Traveling Spirit Masters Deborah Kapchan,2023-09-05 A group of ritual musicians and former slaves brought from sub-Saharan Africa to Morocco, the Gnawa heal those they believe to be possessed, using incense, music, and trance. But their practice is hardly of only local interest: the Gnawa have long participated in the world music market through collaborations with African-American jazz musicians and French recording artists. In this first book in English on Gnawa music and its global reach, author Deborah Kapchan explores how these collaborations transfigure racial and musical identities on both sides of the Atlantic. She also addresses how aesthetic styles associated with the sacred come to inhabit non-sacred contexts, and what new amalgams they produce. Her narrative details the fascinating intrinsic properties of trance, including details of enactment, the role of gesture and the body, and the use of the senses, and how they both construct authentic Gnawa identity and reconstruct historically determined relations of power. Traveling Spirit Masters is a captivating and elucidating demonstration of how and why trance—and indeed all sacred music—is fast becoming a transnational sensation.

Spiritual Masters for All Seasons Michael Ford,2009 Every age needs figures of spiritual inspiration, but in times of recession and uncertainty they are essential in helping us to rise above despair and to search for God deep within ourselves. In this new book, Michael Ford invites four spiritual masters onto the same stage for the first time and shows how they speak, not only to our own times, but for all seasons. Thomas Merton, Henri Nouwen, Anthony de Mello and John O'Donohue all died suddenly at the height of their fame as spiritual masters, but they continue to have immense followings. What was their secret and why do their legacies endure? Through unpublished interviews with some of the authors themselves, encounters with their friends, and reflections from readers who have been inspired by their writings, Michael Ford journeys across the United States and Europe to assess their place in the world of contemporary spirituality. He goes behind the scenes of the Abbey of Gethsemani in Kentucky to hear first hand from monks who were novices under Merton; visits Lambeth Palace in London to discover Merton's influence on the Archbishop of Canterbury; talks to people about how Nouwen, the proverbial wounded healer, helped them through depression because he had suffered himself; speaks to Jesuits who worked with de Mello in India and tries to find out how close the international storyteller came to Buddhism; and takes a walk with O'Donohue through landscapes in rural Ireland that feature in such books as Anam Cara and discusses the appeal of Celtic spirituality. Blending the spiritual with the journalistic, Michael Ford presents four unique writers as Spiritual Masters for All Seasons. +

The Masters and the Spiritual Path Mark L. Prophet,Elizabeth Clare Prophet,2009-12-29 You have friends in high places. There are masters who have come out of all the world's great spiritual traditions. These great lights of East and West have graduated from earth's schoolroom and reunited with Spirit in the process known as the ascension. The masters tell us that they are examples and

not exceptions to the rule. We, too, are destined to fulfill our life's purpose and reunite with Spirit. This intriguing work offers an innovative perspective on the universe and your role in it. In this brilliant blend of East and West, you will discover valuable keys for your own spiritual path. You'll learn about the relationship between the ascension, nirvana and samadhi, the parallel structure of the spiritual and material universes, the difference between ascended and unascended masters, and the function of the spiritual hierarchy and the role of the masters. The Masters and the Spiritual Path also offers a unique meditation on the bliss of union with Spirit and a breathing exercise to help you balance and expand consciousness.

Tigers and the Internet Kira Van Deusen, 2022-06-15 The Udege, a small Indigenous group in the Primorsky Krai and Khabarovsk Krai regions of Russia, have a rich oral storytelling tradition. They speak the Udege language, and their religious beliefs include animism and shamanism. Over two decades, Kira Van Deusen travelled across Russia interviewing Udege storytellers in order to record their folktales. *Tigers and the Internet* recounts individual storytellers' lives and the stories that they related to Van Deusen. Combining the translated stories with detailed commentary, background information on the storytellers, and historical context to the themes they explore, Van Deusen provides a rich and moving text that allows the reader to travel with her through time and space. She respectfully shares the stories with a wider audience and preserves them in English for future generations. Readers will learn about the folktales of the Udege, but also about their contemporary lives and connections with other Indigenous groups. The Udege are not widely known outside of Russia. *Tigers and the Internet* provides a valuable collection of first-hand stories that shows this fascinating culture to those interested in folklore, Indigenous histories, and cultural studies.

John Muir John Muir, 2013 Scottish naturalist John Muir (1838-1914) helped spark the modern environmental movement. Living for months and even years in the wilderness, he experienced a deep communion with the sacred and his contemplations on the natural world are filled with mystical intuitions of God's reality. This volume contributes to a strain of spirituality that finds an echo in today's environmental movements.

Spirit Allies Christopher Penczak, 2002-03-15 Learn to contact the spirit realm and communicate with your own spirit guides, ancestors, power animals, and more with this guide to spiritual exploration. From ancient Egyptians to modern-day witches, King Solomon to Native American shamans, individuals throughout history have possessed the power to work with the spirit world. While it may seem like these abilities are reserved for a "chosen" few, the truth is that

everyone has friends beyond the veil. As author Christopher Penczak explains, "A spirit ally is a being in the unseen realms who, for whatever reason, decides to aid, befriend, protect, or teach us while we live our own Earthwalk." In *Spirit Allies*, Penczak dispels the mystery and fear surrounding these spiritual entities. With compelling personal anecdotes and straightforward techniques—such as relaxation, automatic writing, and oracle interpretation—he opens up the path for readers to contact their own guides. Through thirty simple exercises, *Spirit Allies* helps readers find their Power Animal, dream journey, speak with devas, communicate with ancestors and ascended masters, meet their personal spirit allies, and much more.
