Sports Journalism Patrick S. Washburn,Chris Lamb,2020-07-01 Patrick S. Washburn and Chris Lamb tell the full story of the past, the present, and to a degree, the future of American sports journalism. Sports Journalism chronicles how and why technology, religion, social movements, immigration, racism, sexism, social media, athletes, and sportswriters and broadcasters changed sports as well as how sports are covered and how news about sports are presented and disseminated. One of the influential factors in sports coverage is the upswing in the number of women sports reporters in the last forty years. Sports Journalism also examines the ethics of sports journalism, how sports coverage frequently has differed from that of non-sports news, and how the internet has spawned a set of new ethical issues.

Loving Sports When They Don't Love You Back Jessica Luther,Kavitha Davidson,2020-09-01 Triumphant wins, gut-wrenching losses, last-second shots, underdogs, competition, and loyalty--it's fun to be a fan. But when a football player takes a hit to the head after yet another study has warned of the dangers of CTE, or when a team whose mascot was born in an era of racism and bigotry takes the field, or when a relief pitcher accused of domestic violence saves the game, how is one to cheer? Welcome to the club for sports fans who care too much. In Loving

Sports When They Don't Love You Back, acclaimed sports writers Jessica Luther and Kavitha A. Davidson tackle the most pressing issues in sports, why they matter, and how we can do better. For the authors, "sticking to sports" is not an option—not when our taxes are paying for the stadiums, and college athletes aren't getting paid at all. But simply quitting a favorite team won't change corrupt and deplorable practices, and the root causes of many of these problems are endemic in our wider society. An essential read for modern fans, *Loving Sports When They Don't Love You Back* challenges the status quo and explores how we might begin to reconcile our conscience with our fandom.

*Bias in the Booth* Dylan Gwinn, 2015-03-02 Most of us see sports as a welcome—even blessed—relief from the challenges and frustrations of everyday life. We want to sit back, open a beer, and enjoy the game. But many of those who bring us the game have a different agenda—they use their broadcasting platform to harangue us with their own politically correct preoccupations. If a seventh-round NFL draft pick who can't make the team or an over-the-hill basketball player declares that he's gay, he gets wall-to-wall media coverage and is hailed as a hero. If a stripper accuses college lacrosse players of rape, liberal sports reporters lead the lynch mob—with no apologies when the bearers of white privilege are proved innocent. In his blistering new book *Bias in the Booth*, sports reporter and commentator Dylan Gwinn takes you inside the sports media spin machine to reveal what they hope you won't notice: the sports media are no different from the news and entertainment media.

*Media, Sports, and Society* Lawrence A. Wenner, 1989-08 *Media, Sports and Society* provides a foundation for research on the communication of sports. The volume is framed by a seminal article outlining the parameters of the communication of sports and pointing to major issues that need to be addressed in the relationship between sports and media. Contributors examine the theoretical, cultural and historical issues, the production of media sports programming, its content and its audience. Individual chapters include a discussion of the spectacle of media sports, a comparison of Super Bowl Football and World Cup Soccer, a consideration of the spectators' enjoyment of sports violence, the rhetoric of winning and the American dream, and a fascinating examination of gender harmony and sports in

*Who Shot Sports* Gail Buckland, 2016-07-05 From the creator/editor of *Who Shot Rock & Roll* ("I loved this book"—Dwight Garner, *The New York Times*. "Whatever Gail Buckland writes, I want to read"), a book that brings together the work of 165 extraordinary photographers, most of their images heralded, most of their names unknown; photographs that capture the essence of athletes' mastery of mind/body/soul against the odds, doing the impossible, seeming to defy the laws of gravity, the laws of physics, and showing what human will, discipline, drive, and desire look like when suspended in time. The first book to show the range, cultural importance, and aesthetics of sports photography, much of it legendary, all of it powerful. Here, in more than 280 spectacular images—more than 130 in full color—are great action photographs; portraits of athletes, famous and unknown; athletes off the field and behind the scenes; athletes practicing, working out, the daily relentless effort of training and achieving physical perfection. Buckland writes that sports photographers have always been central to the technical advancement of photography, that they have designed longer lenses, faster shutters, motor drives, underwater casings, and remote controls, allowing us to see what we could never see—and hold on to—with the naked eye. Here are photographs by such masters as Henri Cartier-Bresson, Robert Capa, Danny Lyon, Walker Evans, Annie Leibovitz, and 160 more, names not necessarily known to the public but whose photographic work is considered iconic . . . Here are photographs of Willie Mays . . . Carl Lewis . . . Ian Botham . . . Kobe Bryant . . . Magic Johnson . . . Muhammad Ali . . . Serena Williams . . . Bobby Orr . . . Stirling Moss . . . Jesse Owens . . . Mark Spitz . . . Roger Federer . . . Jackie Robinson. Here is the work of the great sports photographers Neil Leifer, Walter Iooss Jr., Bob Martin, Al Bello, Robert Riger, and Heinz Kleutmeier of *Sports Illustrated*, who was the first to put a camera at the bottom of an Olympic swimming pool and photograph swimmers from below . . . Here are pictures by Charles Hoff, the *New York Daily News* photographer of the 1930s, 1940s, and 1950s, whose images of the 1936 Berlin Olympics still inspire shock and awe . . . and those of Ernst Haas, whose innovative color pictures of bullfighting of the 1950s remain poetic evocations of a bloody sport . . . To make the selections for *Who Shot Sports*, Buckland, a former curator of the Royal Photographic Society of Great Britain and Benjamin Menschel Distinguished Visiting Professor at Cooper Union, has drawn upon the work of more than fifty archives, from the Museum of Fine Arts, Houston, to *Sports Illustrated*, Condé Nast, Getty Images, the National Baseball Hall of Fame, L'Équipe, *The New York Times*, and the archives of the International Olympic Committee in Lausanne. Here are classic and unknown sports images that capture the uncapturable, that allow us to experience "kinetic beauty," and that give us the essence and meaning—the transcendent power—of sports.

