Space Junk Richard Hantula,Isaac Asimov,2005-12-15 Describes what can cause space debris, the problems it can cause, and how to clean up the pollution of space around the Earth and beyond.

Dr Space Junk vs The Universe Alice Gorman,2020-11-10 A pioneering space archaeologist explores artifacts left behind in space and on Earth, from moon dust to Elon Musk's red sports car. Alice Gorman is a space archaeologist: she examines the artifacts of human encounters with space. These objects, left behind on Earth and in space, can be massive (dead satellites in eternal orbit) or tiny (discarded zip ties around a defunct space antenna). They can be bold (an American flag on the moon) or hopeful (messages from Earth sent into deep space). They raise interesting questions: Why did Elon Musk feel compelled to send a red Tesla into space? What accounts for the multiple rocket-themed playgrounds constructed after the Russians launched Sputnik? Gorman—affectionately known as “Dr Space Junk” —takes readers on a journey through the solar system and beyond, deploying space artifacts, historical explorations, and even the occasional cocktail recipe in search of the ways that we make space meaningful. Engaging and erudite, Gorman recounts her background as a (nonspace) archaeologist and how she became interested in space artifacts. She shows us her own piece of space junk: a fragment of the fuel tank insulation from Skylab, the NASA spacecraft that crash-landed in Western Australia in 1979. She explains that the conventional view of the space race as “the triumph of the white, male American astronaut” seems inadequate; what really interests her, she says, is how everyday people engage with space. To an archaeologist, objects from the past are significant because they remind us of what we might want to hold on to in the future.

They are exploring the history of space flight when a series of destructive events threatens life on EarthOne. The campers, assisted by Cyrus the robotron, ancient cell phones, old spy satellites, and space-based laser platforms, battle an invisible genius trying to destroy their home planet.

Space Junk Andrew Bixler,2019-11-22 Adam Jones is just another broke scrapper combing his little slice of space for the semi-valuable trash that litters its dark corners. He spends most of his days inside his junker, the Asteroid Jones II, drinking beer, watching ancient horror movies, and evading debt collectors. But life for Adam gets a lot more complicated when he discovers a mysterious object that attracts the attention of powerful and bumbling forces from around the universe. With the help of his wily grandfather and a mysterious feline stranger, Adam risks life and love in pursuit of financial freedom, even as the rest of the universe threatens to reduce him to space dust.

Jib and the Space Junk Ky Adams,2017-02-12 Jib loves his job as an alien trash man. He zaps away all the space junk he finds to keep space nice and tidy. Space Junk Rory Barnes,2011-01-01 Earth, the fantasy: the green, storied world where mankind originated. Earth, the reality: the junk planet, a dirty, dangerous place filled with detention camps, gangs and gangsters, flop houses, body parts factories, and a lawless immigrant community of aliens and humans. Ned believes the refugees from outer space have been interbreeding with cockroaches the size of dinosaurs. Em, pretty and slim, is seeking asylum; she thinks that Earth is unbelievably primitive.
