Conversations with Women in Musical Theatre Leadership Amanda Wansa Morgan, 2023-10-27 Most writers, composers, librettists, and music directors who make their careers in musical theatre do so without specific training or clear pathways to progress through the industry. *Conversations with Women in Musical Theatre Leadership* addresses that absence by drawing on the experiences of these women to show the many and varied routes to successful careers on, off, and beyond Broadway. *Conversations with Women in*

Musical Theatre Leadership features 15 interviews with Broadway-level musical theatre music directors, directors, writers, composers, lyricists, stage managers, orchestrators, music arrangers, and other women in positions of leadership. Built around extensive interviews with women at the top of their careers in the creative and leadership spheres of musical theatre, these first-hand accounts offer insight into the jobs themselves, the skills that they require, and how those skills can be developed. Any students of musical theatre and stagecraft, no matter what level and in what setting from professional training to university and conservatory study, will find this a valuable asset.

The Stage Director's Prompt Book Leslie Ferreira, 2022-12-27 The Stage Director's Prompt Book is a step-by-step, detailed guide on how to create a practical and powerful rehearsal and performance tool—the director's prompt book. A prompt book is a coordinating and organizational tool for the stage director. This book systematizes the creative process the director uses to analyze and interpret a play and coordinates all director-related rehearsal and production activities into a single, self-contained interpretive and organizational system. This book guides the director through the necessary steps and stages of creating and using a prompt book—from play analysis and interpretation, through the formation of a dynamic and theatrical director's vision, to a unique method of physicalizing a play in production. A prompt book of a one-act play is included in the book as a

complete example of the system. Such techniques as redlining, color coding and creating a three-column left-hand page are vividly illustrated for readers, allowing them to assemble their own prompt books. In a clear and example-driven format, *The Stage Director's Prompt Book* offers a system of directorial interpretation that takes the director through a series of point-by-point instructions to construct a strong, effective and creative instrument for success. For the undergraduate and graduate student of theatre directing, stage management and producing courses, along with aspiring professional directors, this book provides an interactive and intuitive approach to personalize the stage directing experience and assemble a graphically dynamic and creative director's prompt book.
