As the Sri Lankan wedding season opens she turns a deaf ear to Shani's protests and arranges a parade of 101 potential grooms, in the hope that her shamefully unmarried daughter will salvage the family honour by finally finding Mr Right. But true life, like true love, can get very complicated. Amidst a riot of hilarious dates with would-be husbands, Shani has to cope with a minor Machiavelli at work, a house that is literally falling down around her ears, and a neurotic mother with serious cultural baggage. There Came a Darkening from the West Nigel Ledsham-Darter,2015-11-14 Straddling three wildly different and distant places and eras with its legs wide open, There Came a Darkening from the West is a saga of epic proportions. Laden with dark, foreboding imagery and interwoven with hilarious strands of even darker humour, it's about gods, power and sex – and the consequences of love, betrayal and greed in the fictional Citadel of Sputen Duyvil. Charting the birth and eventual destruction of the Citadel through the eyes of the central characters, the tale takes us on a rollercoaster ride from a modern-day world on the brink of anarchy, where petrol's a luxury only affordable for the super-rich; a place populated by con-artists and asset-strippers, money-men and robots, to mediaeval times teeming with serfs and lords, seamen and whores. It's like a black-magic mix of Game of Thrones with Dungeons and Dragons with all the gore and glory of primitive tribal warfare as well as the more subtle but equally sickening consequences of its modern-day counterpart. By turns other-worldly and in-your-face brash, with earthy language to match, There Came A Darkening from the West is a rare feat in that it's apocalyptic, yet knows when to keep its tongue in its cheek. Born in 1953 Nigel was part of the baby boomer years, growing up in the exciting times of the Sixties and Seventies when life seemed to hold so much promise. Educated at Framlingham College and Broxbourne Grammar School, Nigel went on to a career in the Display and Exhibition Sector working in both the retail and manufacturing sides of the business. Hobbies include the love of a good book, writing, photography and an insatiable appetite for good music. He is often to be found at London's small but select venues appreciating the fine musicianship of the bands performing.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And

while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
