Whether your child is 3 and asking questions about bodies and sex and babies, or thirteen and facing difficult decisions and concerns about their own sexuality, this book is for you. With sensitivity, honesty, and a good deal of humour, Meg Hickling addresses the real questions she has been asked during her 20-plus years spent working with children of all ages. This book provides practical, up-to-date no-nonsense suggestions and encouragement for parents addressing sexuality and sexual health issues with their children. Updated and reorganised, this new edition provides the same great age-appropriate information as the best-selling first edition.

Eight Dates John Gottman, Julie Schwartz

Gottman, Doug Abrams, Rachel Carlton

Abrams, 2019-02-05 Whether you're newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. "Happily ever after" is not by chance, it's by choice— the choice each person in a relationship makes to remain open, remain curious, and, most of all, to

keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it's about both of you being active and involved.

Archangels Speak Margaret Doner, 2008-03 Are angels real, or imaginary? Can they really save your life or intervene in your destiny? If they are real, can we talk to them like we would a good friend? Do they hear our thoughts and know our every deed? Do angels have opinions or judge us? *Archangels Speak*, answers these and many other questions. The best way to use angels in your life is to think of them as a means to bring you into alignment with your Higher Truth and Higher Self.

When we get stuck in defensive points of view, operating primarily from the defended ego, we often get ourselves into ruts and patterns that make us miserable. With the angel's words, this book helps to bump us out of that ego mind and into something grander. It asks us to consider Love before hate and challenges us to think in new ways.

Transmitting Minority Languages Michael Hornsby, Wilson McLeod, 2022-04-13 This book gives fresh insight into the diverse ways in which the transmission of minority and heritage languages is carried out in a range of sociolinguistic contexts. When traditional modes of intergenerational transmission begin to break down, minority language and diaspora communities resort to other modes of transmission, out of necessity, to complement traditional mechanisms and secure language maintenance. This volume brings together a broad range of studies of these alternative modes of transmission, examining the complex and diverse practical, ideological and personal challenges that arise in different settings. Beyond addressing the dynamics of language use within the home and family, the book also emphasises the importance of the participation of the minority community itself in language and cultural transmission. These mechanisms and initiatives, sometimes overlooked or dismissed in the academic literature, will prove to be essential in maintaining and ensuring

the survival of minority and heritage languages into the 21st century and beyond. The twelve chapters in the book are divided into four sections (intergenerational transmission; transmission in post-traditional families; alternatives to 'traditional' transmission; and transmission in diasporic contexts), and the language contexts, both minoritised and diasporic, which are discussed include Basque, Breton, Galician, Guernesais, Irish, Māori, Russian, Scottish Gaelic, Sorbian and Spanish. This book will be of interest to students and scholars of sociolinguistics, language acquisition, heritage language maintenance and revitalization, and language policy and planning.
