**Another Kind of Dead** Kelly Meding,2011-08-02 She can heal her own wounds. She can nail a monster to a wall. But there's one danger Evangeline Stone never saw coming. Been there. Done that. Evy Stone is a former Dreg Bounty Hunter who died and came back to life with some extraordinary powers. Now all but five people in the world think she is dead again, this time for good--immolated in a factory fire set specifically for her. Evy and Wyatt, her partner/lover/friend, can no longer trust their former allies, or even the highest echelons of the Triads--the army of fighters holding back from an unsuspecting public a tide of quarreling, otherworldly creatures--they can trust only each other. Because when the Triads raided a macabre, monster-filled lab of science experiments and hauled away the remnants, they failed to capture their creator: a brilliant, vampire-obsessed scientist with a wealth of powerful, anti-Dreg weaponry to trade for what he desires most of all--Evy Stone: alive and well, and the key to his ultimate experiment in mad science.

Bad Day at Cao Danh Olin Thompson,2008-08 Two young men join the Marine Corps in early '50s and their passage through their careers is almost parallel. One through the ranks of the officer corps and the other through the enlisted ranks. The only reason both are not chosen for officer candidacy is the vision of one exceeds the limitations of 20-40. The men experience the last throes of Korea's war with the North Korean allies of

communist Russia and China. They arrive within days of the signatures on the Cease Fire. From then it is training in various parts of the Marine Corps. Lizard eating for one, counter-insurgency with a special Air Force unit in a desolate and harsh land of Louisiana, culminating in several battles in Viet Nam which prove he is all that had been expected of his training. He concludes as O-7 on his final days in the Corps. The other through the command structure of enlisted men up to and finally concluding as Sergeant Major of Marines years later. The heroism of both is not challenged. Their dedication to one another as friends continues throughout a long and distinguished career in their beloved Marine Corps.

**Among the Betrayed** Margaret Peterson Haddix, 2011-07-26 In the third installment of Haddix's series about a futuristic society in which families are forbidden to have more than two children, Nina, a secondary character in *Among the Impostors*, is falsely accused of treason and imprisoned by the Population Police. Her interrogator gives her an ultimatum: either she can get three other child prisoners, illegal third-borns like Nina, to reveal who harbored them and where they got their fake identification cards, or she will be executed. Nina sees a chance to escape the prison and, taking the prisoners with her, quickly discovers their street smarts. But when their food supply runs out, Nina seeks the boy she knew as Lee.

*13 Treasures* Michelle Harrison, 2010-04-12 Tanya is no ordinary girl. She can see fairies. But not the fairies we imagine. Evil fairies who cast spells on her, rousing her from her sleep and propelling her out of bed. At wit's end with her daughter's inexplicable behavior, Tanya's mother sends her away to live with her grandmother at Elvesden Manor, a secluded countryside mansion on the outskirts of a peculiar Essex town. There is plenty to explore, as long as Tanya stays away from Hangman's Wood- a vast stretch of forest, full of catacombs and notorious for people losing their lives. Fifty years ago a girl vanished in the woods, a girl Tanya's grandmother will not speak of. As Tanya learns more about this girl, she finds herself dangerously close to vanishing into the fairy realm forever. Debut author Michelle Harrison weaves an intricate mystery into a beautiful and haunting fantasy that captures a rich world of fairy lore where only the color red can offer protection.
