Spyfail James Bamford, 2023-01-17 James Bamford, the bestselling author of *The Puzzle Palace* and *Body of Secrets*, unveils a hidden cabal of foreign powers that have spied against America to reveal the incredible spygames, secrets, and cyberweapons they've hatched, unlocked, and stolen--and how U.S. intelligence has utterly failed to stop them. SPYFAIL is about the highly dangerous and growing capability of foreign countries to conduct large-scale espionage within the United States and how the FBI and other agencies have failed to prevent it. These covert operations involve a variety of foreign countries--North Korea, Russia, Israel, China, and others--and include

cyberattacks, espionage, psychological warfare, the infiltration of presidential campaigns, the smuggling of nuclear weapons components, and other incredibly nefarious actions. With his trademark deep investigative style, James Bamford digs as deep as one can go into these clandestine invasions and attacks, uncovering who's involved, how these spygames were carried out, and why none of this was stopped. Full of revelations, SPYFAIL includes access to previously secret and withheld documents, such as never-before-seen parts of the Mueller Report, and interviews with confidential sources. Throughout this stunning, eye-opening account, SPYFAIL demonstrates again and again how large a role politics, special interests, and corruption play in allowing these shocking foreign intrusions to continue—leaving America and its secrets vulnerable and undefended.

LIBERAL FASCISM: the Secret History of American Nazism exposed by Dr. Rex Curry Dead Writers Club, Micky Barnetti, Pointer Institute, Matt Crypto, 2015-07-31 The Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. Under Germany's Nazis, the swastika symbol was crossed S letters for SOCIALIST (for the National Socialist German Workers Party). Those are only two of the amazing discoveries in this blockbuster that have been left out of similar books on this topic. This blood drenched book offers eye-popping new analysis of the origins of fascism and explores the discoveries of the historian Dr. Rex Curry. Replacing conveniently manufactured myths with surprising research, the author Micky Barnetti reminds us of the history of robotic chanting en masse and on cue, accompanied by violence for anyone who refused to submit. Discover the secret of how the military salute was the origin of the fascist salute. Study the Wholecaust (of which the Holocaust was a part). Learn how the word Fascist is related to the word faggot. Calling someone a fascist is the fastest way to shut someone up, defining their views as beyond the pale. But who are the real fascists in our midst? According to the author Micky Barnetti, the pledge remains the first fascist bullying that begins each day in government schools (fascist schools) in Police State USA. The quintessential Liberal Fascist isn't an SS storm trooper; it is a public school teacher brainwashing children every day for 12 years of their lives. These revelations may sound odd to modern ears, but that is because we have forgotten what fascism is. In this smart, contentious book, Barnetti turns our preconceptions upside down and shows us the unvarnished meaning of Liberal Fascism. Find out why, if the truth were taught about the Pledge of Allegiance, then everyone (other than fascist kooks) would refuse to perform Francis Bellamy's quotidian mechanical ritual. The fascist salute was performed by public officials in the USA from 1892 through 1942. What happened to the photographs and films of the American fascist salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth. Public officials in the USA who preceded the Adolf Hitler and the Benito Mussolini were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. Explore how the ancient Roman salute myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Learn about Mussolini's strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY. Find out who you are, what you are, and how you got to be that way. Also learn who you should blame: your government's schools (fascist schools). Remove the pledge from the flag; remove flags from schools; remove schools from government. The Pointer Institute proudly presents another news-breaking volume from the Dead Writers Club (DWC) and Micky Barnetti. A portion of the proceeds of the sale of this book will aid the Stop the Pledge Foundation to liberate children and adults from the Pledge of Allegiance. Child of a Hidden Sea A. M. Dellamonica, 2014-06-24 One minute, twenty-four-year-old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known. The next, she finds herself flung into the warm and salty waters of an unfamiliar world. Glowing moths fall to the waves around her, and the sleek bodies of unseen fish glide against her submerged ankles. The world is Stormwrack, a series of island nations with a variety of cultures and economies—and a language different from any Sophie has heard. Sophie doesn't know it yet, but she has just stepped into the middle of a political firestorm, and a conspiracy that could destroy a world she has just discovered...her world, where everyone seems to know who she is, and where she is forbidden to stay. But Sophie is stubborn, and smart, and refuses to be cast adrift by people who don't know her and yet wish her gone. With the help of a sister she has never known, and a ship captain who would rather she had never arrived, she must navigate the shoals of the highly charged politics of Stormwrack, and win the right to decide for herself whether she stays in this wondrous world...or is doomed to exile, in *Child of a Hidden Sea* by A.M. Dellamonica. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Big Squeeze Steven Greenhouse,2009-02-10 Why, in the world's most affluent nation, are so many corporations squeezing their employees dry? In this fresh, carefully researched book, New York Times reporter Steven Greenhouse explores the economic, political, and social trends that are transforming America's workplaces, including the decline of the social contract that created the world's largest middle class and guaranteed job security and good pensions. We meet all kinds of workers-white-collar and blue-collar, high-tech and low-tech, middle-class and low-income-as we see shocking examples of injustice, including employees who are locked in during a hurricane or fired after suffering debilitating, on-the-job injuries. With pragmatic recommendations on what government, business and labor should do to alleviate the economic crunch, The Big Squeeze is a balanced, consistently revealing look at a major American crisis.

The Secret Language of Influence Dan Seidman,2012-04-11 Spanning the use of storytelling, humor, emotion-evoking language, and questions that advance the sale, this entertaining and practical book demonstrates the power of words to break down resistance and incline buyers toward purchase. A few simple words--the right words--can transform an awkward sales call into a comfortable conversation and a resistant prospect into a happy customer, which is why author Dan Seidman teaches you to think of influence as something occurring at a level just below the buyer's awareness. The Secret Language of Influence does this by explaining not only how to identify the right words--and which to avoid--but how to use strategic key words and phrases with different potential buyers. You'll learn the best ways to approach buyers who are: motivated by benefits vs. problems (i.e., wanting to hear about the money they'll save rather than the pain they'll avoid); proactive vs. reactive; big picture vs. detail oriented; systems thinkers vs. creative minds; and those who are influenced by external feedback (testimonials, evidence) vs. internal

factors (feelings, personal experiences, beliefs). Today's buyer is savvy and all too familiar with traditional selling techniques, but great selling is invisible. By identifying different ways buyers are motivated, salespeople can quickly customize their conversations and lead prospects to a yes.
