with and swooning over literature. On the last day of December 2009, Kate Zambreno, then an unpublished writer, began a blog called *Frances Farmer Is My Sister*, arising from her obsession with literary modernism and her recent transplantation to Akron, Ohio, where her partner held a university job. Widely reposted, Zambreno's blog became an outlet for her highly informed and passionate rants and melancholy portraits of the fates of the modernist “wives and mistresses, reclaiming the traditionally pathologized biographies of Vivienne Eliot, Jane Bowles, Jean Rhys, and Zelda Fitzgerald: writers and artists themselves who served as male writers' muses only to end their lives silenced, erased, and institutionalized. Over the course of two years, *Frances Farmer Is My Sister* helped create a community of writers and devised a new feminist discourse of writing in the margins and developing an alternative canon. In *Heroines*, Zambreno extends the polemic begun on her blog into a dazzling, original work of literary scholarship. Combing theories that have dictated what literature should be and who is allowed to write it—she traces the genesis of a cultural template that consistently exiles feminine experience to the realm of the “minor,” and diagnoses women for transgressing social bounds. “ANXIETY: When she experiences it, it's pathological,” writes Zambreno. “When he does, it's existential.” With *Heroines*, Zambreno provided a model for a newly subjectivized criticism, prefiguring many group biographies and forms of autotheory and hybrid memoirs that were to come in the years to follow. A book that has become its own canon, *Heroines* was named one of the 50 Books that define the past 5 Years in Literature by Flavorwire, an Essential Feminist Manifesto by Dazed, and one of the 50

Greatest Books by Women in Buzzfeed.
