When you look out your window today you don't see the paradise God intended for us. This world is crowded, polluted, and headed for trouble. But it's not hopeless. Emma Sleeth is only sixteen, and she's working hard to save our planet. She

believes that we're called by God to protect the resources that he gave us, and she wants to help you learn how to live a sustainable lifestyle. In *It's Easy Being Green* you'll learn how to honor God in the choices you make and you'll begin to understand the impact those choices have on the environment. Emma will help you see how you can make a difference at school, around the house, and all over the world as you make choices about everything from transportation to food to clothes. Imagine the kind of paradise you can help to create for the next generation—for your future children! Join Emma on the quest to serve God by saving the planet.

Herbie's Game Timothy Hallinan, 2014-07-15 Junior Bender, the clown prince of crime fiction, returns in his most hardboiled adventure yet—a tale that will take Junior Bender deep into a murderous conspiracy in present day Los Angeles and uncover an increasingly confusing legacy of his burglar-mentor, Herbie Mott, who until very recently was always one-step-ahead of just about everybody. It's everyday business when Wattles, the San Fernando Valley's top "executive crook," sets up a hit. He establishes a chain of criminals to pass along the instructions and the money, ensuring that the hitter doesn't know who hired him. But one day Wattles finds his office safe open and a single item missing: the piece of paper on which he has written the names of the crooks in the chain. When people associated with the chain begin to pop up dead, the only person Wattles can approach to solve his problem is Junior Bender, professional burglar and begrudging private eye for crooks. But Junior already knows exactly who took Wattles's list: the signature is too obvious. It was Herbie Mott, Junior's burglar mentor—and when Junior seeks him out to discuss the missing list, he finds Herbie very unpleasantly murdered. Junior follows the links in the chain back toward the killer, and as he does, he learns disturbing secrets from Herbie's hidden past. From the Hardcover edition.

Fresh Squeezed Bonnie Biafore, James Ewing, 2012-07-01 There's something fishy going on in the backwater town of Wanaduck, Washington, population 879, er, 878. Make that 850. Anthony Juice Verrone, former Mafia enforcer and guest of the Witness Security Program, is trying to hide from the Family he sent up the river. When a giant hot dog, a fiberglass bass, and a plummeting corpse put the squeeze on Juice, he thinks he's been found out. Juice teams up with Rudy Touchous, a forensic accountant, and Police Chief

Dickie Gordon, to track down the killer. Instead, they run head-on into a public utility in desperate financial straits, a local troop of NASCAR-addled, bass-fishing rednecks with odd literary aspirations, and a vegetarian commune, which, in its dedication to the well-being of plants, is tossing more than lettuce into its salad bar. And what is that secret ingredient in their all-vegetarian hotdogs? The Utility's plans leak, so they bring in a strange parade of hired guns to make sure the people who know too much can't say anything. When these players mix it up at the Asparagus Festival a conflagration ignites that changes everything. Can Juice go back to being a regular guy? Or does he find out that he can hide, but he can't just disappear?

Spider Patrick Mcgrath,2015-08-18 Spider is gaunt, threadbare, unnerved by everything from his landlady to the smell of gas. He tells us his story in a storm of beautiful language that slowly reveals itself as a fiendishly layered construction of truth and illusion. With echoes of Beckett, Poe, and Paul Bowles, Spider is a tale of horror and madness, storytelling and skepticism, a novel whose dizzying style lays bare the deepest layers of subconscious terror.

All Good People Here Ashley Flowers,2022-08-16 #1 NEW YORK TIMES BESTSELLER • In the propulsive debut novel from the host of the #1 true crime podcast Crime Junkie, a journalist uncovers her hometown's dark secrets when she becomes obsessed with the unsolved murder of her childhood neighbor—and the disappearance of another girl twenty

years later. ONE OF THE BEST BOOKS OF THE YEAR: PopSugar You can't ever know for sure what happens behind closed doors. Everyone from Wakarusa, Indiana, remembers the infamous case of January Jacobs, who was discovered in a ditch hours after her family awoke to find her gone. Margot Davies was six at the time, the same age as January—and they were next-door neighbors. In the twenty years since, Margot has grown up, moved away, and become a big-city journalist. But she's always been haunted by the feeling that it could've been her. And the worst part is, January's killer has never been brought to justice. When Margot returns home to help care for her uncle after he is diagnosed with early-onset dementia, she feels like she's walked into a time capsule. Wakarusa is exactly how she remembers—genial, stifled, secretive. Then news breaks about five-year-old Natalie Clark from the next town over, who's gone missing under circumstances eerily similar to January's. With all the old feelings rushing back, Margot vows to find Natalie and to solve January's murder once and for all. But the police, Natalie's family, the townspeople—they all seem to be hiding something. And the deeper Margot digs into Natalie's disappearance, the more resistance she encounters, and the colder January's case feels. Could January's killer still be out there? Is it the same person who took Natalie? And what will it cost to finally discover what truly happened that night twenty years ago? Twisty, chilling, and intense, *All Good People Here* is a searing tale that asks: What are your neighbors capable of when they think no one is watching?

Brokeback Mountain Annie Proulx, 2005 Ennis del Mar and Jack Twist, two ranch hands, come together when they're working a sheepherder and camp tender one summer on a range above the tree line. At first, sharing an isolated tent, the attraction is casual,

inevitable, but something deeper catches them that summer. Both men work hard, marry, and have kids because that's what cowboys do. But over the course of many years and frequent separations this relationship becomes the most important thing in their lives, and they do anything they can to preserve it.--BOOK JACKET.

If Hemingway Wrote JavaScript Angus Croll,2014-10-14 What if William Shakespeare were asked to generate the Fibonacci series or Jane Austen had to write a factorial program? In *If Hemingway Wrote JavaScript*, author Angus Croll imagines short JavaScript programs as written by famous wordsmiths. The result is a peculiar and charming combination of prose, poetry, and programming. The best authors are those who obsess about language—and the same goes for JavaScript developers. To master either craft, you must experiment with language to develop your own style, your own idioms, and your own expressions. To that end, *If Hemingway Wrote JavaScript* playfully bridges the worlds of programming and literature for the literary geek in all of us. Featuring original artwork by Miran Lipova?a.
