Start Here Greg Berman, 2018-03-06 As heard on NPR's Fresh Air Recommended by The New York Times' Sam Roberts "Start Here is an urgent and timely primer on the approaches that are working and don't require federal approval or political revolution to end one of the most pressing justice issues the country faces today." —Brooklyn Daily Eagle A bold agenda for criminal justice reform based on equal parts pragmatism and idealism, from the visionary director of the Center for Court Innovation, a leader of the reform movement Everyone knows that the United States leads the world in incarceration, and that our political process is gridlocked. What can be done right now to reduce the number of people sent to jail and prison? This essential book offers a concrete roadmap for both professionals and general readers who want to move from analysis to action. In this

forward-looking, next-generation criminal justice reform book, Greg Berman and Julian Adler of the Center for Court Innovation highlight the key lessons from these programs—engaging the public in preventing crime, treating all defendants with dignity and respect, and linking people to effective community-based interventions rather than locking them up. Along the way, they tell a series of gripping stories, highlighting gang members who have gotten their lives back on track, judges who are transforming their courtrooms, and reformers around the country who are rethinking what justice looks like. While *Start Here* offers no silver bullets, it does put forth a suite of proven reforms—from alternatives to bail to diversion programs for mentally ill defendants—that will improve the lives of thousands of people right now. *Start Here* is a must-read for everyone who wants to start dismantling mass incarceration without waiting for a revolution or permission. Proceeds from the book will support the Center for Court Innovation's reform efforts.

Start Here Pier Bryden, M.D., Peter Szatmari, M.D., 2020-01-28 From two of the top child and adolescent psychiatrists at The Hospital for Sick Children comes an accessible guide to common mental health struggles, such as anxiety and depression, for any parent

wondering how to help their child. Is my child okay? Is she eating and sleeping enough? Is he hanging out with the right people? Should I be worried that she spends all her time in her room? Is this just a phase? Or a sign of something serious? As parents, we worry about our children—about their physical health, performance at school, the types of friends they have, and, of course, their mental health. Every day seems to bring new and expanding issues and disorders and troubling statistics about the rise of mental illness in children and teens. It's usually obvious what to do for physical injuries like broken bones, but when it comes to our children's mental health, the answers are much less clear, and sometimes even contradictory. Pier Bryden and Peter Szatmari, top child and adolescent psychiatrists, are here to help. Using their combined six decades working with families and kids—and their own experiences as parents—they break down the stigma of mental health illness and walk parents through the warning signs, risk factors, prevention strategies, and the process of diagnosis and treatment for mental health challenges arising from: -Eating disorders -Anxiety -Psychosis -Sleep Disorders -Substance Use Disorders -ADHD -Autism -Depression -Trauma -Suicidal thoughts and behaviors The most important thing to remember as a parent is that you and your child are not alone. Wellness is a continuum, and there is a lot parents can do to bring their child back to a place of safety. The road ahead isn't always easy or straightforward, but this guidebook offers essential advice that every parent needs to advocate for their child.

The Start Here Diet Tosca Reno, Billie Fitzpatrick, 2013-12-31 With her Eat-Clean Diet, Tosca Reno went from being overwhelmed and overweight to modeling a bikini, but her seventy-pound weight loss and body transformation didn't happen overnight; even Tosca needed a simple approach, a place to begin. Now she reveals her secrets so that you can begin your journey to safe weight loss and optimal health. Start now with *The Start Here Diet*! Tosca knows what it's like to feel ashamed of your body: At her heaviest, she hid behind bulky clothes and rarely had her picture taken. Her blood sugar level was like a roller coaster, and her heart rate was far from normal. Tosca was so focused on taking care of her family that she neglected her own needs. Then she started making slight adjustments in her everyday life—small changes that brought about big results. In this

exciting book, she shares the three easy-to-follow steps that helped her get her life back on track: Step 1: Dive Inward. Identify the emotional triggers for your overeating, the self-defeating “self-talk,” and the underlying reason why you really want to shed the pounds. Sharing her own internal dialogue—including excerpts from the journal she kept at that time—Tosca will help you overcome these internal barriers in a completely unique, accessible way. Step 2: Uncover Your Hidden Foods. Do you have a food you think you just can’t live without? Or something you eat mindlessly and often? These are your “hidden foods” and they are sabotaging your best efforts to lose weight and keep it off. Through Tosca’s transformative process, you will once and for all identify the empty-calorie foods that have added extra pounds and replace them with nutritious foods you can enjoy without weight gain. Part 3: Move a Little! The Start Here plan doesn’t require you to join a gym or do lengthy daily workouts. Simply choose from Tosca’s list of fifty basic movements to strengthen, tone, and improve your health. These are exercises you can fit into the rhythm of your busy life. Moving a little for even fifteen minutes a day will help reshape your body and put you on a path to weight-loss success. Like a good friend and trusted mentor, Tosca will show you how to believe in yourself again, forgive yourself, and imagine a life of joy you thought was out of reach. Her Start Here “essentials”—shopping and cooking tips, meal plans, and thirty delicious recipes—will help you learn to eat to nourish your body, not just to feed it. As Tosca says, The Start Here Diet is all about cherishing you—and you are wonderful!
