I use to say, I don't want to quit smoking I asked myself, What if this was the addiction? I then thought, I want to, want to quit. What could make you want to quit? My biggest motivation came from not wanting to be controlled by this nicotine. I wanted to be in charge. This book is about how to transform one's thinking while simultaneously getting ready to quit. This book gives you a step-by-step plan that will show you how to get ready to quit. Quitting smoking is like going into battle. With this plan in place you will be ready to win! You will learn how to develop your willpower and tap into an incredible source of Self-Power. This plan shows you exactly what to do. How to Quit Smoking Even If You Don't Want To is in textbook format with ten brainstorming exercises you must do. People who smoke are often on auto-pilot-thinking. This plan interrupts the auto-pilot and shows you how to re-write the script. It is true that you do not have to want to quit smoking but you do have to want to change something about how you make decisions. It is not complicated. As a matter of fact it is all very easy. By doing the exercises and following through with the plan you will see exactly what is holding you on to cigarettes. When you see what is keeping you addicted it becomes a whole lot easier to let go. This book will show you how to eliminate 75% of the nicotine fits, if not more. When you are all done the brainstorming exercises you will have made a one-of-a-kind, custom-made tool that will tell you what to think, when to think it, what to do and when, and how to act and how not to act. You will use this tool when you open your last pack. I often hear people say, I have tried everything. My response is, Have you looked in the mirror? The answers lie inside you, not in the drugstore. This book is about transforming yourself from the inside. Some of the exercises can help you change other areas of your life that you are not completely satisfied with. My plan and method is about transforming your mind into one that can do what it could not do before. This is a serious subject with a twist of humor. I am sure you will enjoy it! Do not be afraid of trying to quit smoking. Be afraid of what will happen if you do not! Be free! Go for it!

*How to Stop Smoking* Lilly De Sisto, How many times have you thought about quitting smoking? How many times have you tried to kick the habit only to give into your cravings and light up again? I've been there. While there are many books focusing on helping people quit smoking, few have them were created by people who really know what it's like to be heavily addicted to the smoker's lifestyle.. and it really is a lifestyle, isn't it? We smoke to be social, we smoke after a good meal with friends, we smoke to relax, and we even smoke just for the joy of it all.. whether it's a choice or not doesn't matter, we don't all hate smoking, we all just know how incredibly risky it is to keep on doing it. So, we stick on the patch and try our hardest to resist the temptation of lighting up.. when that doesn't work, we try chewing on nicotine gum, only to burn our throats and gag at the flavor that hardly replaces a cigarette.. and after those things fail us miserably, we become guinea pigs to hypnosis or magnetic jewelry, all claiming to be instant solutions to butting out that last cigarette, permanently. Yet, how many of those things really work? Our cravings are stronger than most of the aids, and despite how seriously committed you are to quitting, without a solid system in place, you are likely going to continue to shell out money trying every new gimmick to hit the market, only to continue right back where you started. But it doesn't have to be that way... For the first time ever, I have written everything I know about smoking, the reasons we do it, the methods we can use to quit and how we can rid ourselves from the powerful control that smoking has over us, without ever having to suffer from withdrawal or worry about relapse.. If you really want to butt out for life, you need to grab a copy of this book and put it into action TODAY.. never

again will you ever have to struggle with trying to quit on your own. This guide is a comprehensive system that covers all aspects of smoking, and reveals the critical elements of an effective quit-smoking system that you NEED to know if you want to be successful... Here is just a sneak peek of just some of what's revealed: - Find out why you are really addicted to smoking and exploit this information to your advantage by de-activating triggers that cause you to light up! This is one of the easiest methods of kicking the habit, regardless how much you smoke! - Learn the shocking truth about stop smoking aids, and what really works and what doesn't. Never waste another dime on flaky gimmicks that only cause you to fail every time you try to quit. - Step by step strategy to quitting forever! Follow these time tested, PROVEN techniques to living a healthier, happier, smoke-free life and NEVER suffer from relapse. - Find out how you can eliminate cravings instantly and kick the habit faster and easier than you ever thought possible! You really can become a non-smoker, even if you have been smoking for many years. These insider tips will show you how!

**Kill the Addiction** John English, 2009-06-10 For anyone who has ever struggled to kick the nicotine habit, this is the book for you. The simple yet highly effective method outlined in Kill the Addiction has been proven to help people stop smoking permanently- without quitting. I smoked for 16 years and never was able to quit, even for a day. Not having to quit was what made me look into it. Did it all in ten days and have not had a puff in a year. I never will again. My doctor couldn't believe it. I gave him a copy of the method and he made copies for his waiting room. Hope you don't mind. Thanks, John.- Gentleman ex-smoker from Atlantic City area With this method, each hour, each day, the strength of your addiction grows weaker and weaker. The little cravings decrease in strength and frequency as you become stronger and stronger and are able to chase them away in seconds. Eventually, they disappear completely. You will succeed, it will be permanent, and it will change your life completely. And it will be easy!

**Stop Smoking for Good** Balasa Prasad, Catherine Whitney, 2005-10-20 Why do most people who try to quit smoking fail-even with the help of the nicotine patch, gum, medications, hypnotism, or other state-of-the-art aids? In his radical approach to conquering the smoking habit, Dr. Balasa Prasad states that these crutches are ineffective because they futilely focus on nicotine addiction instead of the underlying psychological triggers that enslave smokers to their habits. His inspirational and practical program gives readers a confidence in their inner strength, helps them identify their addictive profile with the use of questionnaires, and provides a powerful three-step plan that will help them kick the habit once and for all.
