5,500 Quilt Block Designs Maggie Malone,2005 A must-have for every quilter: the ultimate pattern resource, with an astounding 5,500 blocks With 5,500 blocks to copy, adapt, and combine in countless ways, no quilter will ever have to run out of patterns anymore. Some designs are classics and taken from museum collections, handed from friend to friend, or kept in a family for many years. Each pattern is drawn on a grid showing the number of squares to the block which makes it easy to mix-and-match, because they all draft to the same size. The dazzling choices include a Premium Star, Double Pyramid, Strips and Squares, Farmer's Puzzle, Sunburst, Beggar's Blocks, and countless more. They're arranged by type--including 4-, 5-, and 9-patch patterns; circles and curves; octagons; diamonds; and 8-point stars--and all indexed alphabetically by name. There's even information on each block's source. As a special bonus Maggie Malone has included a section of Alphabet Patch Patterns to use for personalizing every block. No quilter can do without this book.

American Theatre: A Chronicle of Comedy and Drama 1914-1930 Gerald Bordman,1995 The American Theatre series discusses every Broadway production chronologically--show by show and season by season. It offers plot summaries,

production details, names of leading actors and actresses--the roles they played, as well as any special or unusual aspects of individual shows. This second volume in the series, covers what is probably the richest period in American theater, the years 1914 through 1930. Bordman includes most of Eugene O'Neill's work, along with playwrights as diverse as Elmer Rice and George Kaufman. Among the era's stars one finds John and Ethel Barrymore, Helen Hayes, Katherine Cornell, and Lynn Fontaine and Alfred Lunt.

Considering the sheer number of productions, American theater climbed to its all-time high in the 1920s; by mid-decade, nearly 300 new plays appeared on Broadway each year. America saw more theatrical activity--in every sense of the word-- than any time before or since.

Smoke and Shadows Tanya Huff, 2024-04-02 Tanya Huff, bestselling author of the Blood Price books, starts a new series where a street kid-turned-production assistant must juggle his vampire ex, a crush on a hot straight actor, and the potential end of the world... Working on a direct-to-syndication show about a vampire detective doesn't much compare to Tony Foster's past as an actual vampire's lover. True, he's still wrangling beautiful people with big egos and the power to crush him, but there are far fewer demons, and TV blood is just corn syrup. When shadows on set start moving independent of the people they're supposed to be attached to, though, Tony can't dismiss it as a trick of the light. Especially when he finds the beauty of the week dead in a locked dressing room. Before long, he's discovered the head of the special effects department is an actual wizard, and brought in his ex, the vampire Henry Fitzroy, to help defend against an attack so terrifying survival seems unlikely. Tony will have to assist his butt off to give them anything like a chance. But being thrust into a spotlight doesn't make him a hero...

Scottish Rock Gary Latter, 2008-03 The best mountain, crag, sea cliff and sport climbing in Scotland. From the Foreword by Hamish MacInnes . If you have an ambition to do all the climbs in these two Scottish Rock guides I think you'd better schedule time off in your next life. This labour of Gary's has been of gargantuan proportions. Those of you who use the guides will benefit by his dedication and the sheer choice offered; if you divide the retail price of these by the number of good routes you'll realise this is a bargain. Volume 1 covers a proliferation of Scottish crags up to the natural demarcation of the Great Glen. They are easier to access than most in Volume 2 and present infinite variety. I have been a long-time advocate of selected climbs and the use of photographs to illustrate both climbs and action. I'm glad that this principle has been used throughout these two volumes. It gives you a push to get up and do things. The list seems endless and if you succeed in doing half of them you'll be a much better climber and know a lot more about Scotland - have a good decade!
