

Star Runner

James Watson

Legend of the Star Runner J. I. Wagner, 2018-05-22 In an effort to save a dear friend, Timmi Tobbsen and his cohorts follow the clues concealed within a centuries-old family legacy and unravel the legend of a long-lost pirate ship, buried somewhere deep beneath the city streets, but their search awakens a mystical dark power.

Taming the Star Runner S.E. Hinton, 2014-01-15 “A powerful story” of a boy leaving the city streets for a summer at a horse farm—and discovering the possibility of a different life (Kirkus Reviews). An ALA Best Book for Young Adults An ALA Quick Pick With an absent mother and a domineering stepfather, Travis uses his tough-guy exterior to hide his true passion: writing. After a violent confrontation with his stepfather, Travis is sent to live on his uncle’s horse ranch—exile to a born-and-bred city kid. Angry and yearning for a connection, Travis befriends Casey, the horse-riding instructor at the ranch, and the untamable horse in her stable: the Star Runner. When a friend from the city visits with stories of other kids from the neighborhood facing jail time, Travis is more determined than ever that he needs to escape the life of juvenile delinquency he seems destined for. When the offer of a book deal comes through, Travis is hopeful that this is his chance to escape—if only his stepfather will stop standing in the way of his dreams. In this novel, the acclaimed author of *The Outsiders* “portrays her characters with sympathy and yet commendably refuses to gloss over rough edges or gritty truths” (Publishers Weekly). “Hinton continues to grow more reflective in her books, but her great understanding, not of what teenagers are but of what they can hope to be, is undiminished.”—Kirkus Reviews

But space can be a dangerous place with hazard's that are hard to avoid. Journey's End ? - Star Runner and her allies go back to where it all began, back to the Bubble - an energy sapping region of space where death is the most common form of escape.

Star Runner Mark McDonough,2013-04-22 Aliens don't exist. Travelling around the galaxy using wormholes only happens in stories. They're facts. In all the years that humans have travelled in space, they've never happened. But today's facts are about to become yesterday's stories for brothers Alexander, Pete and Nick Daniels when their spaceship is pulled into a black hole and lost. Now the question is, can they ever get back home?

The Star Runner Rob J. LaBelle,2021-06-22 Sam Watson is your average, everyday guy. He's kind of a

nerd, is about to become a video game store manager, and isn't all that outgoing. That is until one day when he discovers a strange, metallic object in the river. Little does he know that the tennis ball-sized sphere is not of this Earth. He doesn't figure that out until an alien woman comes for him and the sphere so that she can deliver it safely back to its planet of origin. Once Sam comes to terms with everything that's going on, he winds up going on an epic adventure through another galaxy, where he visits other planets and meets many different alien species. In the process, he also uncovers a secret alien plot that's been kept under wraps for thousands of years. Plus, he finally winds up coming out of his shell. Will Sam survive the encounter? Will he make it back home alive? Does he fall madly in love with the alien woman? Of course, in order to get your own answers, you must take the journey yourself.

Taming the Star Runner Gene Walden,

Star Runners L.E. Thomas, 2030-12-31 Austin Stone is the best Star Runners player there is. But it's not a game, it's real . . . and he's about to become the greatest hero in a war that spans the stars. Austin's just a typical teenager, struggling with school and the loss of his father. He's also a living legend as "Rock," one of the best players of the hugely popular Star Runners MMORP—but that's just a game right? Suddenly he's got a scholarship to an intense military school and he and his friends learn the truth: everything in Star Runners is real. If he works hard and survives, he will become a real-life fighter pilot in deep space, a hero of the freedom-loving Legion. Well before he's ready, and before anyone expected, Austin is thrust into the center of a very real war with the Zahl Empire. Will he be able to save the people that matter to him most or will his adventure in space end before it begins?

Star Runner Chronicles: Rising Star James Watson, 2022-05-08

Some of Tim's Stories S.E. Hinton, 2013-04-30 From the author of *The Outsiders*: “Immediate and gripping” tales of two boys whose lives diverge in dramatic ways after a shared childhood tragedy (School Library Journal). Terry and Mike were cousins who were as close as cousins could be—more like twin brothers, really. They thought they were invincible and that the happy times would last forever, until the day their fathers headed off for their annual deer-hunting trip. That was when everything started to change, and their paths went in very different directions. Years later, another fateful event will send one of them to prison—and the other to a bartending job in Oklahoma—while the prospect of an eventual reunion looms . . . From the award-winning author of *That Was Then, This Is Now* and *Rumble Fish*, “Some of Tim’s Stories is a compact set of vignettes” full of “sharp, concise observation” (The New York Times).

