The Status of All Things Liz Fenton,Lisa Steinke,2015-06-02 What would you do if you could literally rewrite your fate—on Facebook? This heartwarming and hilarious new novel from the authors of Your Perfect Life follows a woman who discovers she can change her life through online status updates. Kate is a thirty-five-year-old woman who is obsessed with social media. So when her fiancé, Max, breaks things off at their rehearsal dinner—to be with Kate's close friend and coworker, no less—she goes straight to Facebook to share it with the world. But something's changed. Suddenly, Kate's real life starts to mirror whatever she writes in her Facebook status. With all the power at her fingertips, and heartbroken and confused over why Max left her, Kate goes back in time to rewrite their history. Kate's two best friends, Jules and Liam, are the only ones who know the truth. In order to convince them she's really time traveled, Kate offers to use her Facebook status to help improve their lives. But her attempts to help them don't go exactly as planned, and every effort to get Max back seems to only backfire, causing Kate to wonder if it's really possible to change her fate. In The Status of All Things, Liz Fenton and Lisa Steinke combine the humor and heart of Sarah Pekkanen and Jennifer Weiner while exploring the pitfalls of posting your entire life on the Internet. They raise the questions: What if you could create your picture-perfect life? Would you be happy? Would you still be you? For anyone who's ever attempted—or failed—to be their perfect self online, this is a story of wisdom and wit that will leave you with new appreciation for the true status of your life.

Facebook for Seniors: Beginner's Guide Matthew Hollinder,2015-04-10 Facebook is the most popular online social network. Originally developed to connect college students, Facebook is used by different people from around the world amounting to its 1.39 billion users. The website gained popularity by providing an easy means of communication between people. Instead of having to send several messages to different people about how you are doing, you can post one update on Facebook to alert everyone. It also allows you to share pictures and other media with multiple people instantaneously, creating simpler and faster communication. More and more people join the network daily and the fastest growing demographic of users are in the age group of 55 and over, proving that Facebook is no longer a network limited to teenagers and young adults. People of all age groups and backgrounds recognize the value in the services it provides which is why Facebook has become a social buzzword because of its prominence in modern culture and interaction.

APA Made Easy | In Accordance with the 6th Edition APA Manual Scott Matkovich,2012 15 Minutes. That's as long as we think any student should have to spend formatting their papers. Unfortunately, students often spend hours trying to find answers from hard to follow manuals or confusing websites. Whether you want a step-by-step guide to building a title page, suggestions for writing with greater clarity, or freedom from doing internet searches every time you have a question about APA standards, APA Made Easy is the only blueprint that you will need for writing in APA style. This comprehensive writing guide includes

illustrated steps for formatting an APA document in: Microsoft Word 2010, Microsoft Word 2011 for Mac, Microsoft Word 2013, and Apple's Pages programs. You will also learn how to build an APA formatted paper from the ground up by understanding:

- How to outline information you've already gathered.
- How to write an essay or research paper from an outline.
- How to write a solid introduction.
- How to use the required headings in a research paper including Abstracts, Method, Subjects and Participants, Materials or Apparatus, Results, and Discussion sections.
- Building Citations within your paper and on your Reference page. Also included in this guide:
- APA examples and high resolution screen shots to help students correctly format documents within 15 minutes.
- Over 150 completed Reference examples
- Over 60 completed In-Text Citation examples
- How to use Headings effectively in your writing
- Specific examples that cover how to cite new media such as blog posts, emails, websites, online lectures, computer programs, social media and much more.
- A new section on using and citing DOI's (Digital Object Identifiers) for new media.
- A Short Sample paper in APA format.

Encyclopedia of Facebook Statuses Pallav Sethiya,2011-04-07 This book contains a huge collection of most funny, witty, love, romantic, insulting, inspiring, cool and hot statuses which you can use on Facebook to make your profile unique from others. Go on and choose from over 600 effective statuses according to your condition....:)

Status Poetry Brittney Schultz,2015-09-13 We can't all fit in. While some choose to see the world through bright, poppy colors and trendy masks, there are those of us who dig inside for richer tones and truer hues: a style that lasts. Come take refuge with me in my realm of status poetry. We can be hidden, we can be seen; our musings are both kind and mean.

The Small Army Strategy Srinivas Rao,2013-03-30 We've entered a fierce battle for attention. You won't be the next Tim Ferriss, Seth Godin or Chris Brogan. The world doesn't need more copycats. It needs you to be you. The only way you've got a shot at winning this war for attention is to give all yours to the few that matter. The most important people in the world are the ones who show up for you. Take such good care of them that they have no choice, but to recruit a small army. That's what this is about. It's about building an army, no matter how small that will show up and fight with you every single day to win whatever battles your fighting. You could be battling the demons of depression, career catastrophes, or the loss of love. This is about about building an army that will help you fight those battles and much more.This book isn't about how to get more traffic or increase the number of subscribers to your blog. Those things are potential byproducts , but not the goal. The goal is to treasure and nurture the attention you already have.

The Breakup 2.0 Ilana Gershon,2010-12-15 A few generations ago, college students showed their romantic commitments by exchanging special objects: rings, pins, varsity letter jackets. Pins and rings were handy, telling everyone in local communities that you were spoken for, and when you broke up, the absence of a ring let everyone know you were available again. Is being Facebook official really more complicated, or are status updates just a new version of these old tokens? Many people are now fascinated by how new media has affected the intricacies of relationships and their dissolution. People often talk about Facebook and Twitter as platforms that have led to a seismic shift in transparency and (over)sharing. What are the new rules for breaking up? These rules are argued over and mocked in venues from the New York Times to lamebook.com, but well-thought-out and informed considerations of the topic are rare. Ilana Gershon was intrigued by the degree to which her students used new media to communicate important romantic information—such as it's over. She decided to get to the bottom of the matter by interviewing seventy-two people about how they use Skype, texting, voice mail, instant messaging, Facebook, and cream stationery to end relationships. She opens up the world of romance as it is conducted in a digital milieu, offering insights into the ways in which different media influence behavior, beliefs, and social mores. Above all, this full-fledged ethnography of Facebook and other new tools is about technology and communication, but it also tells the reader a great deal about what college students expect from each other when breaking up—and from their friends who are the spectators or witnesses to the ebb and flow of their relationships. The Breakup 2.0 is accessible and riveting.
