German Existentialism Martin Heidegger, 2014-11-04 These pro-Nazi speeches by the author Being and Time are collected here to demonstrate the truly dark and shameful turn taken by the eminent philosopher. "On the day of German Labor, on the day of the Community of the People, the Rector of Freiburg University, Dr. Martin Heidegger, made his official entry into the National Socialist Party." And so begins one of the most controversial texts available today. Heidegger, a German Nationalist and proud Nazi, thoroughly examines the history, the philosophy, and the rise to power of the Nazi movement in Germany. Martin Heidegger's distinguished Italian colleague, Professor Benedetto Croce, said of his German contemporary, "This man dishonors philosophy and that is an evil for politics too." Croce's severe rebuke was not singular at the time when Hitlerism was rampant over Europe. It is true that among the almost one thousand professional philosophers of Germany and Austria only very few actively opposed National Socialism. On the other hand, no one degraded his history profession in the way that Heidegger did, by becoming a spokesman for National socialism and attempting to mold his theories into one pattern with Hitlerism.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

The Parliament of Man Paul Kennedy, 2007-09-04 The Parliament of Man is the first definitive history of the United Nations, from one of America's greatest living historians. Distinguished scholar Paul Kennedy, author of the bestselling The Rise and Fall of Great Powers, gives us a thorough and timely account that explains the UN's roots and functions while also casting an objective eye on its effectiveness and its prospects for success in meeting the challenges that lie ahead. Kennedy shows the UN for what it is: fallible, human-based, often dependent on the whims of powerful national governments or the foibles of individual administrators—yet also utterly indispensable. With his insightful grasp of six decades of global history, Kennedy convincingly argues that it is difficult to imagine how much more riven and ruinous our world of six billion people would be if there had been

no UN.

Leaving Paradise Simone Elkeles, 2013-03-28 Nothing has been the same since Caleb Becker left a party drunk, got behind the wheel and hit Maggie Armstrong. Even after months of painful physical therapy, Maggie walks with a limp. Her social life is nil and a scholarship to study abroad - her chance to escape everyone and their pitying stares - has been cancelled. After a year in juvenile jail, Caleb's free ...if freedom means endless nagging from a transition coach and the prying eyes of the entire town. Coming home should feel good, but his family and ex-girlfriend seem like strangers. But despite the horror of their shared history, somehow Caleb and Maggie can't seem to stay away from each other, with the heat and attraction between them becoming undeniable to them both. Feeling like outsiders, they find comfort in each other, they realise that sometimes the person who hurts you most, can be the person who heals you too.

Sociolinguistic Variation in Contemporary French Kate Beeching, Nigel Armstrong, Françoise Gadet, 2009-10-14 Divided into three main sections on Phonology, Syntax and Semantics, this new volume on variation in French aims to provide a snapshot of the state of sociolinguistic research inside and outside metropolitan France. From a diatopic perspective, varieties in France, Belgium, Switzerland, Africa and Canada are considered, mainly with respect to phonological features but also focusing on syntactic and lexical evolutions (the relative clause in Ivorian French and discourse markers in Canadian French). The acquisition of stylistic features of French figures in chapters on both first and second language learners and variation across different genres is addressed with respect to non-standard non-finite forms. Finally, a section on semantic change traces the way that interactional and other socio-historical factors affect word meaning. The volume will appeal to (socio-)linguists with an interest in contemporary French as well as to advanced undergraduates and post-graduate students of French and specialists in the field.

Shortcut To A Nervous Breakdown Erick K. Huling, 2010-12-22 I write poetry to help sort out all of the problems in my life, so my poetry is very personal, and sometimes it might even be a little disturbing, but I always try to leave the light on at the end of the tunnel. This collection of poems is the result of the first forty years of my life. If I happen to live another forty years, there just might be another book.