Taming the Star Runner S. E. Hinton, 1989-09-01 Sent to live with his uncle after a violent confrontation with his stepfather, sixteen-year-old Travis, an aspiring writer, finds life in a small Oklahoma town confining until he meets an eighteen-year-old horse trainer named Casey.

Star Runner Neil Herndon, 2020-01-22 Simon Rigel constantly struggled to find his place in the galaxy. Art had him craving more, and only when he traveled into space did he feel genuinely at home. Yet, after a sequence of encounters, he discovers himself in the midst of a cosmic conflict that questions everything he knows. After an alien emissary comes calling, Simon moves from humble citizen to captain of one of the finest warships when his biological father, a legendary war hero, goes missing. Over the course of Simon's

first year battling against an implacable enemy, the fledgling pilot shows his skill with every encounter. But the adversary forces him and his crew to the edge, along with the sanctimonious demands of his political officer. It forces Simon to find his own way in the fight, and do what he feels is true and good, not just what he's told.

Stowaway Star Runner C.G. Harris,2022-10-20 Who knew babysitting an alien would be so hard? Ben and the crew have set course for an alien planet, but the inhabitants are far from what they expected. They have answers that could get their baby Viraquin home but Ben isn't sure he's willing to pay the price for the well guarded secret. En route to the planet, they receive a distress call from a crippled ship and are bound by law to help. The life support system onboard is failing and the crew is dying. Ben and Lois are their last hope. The power couplings needed to ensure their survival are easy enough to get, they just have to be plundered from another ship. A perfect way for Ben and his crew to break into the space pirate business. Too bad they've targeted one of the most ruthless aliens in the galaxy as their mark. It's a race against time to escape destruction, save the crippled ship and learn the secret that can safely deliver the baby Viraquin home. *Stowaway Star Runner* is book 2 in the Viraquin Voyage space pirate series. Book 3, *Yuletide Space Ranger* now available.

A Tree or a Person or a Wall Matt Bell,2016-09-13 “Blurs the often fine lines between literary and genre fictions, allegory and horror, magical realism and bizarro . . . An unforgettable reading experience” (The New York Journal of Books). A nineteenth-century minister builds an elaborate motor that will bring about the Second Coming. A man with rough hands locks a boy in a room with an albino ape. An

apocalyptic army falls under a veil of forgetfulness. The story of Red Riding Hood is run through a potentially endless series of iterations. A father invents an elaborate, consuming game for his hospitalized son. Indexes, maps, a checkered shirt buried beneath a blanket of snow: they are scattered through these pages as clues to mysteries that may never be solved, lingering evidence of the violence and unknowability of the world. Named one of the best books of the year by the Chicago Review of Books, *A Tree or a Person or a Wall* brings together Matt Bell's acclaimed short fiction—the story collection *How They Were Found* and the acclaimed novella *Cataclysm Baby*—along with seven dark and disturbing new stories, to create a work of singular power.

Star Runners: Galactic War L. E. Thomas, 2020-12-25 The galaxy is burning. The Galactic Legion of Planets is reeling from a surprise invasion from a mysterious force hailing from Dark Space. Back in the cockpit of a Trident, Austin Stone and the elite Star Runners are battling against a swarming armada threatening to conquer star systems that could ultimately place Earth in the invaders' path! At the same time, the Zahl Empire is maneuvering to take advantage of the Legion's struggles by igniting the long-simmering cold war and avenging the embarrassment of the previous galactic war. As the Star Runners parry the vicious onslaught of an alien force, they must respond to a Zahlian incursion on the Fringe world of Ashia that could escalate into a two-front war the Legion could not survive. Enhanced by intense space battles in what one reader described as an overarching powerful ensemble of a space epic that keeps you reading, *Star Runners: Galactic War* is the sixth installment of the primary Legion storyline in the Star Runners Universe.

Blade Runner 2 K. W. Jeter, 1996 K.W. Jeter picks up the tale of Rick Deckard, the 'blade runner' created by Phillip K. Dick and popularized by Ridley Scott's cult classic film. Consistent with the sordid vision of 21st century Los Angeles crafted by Dick and Scott, Jeter creates a stylish piece of thrilling, futuristic suspense that finds Deckard not only in the role of hunter, but also hunted. Again, Deckard is on the trail of an replicant, not knowing that it may be the most elusive and dangerous android of all.

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.