*Sports Highlights* Ray Gamache, 2023-08-28 This expanded second edition traces the development and popularity of the sportscast highlight—the dominant news frame in the crowded medium of electronic sports journalism—as the primary means of communicating about sports and athletes. The book explores the intricate relationships among media producers, sports leagues and organizations, and audiences, and explains that sportscast highlights are not a recent development. They were often used within a news context in every medium—from early news film actualities and newsreels to network and cable television to today's new media platforms. New to this edition are three chapters that explore developments in sports media from cultural, economic and technological perspectives. An obsession with highlights has seen video replay increasingly used to adjudicate sporting events, marking a new level of reliance on technology. The media's quest for greater certitude and integrity corresponds with the rise of sponsorship of pro teams by gambling operators—with sports betting ads and on-screen odds now routinely appearing in sportscasts. Long-form sports documentaries have become popular, often highlighting a fascination with firsts—rooted in notions of human conquest over nature—that has remained an important source of sports mythmaking.

*Kicking Center* Rachel Allison, 2018-08-30 Winner of the 2018 Early Career Gender Scholar Award from the Sociologists for Women in Society—South Girls and young women participate in soccer at record levels and the Women's National Team regularly draws media, corporate, and popular attention. Yet despite increased representation and visibility, gender disparities in opportunity, compensation, training resources, and media airtime persist in soccer, and two professional leagues for women have failed since 2000. In *Kicking Center*, Rachel Allison investigates a women's soccer league seeking to break into the male-dominated center of U.S. professional sport. Through an examination of the challenges and opportunities identified by those working for and with this league, she demonstrates how gender inequality is both constructed and contested in professional sport. Allison details the complex constructions of race, class, gender, and sexuality in the selling and marketing of women's soccer in a half-changed sports landscape characterized by both progress and backlash, and where

professional sports are still understood to be men’s territory.

You Are Looking Live! Rich Podolsky,2021-10-15 You Are Looking Live! is about the genesis, success and magic of a live television show that in 1975 captured the excitement of the country, and launched four magnetic personalities to stardom: Brent Musburger, Phyllis George, Irv Cross and Jimmy The Greek Snyder. It was truly a piece of Americana. It was the first NFL studio show to go live and the first to have both a Black and female co-host. Those four personalities battled each other and the competition, and America loved them for it. This is the story of how Brent, Phyllis, Irv and Jimmy got there, their drama and front-page headlines, and what happened to them after the magic ended. Those headlines included Brent and The Greek’s famous fight at Peartrees, Phyllis first marrying the man who produced The Godfather, then dropping him after two months for the next governor of Kentucky, and the shocking firing of Musburger on April Fool’s Day, 1990. America had never seen a show like this before. On the East Coast and the Midwest, people would literally rush home from church to hear what they had to say, and on the West Coast fans loved waking up to it. The NFL Today became so popular that it not only dominated the ratings, but also won its timeslot 18 straight years, from 1975 to 1993, until CBS lost its NFL package to Fox. And today, looking back, these four personalities, like any family, had their own battles, and became even more famous for them.

**Our Boys** Joe Drape,2009-08-18 An inspiring portrait of the extraordinary high-school football team whose quest for perfection sustains its hometown in the heartland The football team in Smith Center, Kansas, has won sixty-seven games in a row, the nation's longest high-school winning streak. They have done so by embracing a philosophy of life taught by their legendary coach, Roger Barta: Respect each other, then learn to love each other and together we are champions. But as they embarked on a quest for a fifth consecutive title in the fall of 2008, they faced a potentially destabilizing transition: the greatest senior class in school history had graduated, and Barta was contemplating retirement after three decades on the sidelines. In Smith Center–population: 1,931–this changing of the guard was seismic. Hours removed from the nearest city, the town revolves around our boys in a way that goes to the heart of what America's heartland is today. Joe Drape, a Kansas City native and an award-winning sportswriter for The New York Times, moved his family to Smith Center to discover what makes the team and the town an inspiration even to those who live hundreds of miles away. His stories of the coaches, players, and parents reveal a community fighting to hold on to a way of life that is rich in value, even as its economic fortunes decline. Drape's moving portrait of Coach Barta and the impressive young men of Smith Center is sure to take its place among the more memorable American sports stories of recent years.

**Game On** David Bockino,2024-04 Game On tells the story of how and why the sports media industry grew to become one of the most important and profitable components of the global entertainment landscape.

**Sports Junkies Rejoice** Bill Rasmussen,2010-05-12 Sports Junkies Rejoice is the fast-paced account of an incredible 14 month journey that led to the September 7, 1979 launch of ESPN. Bill Rasmussen introduces you to all the players that made it possible and shares with you the frustrations, tensions, emotions and excitement from concept to launch! When ESPN debuted on September 7th at 7:00 PM, there were no 24 hour networks. The Big Three ABC, CBS, NBC did not broadcast from 1:00 - 7:00 AM. HBO was live only five hours nightly. CNN and FNC hadn't yet begun to blanket us with news 24/7. As for MTV, The Weather Channel, The Discovery Channel, The History Channel and many others - they all came later. Over 90% of all cable systems in America had only 12 channels available and with over 50 new channels proposed ESPN led the way and became America's first 24 / 7 cable network. In 1979, Sports Illustrated opined, ESPN may become the biggest thing in TV Sports since Monday Night Football and nighttime World Series Games. How prophetic!
