Animals Will Staples, 2021-03-30 When rhino poachers kill two of his fellow rangers in Kruger Park, South African Defense Force veteran Cobus Venter reaches his breaking point. Quitting his job, he embarks on a vigilante mission to take down the animal-trafficking syndicate from the inside. Meanwhile, in Florida, insurance investigator Randall Knight is called to a private roadside zoo, where a new tiger cub of suspect lineage brought a virus that wiped out all the zoo's tigers. The disease is just one species jump away from erupting into a deadly global human pandemic. What starts as a simple insurance claim leads Knight to discover a shocking new evolution in the business of illicit animal trafficking. Both men's journeys take them from the darkest corners of Southeast Asia to the VIP gambling rooms of Macau, where they must stay alive long enough to stop a vicious international triad from ending wildlife as we know it. *Animals* is set in the world of global animal trafficking and follows converging story lines into a dark maze of corruption and organized crime, and through the journeys of the main characters, the novel explores the factors driving the exploitation and ruin of the natural world. Though the story is fiction, the characters, locations, and plot points are almost entirely rooted in fact. They are the product of hundreds of conversations with everyone from Jane Goodall to the CIA, to Damien Mander (an ex-mercenary turned animal activist). To experience the issue firsthand, Will Staples took a month-long research trip spanning three continents and seven countries. The journey was a profoundly transformative, life-altering experience. The author's goal with this novel is to expose this issue to as many people as possible. To that end, all his income from this book will be donated to nonprofit organizations dedicated to protecting wildlife.

Breeding Major Food Staples Manjit Kang, P. M. Priyadarshan, 2008-02-04 As the world's population increases the need to produce greater quantities of major staple crops such as wheat, rice, maize, potato, cassava, soybean, sweet potato, barley, and banana in order to sufficiently feed the people of the world continues to grow. *Breeding Major Food Staples* covers improving yields and quality of these crops through breeding and the use of molecular biology tools such as gene transfer, genome mapping, biofortification, and bioinformatics. This book will be an important reference for anyone working in crop breeding.

The Birth of Development Amy L. S. Staples, Amy L. Sayward, 2006 Focusing on the evolution of post-1945 internationalist ideology, this study highlights efforts to diffuse the destructive role of the nation-state in world affairs by constructing international organisations with global agendas.

Getting to Neutral Trevor Moawad, Andy Staples, 2022-01-25 Foreword by Ciara In this breakthrough book, the author of Wall Street Journal bestseller *It Takes What It Takes* provides life-changing, step-by-step guidance on how to successfully navigate adversity and defeat negativity by downshifting to neutral thinking. It's easy to be positive when everything is coming up roses. But what happens when life goes sideways? Many of us lapse into a self-defeating negative spiral that makes it hard to accomplish anything. *Getting to Neutral* is a step-by-step guide that shows readers how to use mental conditioning coach Trevor Moawad's innovative motivational system to defeat negativity and thrive. Neutral thinking is a judgment-free, process-oriented approach that helps us coolly assess situations in high-pressure moments. Moawad walks readers through how to downshift to neutral no matter how dire the situation. He shows us how to behave our way to success, how to determine and practice our values in a neutral framework, and how to surround ourselves with a team that helps us to stay neutral. Filled with raw, inspiring stories of how Trevor navigated health challenges with neutral thinking as well as insights drawn from some of the world's best athletes, coaches, and leaders, *Getting to Neutral* will help readers learn to handle even the most complex and turbulent situations with calm, clarity, and resolve.

Perilous, Prophet and Papa Dr. Jerry R. Staples M.Div. D. Min, 2019-06-24 This book is a powerful story about my dad, Nelson B. Staples Jr., who was confronted with death on several occasions, only to see God undeniably defy death on his behalf, which made Dad a walking miracle. Dad's life was guided by God as he worked in the coal mines for twenty years, served in the United States Military during the Jim Crow era, as he worked for the Veterans Administration Hospital as supervisor of building management and EEO counselor for thirty-two years, and as he was pastor of several churches in rural West Virginia. Even though my dad faced much opposition, God gave him the vision to become the founder and builder of the Mount Zion Baptist Church in Beckley, West Virginia, which had over eight hundred members on the church roster during his tenure.

Before the Glory Bill Staples, Rich Herschlag, 2007-03 Recounts the true childhood stories and lessons of some of baseball's greatest players, including Gary Carter, Ralph Kiner, Ferguson Jenkins, and Tony Gwynn.

Youth-Led Community Organizing Melvin Delgado, Lee Staples, 2008 Youth-led organizing is increasingly receiving attention from scholars, activists, and the media. Delgado and Staples have produced the first comprehensive study of this dynamic field. Their well-organized book takes an important step toward bridging the gap between academic knowledge and community practice in this growing area.

