The structure of this book is as follows: •Statistics – this will provide the reader with an analysis of the words used in the story and the level of difficulty. It will set out new words along with Pinyin and explanation. The new words set out here are not cumulative. New words are set out here as long as the words used are not in the Extended HSK 2 Vocabulary. •Story – this section is the story in Simplified Chinese without Pinyin and the English translation. To test level of reading skills, you should attempt to read this section first before going to the next. •Pinyin and Translation – this will be the section for Pinyin and English translation. •Appendix – for the benefit of those who need assistance on the HSK 2 and HSK 2 Standard Course vocabularies, I have included them in this section for your reference. The stories in this book are individual stories. A reader may choose to read this book in any particular order.
