

Stick Man 2

Christopher Ford

Stick Man Julia Donaldson, 2017

Stickman Odyssey, Book 1 Christopher Ford, 2011-08-04 When Zozimos is banished by an evil witch (his stepmother!) from the kingdom of Sticatha-the kingdom he was next in line to rule-he trains at battle (if you call chasing after butterflies training), travels across stormy seas (thanks for that, Poseidon), slays golems and monsters (with a lot of help), charms beautiful women (not really), and somehow (despite his own ineptitude) survives quest after quest. By the love of Zeus, though, none of it brings him any closer to home! It does, however, make for one quirky, original, giggle-provoking graphic novel sure to appeal to any kid interested in Greek mythology, or merely looking for an entertaining read.

Stickman Odyssey, Book 2 Christopher Ford, 2012-05-10 Greek tragedy has never been so funny Zozimos' journey to the kingdom of Sticatha has been anything but smooth. He's survived enslavement, battled golems and a ravenous Cyclops, and generally served as plaything to gods and goddesses looking for a good laugh. All for the sake of reclaiming the Sticathan royal throne--stolen from him by an evil witch, aka his stepmother. You'd think that a stickman would catch a break after all that, but you'd be wrong. Arriving home only brings crazy family members and a return trip to sea, where mercenary centaurs and giant boar gods keep Zozimos questing and readers laughing. It would all be an epic tragedy if it wasn't so funny.

Stickmen 2 Peter Vegas, 2006 Crushed to discover at the tender age of seven that he didn't have an aptitude for drawing, Peter Vegas decided to pour his heart and soul into perfecting the art of the humble stick figure. The result was the highly original and extremely funny Stickmen, which elevated everyone's favorite line drawings to a witty new level. Following up the huge success of this first collection, Peter Vegas has now put together Stickmen 2, once again featuring more than 100 inspired drawings with inventive dialogue. The result is an intriguing mix of visual puns, pop culture references and silly jokes that you can't help wanting to share. Who would have thought the stick man could do and say so much! Peter writes in his introduction: 'Welcome along to the second book. The first one was internationally acclaimed. When I say internationally acclaimed, I mean I sent my uncle Rod a copy. He liked it and he lives overseas. When my publisher said we were going to do a second book, I said cool. I have heaps of new stickman ideas lying around and mum needs a hip operation. Dive in and have a laugh. Have a few, we've sprinkled them liberally throughout the book.'

Stick Man's Really Bad Day Steve Mockus, 2012-08-31 Follow Stick Man through a disastrous day in this hilarious adventure inspired by real signs. Stick Man is that guy you see around town but don't really know very well. Everywhere you go, there he is, crossing the street, waiting for the bus, issuing warnings about potential disasters at sea and on land, at the mall and at work. But when he's not offering advice, what does a day in the life of Stick Man actually look like? This catastrophe-packed book uses images derived from real signs to follow a continuous narrative as Stick Man navigates the perils of a single, hilariously bad day. Everyone has had that day that just keeps getting worse, but Stick Man's adventures show readers both what a bad day really looks like, and that in the end it's never really quite as bad as it may seem. It's the perfect pick-me-up for when life, or a forklift, knocks you down.

Strategy Beyond the Hockey Stick Chris Bradley, Martin Hirt, Sven Smit, 2018-02-06
Beat the odds with a bold strategy from McKinsey & Company Every once in a while, a genuinely fresh approach to business strategy appears —legendary business professor Richard Rumelt, UCLA McKinsey & Company's newest, most definitive, and most irreverent book on strategy—which thousands of executives are already using—is a must-read for all C-suite executives looking to create winning corporate strategies. Strategy Beyond the Hockey Stick is spearheading an empirical revolution in the field of strategy. Based on an extensive analysis of the key factors that drove the long-term performance of thousands of global companies, the book offers a ground-breaking formula that enables you to objectively assess your strategy's real odds of future success. This book is fundamental. The principles laid out here, with compelling data, are a great way around the social pitfalls in strategy development. —Frans Van Houten, CEO, Royal Philips N.V.
The authors have discovered that over a 10-year period, just 1 in 12 companies manage to jump from the middle tier of corporate performance—where 60% of companies reside, making very little economic profit—to the top quintile where 90% of global economic profit is made. This movement does not happen by magic—it depends on your company's current position, the trends it faces, and the big moves you make to give it the strongest chance of vaulting over the competition. This is not another strategy framework. Rather, Strategy Beyond the Hockey Stick shows, through empirical analysis and the experiences of dozens of companies that have successfully made multiple big moves, that to dramatically improve performance, you have to overcome incrementalism and corporate inertia. A different kind of book—I couldn't put it down. Inspiring new insights on the facts of what it takes to move a company's performance, combined with practical advice on how to deal with real-life dynamics in management teams. —Jane Fraser, CEO, Citigroup Latin America
