**Circles of Creativity** Camille Persin, 2011-05 Librarian Jim Hahn has carefully culled the over 500,000 available apps down to the 100 that are the absolute best for day-in, day-out library services. The guide covers apps for Apple and Android devices, including tablets. Each entry in this long-needed guide contains: (1) a basic summary of how each app operates, (2) at least one example of how that app can be used by a librarian, (3) one example of how it can help a library user access library services, (4) a section highlighting critical limitations and apps that may better serve a librarian's needs, and (5) the next possible iteration of the app. Entries are accompanied by a photo of the app in action, so this current guide is both descriptive and visual. Introductory and final chapters cover using apps in library settings and library services as well as what the future should bring in this area. This guide is intended as an introduction for those with little or no app experience and for those wanting to know more about app uses for information access.

Thus, the Handbook's chapters and related texts provide scholars, students, and admirers of Persian poetry and prose with practical and direct access to the intricacies of the Persian literary world through a chronological account of key moments in the formation of this enduring literary tradition. **McGee & Stuckey's Bountiful Container** Maggie Stuckey,Rose Marie Nichols McGee,2002-02-01 With few exceptions-such as corn and pumpkins-everything edible that's grown in a traditional garden can be raised in a container. And with only one exception-watering-container gardening is a whole lot easier. Beginning with the down-to-earth basics of soil, sun and water, fertilizer, seeds and propagation, The Bountiful Container is an extraordinarily complete, plant-by-plant guide. Written by two seasoned container gardeners and writers, The Bountiful Container covers Vegetables-not just tomatoes (17 varieties) and peppers (19 varieties), butharicots verts, fava beans, Thumbelina carrots, Chioggia beets, and sugarsnap peas. Herbs, from basil to thyme, and including bay leaves, fennel, and saffron crocus. Edible Flowers, such as begonias, calendula, pansies, violets, and roses. And perhaps most surprising, Fruits, including apples, peaches, Meyer lemons, blueberries, currants, and figs-yes, even in the colder parts of the country. (Another benefit of container gardening: You can bring the less hardy perennials in over the winter.) There are theme gardens (an Italian cook's garden, a Four Seasons garden), lists of sources, and dozens of sidebars on everything from how to be a human honeybee to seeds that are All America Selections.
