Squared Away G. B. Trudeau, 2013-11-05 "In a class by itself." —Jules Feiffer on *Doonesbury* This all-color volume celebrates the marriage of Alex and Toggle, an event which optimistically confirms that life, like *Doonesbury*, rolls on. Indeed, how remarkable that the strip has so embraced and occupied its era that three generations of one family have married within its panels. Gathering their kith and kin around them at Walden, the wise but wounded soldier-artist and the brilliant but insecure techhead make a promising team for the years ahead, well-rounded yet squared away. *Doonesbury*'s fifth decade finds the largest rep company in the history of comic strips fully and widely engaged. Like so many flesh-and-blood fellow citizens, key characters now struggle with dramatic career change and job stress. And the wars in Iraq and Afghanistan continue to reverberate through the lives of others, as the strip illuminates their experiences with an attentiveness unparalleled in popular culture. Amid the relentless unfolding of unexpected storylines, the strip's second and third generation characters increasingly take center stage, and the youngest regular, Sam, comes of age—literally in the blink of an eye—as the newlyweds prepare to welcome twins. It never ends, and how lucky for readers. "Most comic strips run out of creative energy after their initial inspiration," notes Garry Wills. "Trudeau has just kept improving, year after year."

Squared Away Annabeth Albert, 2018-04-01 In the wake of tragedy, SEAL Mark Whitley rushed stateside to act as guardian to his sister's three young children. But a conflicting will could give custody to someone else—someone Mark remembers as a too young, too hot, wild party boy. Even after six years, Mark can't shake the memory of his close encounter with Isaiah James, or face up to what it says about his own sexuality. Isaiah's totally over the crush that made him proposition Mark all those years ago. In fact, he's done with crushing on the wrong men altogether. For now, he's throwing himself into proving he's the best person to care for his cousin's kids. But there's no denying there's something sexy about a big, tough military man with a baby in his arms. As the legal details get sorted out, their long-buried attraction resurfaces, leading to intimate evenings after the kids are tucked in. A forever future is within reach for all of them, if only Mark can find the courage he needs to trust Isaiah with his secrets—and his heart. Gunny's Rules R. Lee Ermey, 2013-10-28 Put down your sissy drink with its umbrella, get off your backside, and square yourself away. Get fit, get a job, and get yourself some self-respect. America's favorite, most in-your-face sarge is going to show you how to get squared away like a Marine. R. Lee "Gunny" Ermey, of The History Channel's *Mail Call*, takes time out from telling viewers all about military technology, to tell readers all about life. Men today are facing a crisis of emasculation. Gunny is here to tell you how to fight back and save your dignity: by taking control of your own damn life. First, he teaches you how to get fit, stay fit, and defend yourself. Then, he teaches you how to conduct yourself the way real men do: with assertiveness but also with wisdom and courtesy. Finally, Gunny motivates you to use your new fitness and new attitude to live life like a man of honor: to work hard, reach for high goals, and set an example with your life. *Gunny's Rules* is the ultimate guide for anyone who wants to live life like one of the toughest of the tough—like a Marine.

Squared Away: Benning to Afghanistan Stephen Millett,2019-12-20 Squared Away: Benning to Afghanistan is a non-fiction memoir about a former high school teacher's enlistment in the US Army Infantry at the age of thirty-nine. A surprising applicant for the military, Stephen enlisted in 2010, and attended Infantry Basic Training at Fort Benning, Georgia. His memoir describes what it was like joining the military at a time of war, what it took for him to complete the difficult Infantry training, and what it was like serving in Afghanistan in 2012.Stephen's memoir tells the story of his service with funny twists and turns that make Squared Away a genuine and heartfelt exploration of service. This book is fast-paced and accessible and will surely entertain any reader. Starting with an infamous Shark Attack this memoir pulls in the audience from the first chapter.Squared Away has twenty-four vignettes that comprise the chapters of the memoir. Each one details a different, humorous event and works within the larger context of what it means to serve America in uniform with brutal honesty, conviction, and care. In the book we meet a merry band of characters including sadistic drill sergeants, high-speed recruits, and hapless teenagers far from home. Stephen deployed at forty-one years old as an Infantryman to Afghanistan with the 4th Infantry Division from Fort Carson, Colorado. His unit was deployed near the Pakistan border in a time of chaos in the region. Part humorous account of Basic Training and part examination of what it takes to serve in uniform, Squared Away is a first-hand account of surviving in the military. Where Away George Sessions Perry, Isabel Leighton, 1944 Story of the U.S.S. Marblehead and its crew.

The Making of an Assassin Atlanta Jim West, 2017-10-25 Jim Lashley grew up on a small farm in rural West Texas. Following a couple of failed attempts in college because of misbehavior, he elected to enlist in the marines instead of being drafted into the army during the Vietnam War. Throughout his first two tours as a recon marine, Jim learned firsthand how cheap human life was. Following the almost-complete annihilation of his team on a small insignificant hill, Jim was noticed by a very senior officer who decided that he was worthy of special attention. After completing a program to become a marine pilot, Jim returned to Vietnam one final time. Returning home and nearing the end of the war, Jim was recruited to join a very special group that worked covertly to assist a high-profile security firm known as Black Water. That group, Dark Water, performed numerous clandestine activities that the parent company couldn't afford to be associated with. For the remainder of his time as a marine pilot, Jim traveled around the globe, following the directives of this secretive group known only to a very select few. When his time with the marines came to an end, he was again advised by the same senior officer who had made possible his becoming a marine pilot and admission into the Dark Water group to apply to the airlines as a pilot. After being hired by American Airlines, he was given the opportunity to continue to assist Black Water with another covert group that functioned only in the continental United States. That group was simply known as Muddy Water.

Mars Is...Away from Shelter P. S. Rain, 2000-04 The year is 2051. Every probe sent to reconnoiter up close of Candor Canyon, Mars has failed. Accidents? NASA Director, Ken Hsu, thinks not. Suspecting a sinister hand, he surreptitiously re-directs the latest probe sent to Mars from its destined mission plan, toward Candor where it finds an anomaly, an ancient structure not wrought by natural random processes. DoD immediately steps in to investigate, much to the chagrin of President Diane Keynes, who worries not only about the ever-increasing influence DoD exerts over space exploration, but also fears any semblance of catastrophe will sink her re-election bid in the coming year. Blinded by ambition, and her hatred for Chairman of the Joint Chiefs of Staff Henry Santos, she is unaware of an odious danger much closer to her than a dead alien ruin on Mars, much more present and quite alive, threatening her administration, her sanity, and her life. Though tough, strong willed, and astute, she needs help. Will

she get it before it's too late? At risk is more than her singular life. All humanity on Earth could suffer should she fail.
