Accelerated Spanish is the proven method that has trained hundreds of students, bringing dozens to fluency in a very short period of time. Language Hacking Spanish Benny Lewis,2017-03-28 It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and

conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only other people can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Travel as a Political Act Rick Steves, 2018-02-06 Change the world one trip at a time. In this illuminating collection of stories and lessons from the road, acclaimed travel writer Rick Steves shares a powerful message that resonates now more than ever. With the world facing divisive and often frightening events, from Trump, Brexit, and Erdogan, to climate change, nativism, and populism, there's never been a more important time to travel. Rick believes the risks of travel are widely exaggerated, and that fear is for people who don't get out much. After years of living out of a suitcase, he still marvels at how different cultures find different truths to be self-evident. By sharing his experiences from Europe, Central America, Asia, and the Middle East, Rick shows how we can learn more about our own country by viewing it from afar. With gripping stories from Rick's decades of exploration, this fully revised edition of *Travel as a Political Act* is an antidote to the current climate of xenophobia. When we travel thoughtfully, we bring back the most beautiful souvenir of all: a broader perspective on the world that we all call home. All royalties from the sale of *Travel as a Political Act* are donated to support the work of Bread for the World, a non-partisan organization working to end hunger at home and abroad.

3 Minute Spanish: Lessons 1-3 Kieran Ball, 2016-12-04 The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute Spanish. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute Spanish methodology after trying lots of different courses, books and CDs. I noticed that most Spanish courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of Spanish courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute Spanish, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as

much as them! People who have spent years unsuccessfully studying Spanish have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages. NIAL COLLINS This is fantastic. Everything you learn just stays in your head. YUVRAJ VASWANIS The course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language. LOU CHARON The teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast. SAM DOYLE I love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever! HAPPY DEE Excellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!! MOLLIE DISHAL This method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!
