The Bug Girl Sophia Spencer,Margaret McNamara,2020-02-11 Real-life 7-year-old Sophia Spencer was bullied for loving bugs until hundreds of women scientists rallied around her. Now Sophie tells her inspiring story in this picture book that celebrates women in science, bugs of all kinds, and the importance of staying true to yourself. Makes a perfect gift for nature lovers on Earth Day and every day! Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder--and wouldn't leave!--at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies... but by first grade, not everyone shared her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist to be a pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response--letters, photos, and videos came flooding in. Using the hashtag BugsR4Girls, scientists tweeted hundreds of times to tell Sophia to keep up her interest in bugs--and it worked! Sophia has since appeared on Good Morning America, The Today Show, and NPR, and she continues to share her love of bugs with others.

Standing Tall Spencer West,2011-09-02 Spencer West is many things. Accomplished speaker. University graduate. Natural prankster. Former cheerleader. And a young man without legs—something that has never held him back. Spencer was born without the use of his legs. When he was five, doctors decided to amputate below his pelvis to better help him get around. It didn't bother him; he was Superman and nothing would ever get in his way. Or so he thought. Navigating through life on his hands, Spencer has always lived with purpose. But he wanted more out of life than just a paycheck and material possessions. He wanted to make an impact but wasn't always sure how. That was until he had the epiphany: He was different for a reason. Infused with humour and humility, Spencer has never lost the hope or courage he needed to tackle personal obstacles—bullying, isolation, failure, or pride. His secret? Always standing tall.

A Very Private School Charles Spencer,2024-03-12 In this poignant memoir, Charles Spencer recounts the trauma of being sent away from home at age eight to attend boarding school. A Very Private School offers a clear-eyed, first-hand account of a culture of cruelty at the school Charles Spencer attended in his youth and provides important insights into an antiquated boarding system. Drawing on the memories of many of his schoolboy contemporaries, as well as his own letters and diaries from the time, he reflects on the hopelessness and abandonment he felt at aged eight, viscerally describing the intense pain of homesickness and the appalling inescapability of it all. Exploring the long-lasting impact of his experiences, Spencer presents a candid reckoning with his past and a reclamation of his childhood.

Spencer's Mountain Earl Hamner,2014-04-28 In this classic novel that inspired the TV series *The Waltons*, a father struggles to support his large family in Depression-era rural Virginia. For generations, the Spencers lived on the mountain that still bears their name in the Blue Hills of Virginia. But the hard times changed everything. Now Clay Spencer works at the local mill in New Dominion and lives with his family in housing provided by the company. A proud patriarch, he is determined to build his loved ones a new home in the hills. And he'll do whatever it takes to give his children the best lives possible—including his eldest son, Clay-Boy. The first member of the family to graduate high school, Clay-Boy wants to go to college, but the cost of higher education is too great a burden for the Spencers to bear. Still, his father is not easily deterred, even in times of great trials and personal tragedy. But to help his firstborn achieve his cherished dream, the elder Clay may be forced to make a devastating sacrifice that could impact the future of the entire Spencer clan. Based on the author's own family background and childhood experiences, and the basis for the classic motion picture featuring Henry Fonda and Maureen O'Hara, *Spencer's Mountain* is a moving celebration of familial love and commitment in the face of overwhelming odds. Evocative and unforgettable, it is a timeless American classic that will continue to captivate readers for generations to come.

This Story Is Mine Pamela Call Johnson,2013-09-11 This is the story of a depression era orphan, Marie Pead, who grew up in a small town of Fairview in Western Wyoming. She never let the trials of her life hold her down. She had little money and as a young girl had the daily care of her two younger brothers and a younger sister. She still became the belle of the ball. At this time, she owned one hand-me-down dress. Marie was well-liked and popular at the big band dances held in the neighboring town of Afton. Pretty, nice, and spunky, she won the heart of the handsome Spencer Call, a University of Wyoming student who became the chief engineer at the local Call-Air airport and manufacturing company; he could design and build a plane and had a love of the mountains. Marie followed him on many adventures. She loved him distractedly, honoring him as a worthy companion but never lost her grit and spunkiness nor did she ever play second fiddle to anyone. Soon after the war, Spencer left the plane factory to form his own sand and gravel company. Spencer and Marie were a fairy-tale couple who lived in their own Camelot in a home nestled so close to the mountains one could almost touch the peaks. They lived in Camelot but they faced adversity with stoicism. Marie lost a brother in World War II, a son at 18, Spencer when he was 72, and a grandson to suicide. She lived as a widow for 18 years in her own home taking care of herself and never lost her faith in God, her charm, or her love of life. When pursued by other men, even as a widow, she staunchly maintained she was still married to Spencer Call and would be forever. The stories in this book are in Marie's own words in the form of letters she wrote and saved which were compiled and edited by her daughter, Pamela Call Johnson.

Ethical School Leadership Spencer J. Maxcy,2002-05-14 Typically, educational leadership is not considered a moral-ethical undertaking. But educators face a dismaying array of moral-ethical challenges from academic dishonesty to sexual harassment every day in our nation's schools. *Ethical School Leadership* provides a systematic approach to resolving these school-based moral-ethical issues. It offers real world moral-ethical dilemmas, alternate theories of ethical decision-making, and differing philosophies of leadership. Present and future school leaders will find knowledge, dispositions, and performance criteria by which to evaluate case studies of moral-ethical leadership. This book provides an up-to-date treatment of the subject without arcane terminology or abstract argument. Its aim is to provide encouraging, practical thinking about the moral-ethical problems facing our school leaders today and will be of interest to school principals, teachers, school board members and students of education.

British Artists and the Modernist Landscape Ysanne Holt,2018-01-12 Title first published in 2003. In this detailed study of the landscapes and rural scenes of Britain and France made by artists like George Clausen, Philip Wilson Steer, Augustus John, Laura Knight, J. D. Fergusson and Spencer Gore, Ysanne Holt investigates the imaginary geographies behind the pictures and reconsiders the relationship between national identity, 'Englishness' and the native landscape. Combining close investigation of important works with a broader enquiry into the appeal of the Mediterranean for an age preoccupied with cultural degeneracy and bodily health, Ysanne Holt draws fascinating conclusions about the impact of modernism on the British tradition of landscape painting.

Exploiting Children Matt Spencer,2013-09-20 America’s citizens want children to receive a high-quality education in clean, orderly and safe schools staffed with quality teachers, support staff and courageous educational leaders. In many communities, such a school experience is something the students will never have. Why? One or more members of the governing board desire to use their elected position for personal gain. They are Exploiters. Some desire to exploit a little. Others crave total domination of the school system and become the petty tyrants of education. Whether the exploitation is minimal or extreme, exploitative board members are highly detrimental to the effectiveness of the local school system. They destroy teamwork, morale, careers and many times entire school systems. They steal a high-quality education from children. The predominant governance structure of public education dictated by law is seriously flawed. What thousands of citizens and educators strongly desire for their schools can be discarded and replaced with the unscrupulous will of one individual. Exploitive school board members must be understood and stopped. The governance structure of public education must be changed.
