The Smaller Standard Speller Epes Sargent,2015-07-27 Excerpt from *The Smaller Standard Speller: Containing Classified Exercises for Oral Spelling; Also, Sentences for Silent Spelling, by Writing From Dictation* The present Volume, like the larger *Standard Speller*, has been prepared with the view of combining the advantages of oral spelling with those of silent spelling, by writing from dictation. Many children will spell a word aloud, and be puzzled when told to put it in writing. Now, as we learn spelling chiefly to avoid blunders in writing, and as spelling is better learned by the eye than by the ear, dictation exercises ought to be an inseparable part of instruction. The words of this volume have been very carefully selected: such representative words being given as may be guides to the spelling of large classes of words of a similar sound, while the anomalous, words are so. classified as to be impressed on the memory by association. A pupil thoroughly drilled in the exercises here presented will not be far from being an accomplished speller. The dictation exercises have been written expressly for this volume, and will be found to differ from those in Sargent's larger *Speller*. The teacher will often find it useful to have the latter work at hand. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Building Better Dictation Skills Nathan O. Buonviri, 2015-08-14 Melodic dictation plays an important role in music theory classes, but instruction is often based on tradition rather than research. Dictation teachers and students do not just need more exercises and drills; they need to see deeper into the materials, consider how we connect to them, and practice wisely. Building Better Dictation Skills offers teachers and students the “why” and “how” of melodic dictation, through research-based exercises aimed at developing proactive musical listening. During dictation, students must actively involve themselves in the unfolding of an unfamiliar melody—using all of their musical skills in a concerted effort—to get into the composer’s mind and understand what is played. The author’s published research, on which this book is based, provides a level of insight unlikely to be discovered simply through drilling more melodies. Building Better Dictation Skills provides music educators and students with a concise, specific, and affordable resource that focuses on what they really need: dictation strategies aimed at learning beyond the “right answer.”

Teaching Listening and Speaking in Second and Foreign Language Contexts Kathleen M. Bailey, 2020-03-05 This book guides language teachers in planning and teaching activities that promote the development of speaking and listening skills at all levels of target language proficiency,

for teachers of any modern language. Kathleen M. Bailey draws on her extensive experience as a language teacher, teacher educator, and language learner to interweave practical activities with the research and theory that support their use. Activities include the use of pictures, songs, drama techniques, tasks, and projects to promote the development of speaking and listening skills. The author shares reflections of her own and encourages readers to reflect on their own experiences and become aware of their existing mental constructs through multiple reflection tasks and discussion questions. Each chapter provides focusing questions. The systematic chapter structure scaffolds the readers' understanding of the concepts explored, which include communication strategies, interactive and non-interactive listening, speaking anxiety, accentedness and intelligibility, and much more. Through its companion website this book provides access to resources that enable readers to continue their own professional development as teachers of listening and speaking in second and foreign language contexts.

Interactive Dictations Judy DeFilippo, Catherine Sadow, 2014 Interactive Dictations is a low-intermediate to intermediate level text that is intended to improve the listening, speaking, and writing skills of ESL students. Each dictation is preceded by an introduction and vocabulary/pronunciation work and is followed by discussion topics. Pair and small-group work is encouraged. Following the discussions, there are an optional writing topic and a variety of other activities, including idiom/vocabulary work, role plays, and many cooperative learning activities. Reading skills are also reinforced, along with attention to vocabulary and grammar. This text provides a wide variety of dictations that include provocative news items, problems to solve, and decisions to make. - There are four different types of dictation: - Partial (Cloze): Students listen and fill in the blanks in the activity. - Pair: Students work in pairs with different gaps in their passages. - Dictogloss: Students hear a sentence once and have to write the gist of that sentence. - Prediction: Students predict what should be in the sentence blank and then check to see if their prediction was correct. An (optional) audio program is available for download. Visit ProLinguaLearning.com for details.
