The Merciless Danielle Vega,2019-06-04 Page-to-page Stephen King-style terror...—Booklist The Merciless is chilling...think 'Mean Girls' meets 'The Exorcist.'—MTV.com “Pretty Little Liars fans, get a sneak peek at your new favorite book The Merciless...a nail biting thriller.”—Seventeen Magazine Brooklyn Stevens sits in a pool of her own blood, tied up and gagged. No one outside of these dank basement walls knows she’s here. No one can hear her scream. Sofia Flores knows she shouldn’t have gotten involved. When she befriended Riley, Grace, and Alexis on her first day at school, she admired them, with their perfect hair and their good-girl ways. They said they wanted to save Brooklyn. They wanted to help her. Sofia didn’t realize they believed Brooklyn was possessed. Now, Riley and the girls are performing an exorcism on Brooklyn—but their idea of an exorcism is closer to torture than salvation. All Sofia wants is to get out of this house. But there is no way out. Sofia can’t go against the other

girls...unless she wants to be next. By the shockingly twisted end, readers will be faced with the most haunting question of all: Is there evil in all of us?

Brother Ania Ahlborn,2015-09-29 From the bestselling horror author of *Within These Walls* and *The Bird Eater* comes a terrifying novel that follows a teenager determined to break from his family's unconventional—and deeply disturbing—traditions. Deep in the heart of Appalachia stands a crooked farmhouse miles from any road. The Morrows keep to themselves, and it's served them well so far. When girls go missing off the side of the highway, the cops don't knock on their door. Which is a good thing, seeing as to what's buried in the Morrows' backyard. But nineteen-year-old Michael Morrow isn't like the rest of his family. He doesn't take pleasure in the screams that echo through the trees. Michael pines for normalcy, and he's sure that someday he'll see the world beyond West Virginia. When he meets Alice, a pretty girl working at a record shop in the small nearby town of Dahlia, he's immediately smitten. For a moment, he nearly forgets about the monster he's become. But his brother, Rebel, is all too eager to remind Michael of his place...

Johnny Talon and the Goddess of Love and War W.B.J.

Williams,2024-02-21 The spirits, sorcerers, and truly desperate in San Francisco's seedy neighborhoods know Johnny Talon, a private detective who can solve impenetrable cases in a way no one else can. His use of lucid dreams and subconscious insights lead him to the truth. Talon has his work cut out for him when he's hired by Eve, a sex worker, to find and free the soul of her deceased wife from a sorcerer who hopes to entrap Eve. The closer he gets to finding the soul of Eve's wife, the more Talon's life may be on the line as he learns that there is more to his client than an angry woman. When

his investigation leads him into hell, Talon has an epiphany: if he's going to free Eve's wife, he has to uncover Eve's true identity. The things a gumshoe does to pay the rent.

Dieter Rams: As Little Design as Possible Sophie Lovell, 2011-06-22 Dieter Rams is one of the most influential product designers of the twentieth century. Even if you don't immediately recognize his name, you have almost certainly used one of the radios, clocks, lighters, juicers, shelves or hundreds of other products he designed. He is famous not only for this vast array of well-formed products, but for his remarkably prescient ideas about the correct function of design in the messy, out-of-control world we inhabit today. These ideas are summed up in his 'ten principles' of good design: good design is innovative, useful, and aesthetic. Good design makes a product easily understood. Good design is unobtrusive, honest, durable, thorough, and concerned with the environment. Most of all, good design is as little design as possible. In that spirit, this monograph is as little book as

possible. It is a clear, comprehensive and beautiful presentation of Dieter Rams' life and his work. It is a must-have book for anyone interested in Rams' work, his legacy, and his ideas about how to live.

The Men's Fashion Book Jacob Gallagher,2021 The first-ever authoritative A-Z celebration of the 500 greatest names in men's fashion - 200 years of men's style through the work of designers, brands, photographers, icons, models, retailers, tailors, and stylists around the globe

Logo Design Workbook Sean Adams,Noreen Morioka,Terry Lee Stone,2006-03-01 Logo Design Workbook focuses on creating powerful logo designs and answers the question, What makes a logo work? In the first half of this book, authors Sean Adams and Noreen Morioka walk readers step-by-step through the entire logo-development process. Topics include developing a concept that communicates the right message and is appropriate for both the client and the market; defining how the client's long-term goals might affect the look and needs of the mark; choosing colors and typefaces; avoiding common mistakes; and deciphering why some logos are successful whereas others are not. The second half of the book comprises in-depth case studies on logos designed for various industries. Each case study explores the design brief, the relationship with the client, the time frame, and the results.

JR: Can Art Change the World? Nato Thompson, Joseph Remnant, Marc Azoulay, 2015-10-12 The first major and in-depth retrospective monograph on JR, the enigmatic and anonymous Parisian photographer/street artist/activist behind some of the world's most provocative large-scale public photography projects. Created in close collaboration with JR, this book includes all bodies of his work, his collaborations with other artists and institutions such as the New York Ballet and previously unpublished behind-the-scenes documentation of his studios in Paris and New York, where he and his creative collaborators live and work. Features a survey essay by Nato Thompson, Chief Curator of Creative Time, New York.

The Pedagogy of Images Marina Balina, Serguei A. Oushakine, 2021-06-01 In the 1920s, with the end of the revolution, the Soviet government began investing resources and energy into creating a new type of book for the first generation of young Soviet readers. In a sense, these early books for children were the ABCs of Soviet modernity; creatively illustrated and intricately designed, they were manuals and primers that helped the young reader enter the field of politics through literature. Children's books provided the basic vocabulary and grammar for understanding new, post-revolutionary realities, but they also taught young readers how to perceive modern

events and communist practices. Relying on a process of dual-media rendering, illustrated books presented propaganda as a simple, repeatable narrative or verse, while also casting it in easily recognizable graphic images. A vehicle of ideology, object of affection, and product of labour all in one, the illustrated book for the young Soviet reader emerged as an important cultural phenomenon. Communist in its content, it was often avant-gardist in its form. Spotlighting three thematic threads – communist goals, pedagogy, and propaganda – *The Pedagogy of Images* traces the formation of a mass-modern readership through the creation of the communist-inflected visual and narrative conventions that these early readers were meant to appropriate.

Stenberg Brothers Christopher Mount, Peter Kenez, Museum of Modern Art (New York, N.Y.), 1997 The exhibition *Stenberg Brothers: Constructing a Revolution in Soviet Design*, organized by Christopher Mount, Assistant Curator in the Department of Architecture and Design, is the first critical survey of the work of these two seminal figures in the history of twentieth-century graphic design.

Designing Design Kenya Hara, 2015-01-25 Representing a new generation of designers in Japan, Kenya Hara (born 1958) pays tribute to his mentors, using long overlooked Japanese icons and images in much of his work. In *Designing Design*, he impresses upon the reader the importance of emptiness in both the visual and philosophical traditions of Japan, and its application to design, made visible by means of numerous examples from his own work: Hara for instance designed

the opening and closing ceremony programs for the Nagano Winter Olympic Games 1998. In 2001, he enrolled as a board member for the Japanese label MUJI and has considerably moulded the identity of this successful corporation as communication and design advisor ever since. Kenya Hara, alongside Naoto Fukasawa one of the leading design personalities in Japan, has also called attention to himself with exhibitions such as Re-Design: The Daily Products of the 21st Century.
