Sword Fighting in the Star Wars Universe Nick Jamilla,2014-01-10 Unlike most makers of modern or futuristic films, George Lucas turned away from the standard special operatives or secret agents when he created the heroes for his epic Star Wars saga. Part knight, part monk, the Jedi Knights were an order of swordsmen that helped rule the universe in accordance with law and lofty principles of

justice and honor. Without the Jedi, there could be no Star Wars, and without the lightsaber sword, there could be no Jedi. This examination of the Jedi Knights, their adversaries the Sith and their lightsaber swordplay throughout all six episodes of the franchise evaluates the ways in which Lucas blended science fiction with the most ancient and epic tales of traditional samurai and Western swordsmen. It presents swordsmanship as a way to better understand the Jedi Knights, focusing on the human movement and activity surrounding the weapon and the ways in which traditional Japanese martial arts were adapted for use in the films. Topics of discussion include the powerful effects of the master-apprentice relationship; the technical choreography used in the lightsaber scenes of the Star Wars films; and the historical precedents for the Jedi order, including the Sohei fighting monks of Japan, the Janissaries and Mamelukes of Islam, and the knights of the Templar, Hospitaller and Teutonic orders.

The Jedi Path Daniel Wallace, 2012-01-15 Unlock the secrets and share in the knowledge that has educated generations of Jedi—from the history and hierarchy of the Jedi Order to the mastery of the

Force and the nuances of lightsaber combat. Handed down from Master to Padawan, each Jedi who has held and studied this copy has annotated the pages—adding his or her personal experiences and lessons they've learned. This copy is now passed to you.

*Darksaber: Star Wars Legends* Kevin Anderson, 1996-10-01 Luke Skywalker and Han Solo, cloaked by the Force and riding with the hostile Sand People, have returned to the dunes of the desert planet Tatooine in hopes of finding what Luke so desperately seeks: contact with Obi-Wan Kenobi. Luke is hoping the old Jedi Knight's spirit will tell him how to help his love, Callista, regain her lost ability to use the Force. Tormented and haunted, Luke cannot rest until Callista is a Jedi in the fullest sense, for only then will the link between their minds and souls be restored. Yet brewing on Tatooine is news that will shake Luke and Han and threaten everything they value. The disturbing piece of information is that the evil Hutts, criminal warlords of the galaxy, are building a secret superweapon: a reconstruction of the original Death Star, to be named Darksaber. This planet-crushing power will be in the ruthless hands of Durga the Hutt -- a creature without conscience or mercy. But there is worse

news yet: the Empire lives. The beautiful Admiral Daala, still very much alive and more driven than ever to destroy the Jedi, has joined forces with the defeated Pellaeon, former second in command to Grand Admiral Thrawn. Together they are marshaling Imperial forces to wipe out the New Republic. Now, as Luke, Han, Leia, Chewbacca, Artoo and Threepio regroup to face these threats, they are joined by new Jedi Knights and Callista. Together they must fight on two fronts, outshooting and outsmarting the most formidable enemies in the galaxy. In Darksaber the Jedi are heading for the ultimate test of their power--a test in which all the temptations of the dark side beckon. And Luke Skywalker must draw upon his innermost resources to fight for a world in which he can not only live, but dare to love.
