Get Your Share Julie Stav, Deborah Adamson, 2000 Financial planner and broker Julie Stav has been helping women get rich for years through her network of investment clubs and her media and speaking appearances. Now, for the first time, she offers her hands-on techniques and inspiring advice in a book that does the seemingly impossible: It simplifies the stock market and puts a new world of wealth within reach. The stock market has come a long way since the days of blue bloods, blue chips, and blue suits. Today, everyday, ordinary people of all backgrounds and income levels -- including millions of women -- are investing in the American Dream, and even more are wondering whether now is the time to get their share. You don't have to be a mathematician or a money expert to make a profit in the stock market, says Julie Stav -- all you need is your initial investment (whether large or small) and a sound grasp of some basic principles that can help you pick winners, recognize great opportunities, and ditch the duds before they drain your funds. In addition to guidance on getting started, she offers tips on finding (or founding) an investment club -- a support system that, properly managed, can give you a major advantage in the market. If you're already investing -- or interested in finding out how to do it -- Julie Stav can make it easier than you ever imagined. Smart, sensible, and down-to-earth, this book is the ideal guide for women who want to invest in their dreams.