Black Families at the Crossroads Leonor Boulín Johnson, Robert Staples, 2004-09-24 This updated edition of the classic book *Black Families at the Crossroads*, offers a comprehensive examination of the diverse and complex issues surrounding Black families. Leonor Boulín Johnson and Robert Staples combine more than sixty years of writing and research on Black families to offer insights into the pre-slavery development of the Black middle class, internal processes that affect all class strata among Black American families, the impact of race on modern Black immigrant families, the interaction of external forces and internal norms at each stage of the Black family life cycle, and public policies that provide challenges and promising prospects for the continuing resilience of the Black family as an American institution. This thoroughly revised edition features new research, including empirical studies and theoretical applications, and a review of significant social policies and economic changes in the past decade and their impact on Black families.

The Green Dog Suzanne Fisher Staples, 2005-05-31 My very own dog . . . All Suzanne can think of is her dream dog -- black-and-tan, with long silky fur and deep chocolate eyes. So when the perfect dog shows up one day, she is overjoyed. But Jeff, the dog, has a nose for trouble, and keeping him will be more difficult than Suzanne ever imagined.

I'll Take You There Greg Kot, 2014-01-21 "A biography that will send readers back to the music of Mavis and the Staple Singers with deepened appreciation and a renewed spirit of discovery" (Kirkus Reviews, starred review)—from the acclaimed music journalist and author featured prominently in the new HBO documentary *Mavis!* This is the untold story of living legend Mavis Staples—lead singer of the Staple Singers and a major figure in the music that shaped the civil rights era. One of the most enduring artists of popular music, Mavis and her talented family fused gospel, soul, folk, and rock to transcend racism and oppression through song. Honing her prodigious talent on the Southern gospel circuit of the 1950s, Mavis and the Staple Singers went on to sell more than 30 million records, with message-oriented soul music that became a soundtrack to the civil rights movement—inspiring Martin Luther King, Jr. himself. Critically acclaimed biographer and Chicago Tribune music critic Greg Kot cuts to the heart of Mavis Staples's music, revealing the intimate stories of her sixty-year career. From her love affair with Bob Dylan, to her creative collaborations with Prince, to her recent revival alongside Wilco's Jeff Tweedy, this definitive account shows Mavis as you've never seen her before. *I'll Take You There* was written with the complete cooperation of Mavis and her family. Readers will also hear from Prince, Bonnie Raitt, David Byrne, and many others whose lives have been influenced by Mavis's talent. Filled with never-before-told stories, this fascinating biography illuminates a legendary singer and group during a historic period of change in America. "Ultimately, Kot depicts the endurance of Mavis Staples and her family's music as an inspiration, a saga that takes us, like the song that inspired this book's name, to a place where ain't nobody crying" (The Washington Post).

Staples for Success Thomas G. Stemberg,1996 Tom Stemberg, the founder of Staples and father of the office superstore industry shares the secrets he learned driving Staples to become a billion-dollar business. He helps readers live the reality, dream the dream.

Eighteen East 74th Street Lawrence H. Staples,2020-11-05 I'm an 88-year-old retired Jungian Analyst. I wrote this book to share a lifelong struggle to free myself from the powerfully dominating influence of my mother, something Jung more elegantly described as "The Battle for Deliverance from the Mother." It's a battle I now doubt can be won, although an uneasy truce may be achievable. I believe the power that my mother's values and beliefs have over me is related to a very early experience in life that seems quite small but, like an atom, contains unspeakably powerful energy. I refer to it as "that look," the look of pure, unconditional love that is experienced only briefly in early infancy and seems to evaporate once socialization begins. Unconsciously, we recognize it as a reflection of our inmost being, an image so exquisite that we want to hold onto it and keep it only for ourselves. We are not only unconscious of the wish to be "le seul," the only one, but also of the price that must be paid to remain so: the rejection and concealment of that part of ourselves that mother frowned upon, narrowing us down to only the bright side of our two-sided moon. The struggle to be free of the mother's power becomes the struggle for wholeness itself. At the same time, after all our work and self-reflection, we realize that mother, paradoxically, is essential to our experience of our self and with "that look" fuels our lifelong search for it.

It Takes What It Takes Trevor Moawad,Andy Staples,2020-02-04 Foreword by Seattle Seahawks quarterback Russell Wilson From a top mental conditioning coach—the world's best brain trainer" (Sports Illustrated)—who has transformed the lives and careers of elite athletes, business leaders, and military personnel, battle-tested strategies that will give you tools to manage and overcome negativity and achieve any goal. He knows how to win. More, he knows the many ways-subtle, brutal, often self-inflicted-we lose. As the most trusted mental coach in the world of sports, Trevor Moawad has worked with many of the most dominant athletes and the savviest coaches. From Nick Saban and Kirby Smart to Russell Wilson, they all look to Moawad for help finding or keeping or regaining their competitive edge. (As do countless business leaders and members of special forces.) Now, at last, Moawad shares his unique philosophy with the general public. He lays out lessons he's derived from his greatest career successes as well as personal setbacks, the game-changing wisdom he's earned as the go-to whisperer for elite performers on fields of play and among men and women headed to the battlefield. Moawad's motivational approach is elegant but refreshingly simple: He replaces hardwired negativity, the kind of defeatist mindset that's nearly everybody's default, with what he calls neutral thinking. His own special innovation, it's a nonjudgmental, nonreactive way of coolly assessing problems and analyzing crises, a mode of attack that offers luminous clarity and supreme calm in the critical moments before taking decisive action. Not only can neutral thinking raise your performance level-it can transform your overall life. And it all starts, Moawad says, with letting go. Past failures, past losses-let them go. The past isn't predictive. If you can absorb and embrace that belief, everything changes. You'll instantly feel more calm. And the athlete-or employee or parent or spouse-who's more calm is also more aware, and more times than not ... will win.

