The End of the World Don Hertzfeldt,2019-10-01 From the imagination of legendary animator and two-time Oscar nominee Don Hertzfeldt comes a hilarious fever-dream vision of the apocalypse, now available in wide release for the first time since the rare original edition sold out. Created during sleepless nights while he worked on his animated films, The End of the World was illustrated entirely on Post-It notes over the course of several years, slowly taking shape from all the deleted scenes, bad dreams, and abandoned ideas that were too strange to make it to the big screen, including essential early material that was later developed into the animated classic World of Tomorrow. Hertzfeldt's visually striking work transcends its unusual nature and taps into the deeply human, universal themes of mortality, identity, memory, loss, and parenthood . . . with the occasional monstrous biting eel descending from the sky.

American Made Farah Stockman,2021-10-12 What happens when Americans lose their jobs? In American Made, an illuminating story of ruin and reinvention, Pulitzer Prize-winning journalist Farah Stockman gives an up-close look at the profound role work plays in our sense of identity and belonging, as she follows three workers whose lives unravel when the factory they have dedicated so much to closes down. “With humor, breathtaking honesty, and a historian’s satellite view, American Made illuminates the fault lines ripping America apart.”—Beth Macy, author of Factory Man and Dopesick Shannon, Wally, and John built their lives around their place of work. Shannon, a white single mother, became the first woman to run the dangerous furnaces at the Rexnord manufacturing plant in Indianapolis, Indiana, and was proud of producing one of the world’s top brands of steel bearings. Wally, a black man known for his initiative and kindness, was promoted to chairman of efficiency, one of the most coveted posts on the factory floor, and dreamed of starting his own barbecue business one day. John, a white machine operator, came from a multigenerational union family and clashed with a work environment that was increasingly hostile to organized labor. The Rexnord factory had served as one of the economic engines for the surrounding community. When it closed, hundreds of people lost their jobs. What had life been like for Shannon, Wally, and John, before the plant shut down? And what became of them after the jobs moved to Mexico and Texas? American Made is the story of a community struggling to reinvent itself. It is also a story about race, class, and American values, and how jobs serve as a bedrock of people’s lives and drive powerful social justice movements. This revealing book shines a light on a crucial political moment, when joblessness and anxiety about the future of work have made themselves heard at a national level. Most of all, American Made is a story about people: who we consider to be one of us and how the dignity of work lies at the heart of who we are.

The Lost Man Jane Harper,2019-02-05 INSTANT NEW YORK TIMES BESTSELLER Two brothers meet in the remote Australian outback when the third brother is found dead, in this stunning new standalone novel from

Jane Harper Brothers Nathan and Bub Bright meet for the first time in months at the remote fence line separating their cattle ranches in the lonely outback. Their third brother, Cameron, lies dead at their feet. In an isolated belt of Australia, their homes a three-hour drive apart, the brothers were one another's nearest neighbors. Cameron was the middle child, the one who ran the family homestead. But something made him head out alone under the unrelenting sun. Nathan, Bub and Nathan's son return to Cameron's ranch and to those left behind by his passing: his wife, his daughters, and his mother, as well as their long-time employee and two recently hired seasonal workers. While they grieve Cameron's loss, suspicion starts to take hold, and Nathan is forced to examine secrets the family would rather leave in the past. Because if someone forced Cameron to his death, the isolation of the outback leaves few suspects. A powerful and brutal story of suspense set against a formidable landscape, *The Lost Man* confirms Jane Harper, author of *The Dry* and *Force of Nature*, is one of the best new voices in writing today.

Street Art NYC Lord K2,Lois Stavsky,2022-04-15 The birthplace of graffiti, New York City, has evolved into a global center for street art. Its public surfaces host a range of media from handmade stickers and wheatpastes to huge installations and murals. Artists from across the globe routinely travel to New York City to grace its walls as they refashion the city into one huge never-ending unofficial street art festival. Among these are such contemporary urban legends as D'Face, Banksy, Os Gemeos, Case, MaClaim, Invader, Stik and Faith 47. Street Art NYC showcases both sanctioned and unsanctioned works captured in the course of a transformative decade that saw the emergence of over a dozen distinctly engaging projects. The hugely popular Bushwick Collective, L.I.S.A Project NYC and Welling Court Mural Project are highlighted with introductory essays. Local community-based projects and festivals, as well as those responding to specific environmental and social issues, are also represented. Banksy's one month 2013 residency, *Better Out than In* is documented with words and images. And homage is paid to the legendary 5 Pointz graffiti and street art mecca. Street Art NYC is a beautifully designed hardcover book. The full color photographs by Lord K2 captures the art in the city, printed on thick coated paper, and Lois Stavsky's text provides the context. This is the only book to spotlight the transformational decade that marked the shift from largely unsanctioned to widely curated street art throughout New York City's five boroughs. This book is a collaboration between Lord K2, an award-winning photographer and curator of the online Museum of Urban Art and Lois Stavsky, a noted street art documentarian and editor of the popular blog, Street Art NYC.

The Flight of the Silvers Daniel Price,2014-02-04 For fans of Blake Crouch, the propulsive first book in the genre-bending Silvers trilogy, in which six ordinary people become extraordinary when they find themselves the sole survivors of an apocalypse that lands them on an Earth far different from our own—one on which they have X-Men-like powers to manipulate time. Without warning, the world comes to an end. The sky looms frigid white. The electric grid falters. Airplanes everywhere crash to the ground, and finally, the sky comes down in a crushing sheet of light, taking out everything and everyone with it—except for Hannah and Amanda Given. Saved from destruction by three fearsome and powerful beings who adorn them each with an irremovable silver bracelet, the Given sisters suddenly find themselves on a strange new Earth where restaurants move through the air like flying saucers and the fabric of time itself is manipulated by common household appliances. Upon arrival to this alternate America, Hannah and Amanda are taken to a science laboratory where they meet four other survivors from their world, all of whom wear matching silver bracelets—a mordant cartoonist, a shy teenage girl, a brilliant young Australian, and a troubled ex-prodigy. While being poked and prodded by scientists who may be friends or enemies, the group discovers that it's not only their world that is different—they are different. Each has the power to manipulate time with their bare hands...a power they can't always control. With no one but each other to trust, “the Silvers” must find out what exactly happened to their world and why it was that they were spared. But with unexpected new enemies emerging from around every corner, their quest for answers

will quickly become a cross-country quest for survival.
