Sleep and Grow Rich Clare Chu,2024-03-25 Sleepers of the world, get rich! Ever wonder why the wealthiest fat cats always look so well-rested? It's because they've unlocked the secrets of Sleep Economics—a revolutionary technique where your road to riches is paved in sumptuous silk sheets and the only “work” required is an enthusiastic embrace of slumber. I'm Dr. Somnus “Snoozy” Slumberton, trailblazer and high priest of this lucrative moolah-making universe. From the tale of Sleeping Beauty, who awoke to a kingdom's worth of wealth, to the modern moguls who built empires in their sleep, this guide reveals how the art of dozing off can lead to financial and personal fulfillment. Together with my AI companion AIDEN, we're tossing conventional business wisdom and the idea of hard work and replacing it with a new Sleep Economy—a future of infinite cash money belonging to those unafraid of drifting off into uncharted, unconscious waters, and we're giving you the opportunity to get in on the bottom mattress—from manifesting multiple streams of REM-based income to multiple-level snoozer harvesting sanctuaries. Grab your favorite blankie, curl up in your coziest corner, and prepare to have your financial worldview turned upside down. Because in this snoozerverse, the road to riches is a slumberous one, and the only thing standing between you and untold wealth is a good night's sleep.

The Hike Gwendolyn Robertson,2011-12-09 Five women set off into the Willamette National Forest in the Oregon Cascades, primed for a hiking trip filled with relaxation and breathtaking scenery. Lexi Reynolds, a happily married real estate mogul in the mood to celebrate, heads the show.

With Lexi is her sister, Leni, from New York; her secretary, Susie, who's about to get married; a friend, Sally, who hopes to clear her head in the mountain air; and Carol Lyn, who doesn't want to be there at all. Lexi has no idea that earlier in the week her husband hired someone to kill her. In a dark bar, Bart Reynolds made a plan with the odious Freddie "The Ferret" Feretsky. Bart wants his wife dead by the time he's back from an innocent trip to Vegas, but he pays the Ferret to knock off Lexi—no one else. Bart has no idea that he's hired a monster that will stop at nothing to fulfill a constant lust for human blood. What began as a peaceful romp through the quiet wilderness is about to turn into a fight to survive for five women who never saw it coming. The Ferret is on their trail, but he may have gotten in over his head. If they survive, this hike may take them all into the mouth of madness.