Soul Poetry E. B. Staples,2015-03-26 This book is a compilation of inspired poetry and images. Some of the artwork was created by the author's son, Edwin B. Staples Jr., and others are photographs of the author's travels from around the world, from Seoul, Korea, to Prague, the Czech Republic, and beyond. Other images were collected to reflect the power of the words portrayed in this book. Of the major patterns of lyric poetry: (1) Japanese Haiku, the shortest form, consisting of seventeen syllables in three lines of five-seven-five syllables. (2) The ode, a longer, serious poem commemorating an important event—exudes feelings of praise and noteworthiness. (3) The elegy (related to eulogies) mulls on issues and events of life and death; it is often in obituaries and funeral services. E. B. Staples's poems reflect the elegy pattern as demonstrated by his love poems expressing his deep love for his wife. Some of E. B. Staples's poems deal with life and death, and several relate to current events in religion and politics. Most of E. B. Staples's poems exhibit ode and elegy forms, which he uses to share the love, grace, and power of Jesus Christ. This book includes rhythm and imagery with beautiful word choices that lead the reader through a myriad of thoughts and emotions. This is a wonderful collection of poems and images that will surely stir your soul.

The History of Pioneer Lexington, 1779-1806 Charles R. Staples,2014-10-17 In this study of Kentucky pioneer life, Charles R. Staples creates a colorful record of Lexington's first twenty-seven years. He writes of the establishment of an urban center in the midst of the frontier expansion, and in the process documents Lexington's vanishing history. Staples begins with the settlement of the town, describing its early struggles and movement toward becoming the capitol of Fayette County. He also presents interesting pictures of the early pioneers and their livelihood: food, dress, houses, cooking utensils, house raisings, religious meetings, horse races, and other types of entertainment. First published in 1939, this reprint provides those interested in the early history of Kentucky with a comprehensive look at Lexington's pioneer period. Staples recreates a time when downtown's busiest streets were still wilderness and a land rich with agricultural potential was developing commercial elements. Because he wrote during a period when much of pioneer Lexington remained, he provides a wealth of primary information that could not be assembled again.

Life Is Conscious Owen Staples,2013-11-05 Life Is Conscious is the compilation of quarterly seasonal essays written through the unique view of a Botanist. A rich and thoughtful mix of fact and metaphor can be expected throughout this unique, keen look into the possibility of creating a world where people coexist in peace, health, happiness, and respect for the planet. Readers may be pleasantly surprised to be humorously yet astutely compared to other living things: potted plants, wild growing trees, sprawling vines, the tortoise, the hare, honeybees, and other engaging comparisons. Owen's unique blend of metaphor and fact make his recipe for a peaceful world difficult to dispute. He merrily invites people to consider their actions before they choose, to consider the ramifications of these choices, and to acknowledge that what we do affects the whole world because we are all connected. Whether a plant enthusiast, animal lover, health nut, peace activist, or just an individual who simply desires something different, Life Is Conscious has something for everyone.

The Idea of Israel in Second Temple Judaism Jason A. Staples,2021-05-20 In this book, Jason A. Staples proposes a new paradigm for how the biblical concept of Israel developed in Early Judaism and how that concept impacted Jewish apocalyptic hopes for restoration after the Babylonian Exile. Challenging conventional assumptions about Israelite identity in antiquity, his argument is based on a close analysis of a vast corpus of biblical and other early Jewish literature and material evidence. Staples demonstrates that continued aspirations for Israel's restoration in the context of diaspora and imperial domination remained central to Jewish conceptions of Israelite identity throughout the final centuries before Christianity and even into the early part of the Common Era. He also shows that Israelite identity was more diverse in antiquity than is typically appreciated in modern scholarship. His book lays the groundwork for a better understanding of the so-called 'parting of the ways' between Judaism and Christianity and how earliest Christianity itself grew out of hopes for Israel's restoration.

Behold Your Mother Tim Staples,2017-08 From the cross Jesus gave us his mother to be our mother, too: a singularly holy model, consoler, and intercessor for our spiritual journey. Yet most Protestants, and too many Catholics don't understand the role that God wants her to play in our lives. In Behold Your Mother, Tim Staples takes you through the Church's teachings about the Blessed Virgin Mary, showing their firm Scriptural and historical roots and dismantling the objections of those who mistakenly believe that Mary competes for the attention due Christ alone. Combining the best recent scholarship with a convert's in-depth knowledge of the arguments, Staples has assembled the most thorough and useful Marian apologetic you'll find anywhere. Relevant and essential -- Mary matters. Read Behold Your Mother and find out just how much.
