Screenwriting Paul Joseph Gulino, 2013-09-23 The great challenge in writing a feature-length screenplay is sustaining audience involvement from page one through 120. Screenwriting: The Sequence Approach expounds on an often-overlooked tool that can be key in solving this problem. A screenplay can be understood as being built of sequences of about fifteen pages each, and by focusing on solving the dramatic aspects of each of these sequences in detail, a writer can more easily conquer the challenges posed by the script as a whole. The sequence approach has its foundation in early Hollywood cinema (until the 1950s, most screenplays were formatted with sequences explicitly identified), and has been rediscovered and used effectively at such film schools as the University of Southern California, Columbia University and Chapman University. This book exposes a wide audience to the approach for the first time, introducing the concept then providing a sequence analysis of eleven significant feature films made between 1940 and 2000: *The Shop Around The Corner* / *Double Indemnity* / *Nights of Cabiria* / *North By Northwest* / *Lawrence of Arabia* / *The Graduate* / *One Flew Over the Cuckoo's Nest* / *Toy Story* / *Air Force One* / *Being John Malkovich* / *The Fellowship of the Ring*

Pilgrim at Tinker Creek Annie Dillard, 2009-10-13 Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." – Eudora Welty, New York Times Book Review *Pilgrim at Tinker Creek* is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of beauty tangled in a rapture with violence. Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

Finding Fire Lennox Hastie, 2020-11-30 *Finding Fire* is a book about cooking with fire. Now with a new cover, it tells the story of how the UK-trained chef Lennox Hastie learnt the language of fire and the art of harnessing it. The book presents more than 80 recipes that celebrate the instinctive, focused cooking of ingredients at their simple best using one of the oldest, most fundamental cooking tools. In *Finding Fire*, Lennox explains the techniques behind creating a quality fire, and encourages readers to see wood as an essential seasoning that can be varied according to how it interacts with different ingredients. Recipes are divided by food type: seafood, vegetables, meat (including his acclaimed steak), fruit, dairy, wheat and bases. Alongside his recipes, Lennox tells of his journey from Michelin-star restaurants in the UK, France and Spain to Victor Arguinzoniz's *Asador Etxebarri* in the Basque mountains and, ultimately, to Australia to open his own restaurant, *Firedoor*. The result, is an uncompromising historical, cultural and culinary account of what it means to cook with fire. In 2020, Lennox's story was featured on the critically acclaimed Netflix series *Chef's Table*, in season seven, *BBQ*. As well, he stars in David Chang's *Ugly Delicious* season two episode on steak. .

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race

memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

“A well-researched and insightful book that will hopefully spark a movement against traditional, stodgy marketing. A must-read for the new generation of marketers who will be defining tomorrow’s marketing landscape.” –Boutros Boutros, Senior Vice President, Emirates Airline

About the Book: Movement marketing is changing the world. It’s the new way forward for anyone trying to win customers’ loyalty, influence public opinion, and even change the world. In *Uprising*, Scott Goodson, founder and CEO of StrawberryFrog, the world’s first cultural movement agency, shows how your idea or organization can successfully ride this wave of cultural movements to authentically connect to the lives and passions of people everywhere. We are in the midst of a profound cultural transformation in which technology is making it easier than ever for anyone to share ideas, goals, and interests. Working with companies and brands ranging from SmartCar to Pampers to Jim Beam to India’s Mahindra Group, StrawberryFrog and Goodson have led a paradigm focal shift away from one-on-one selling to sharing. Using client case studies and contributions from a global team of movement marketing forerunners—among them, political guru Mark McKinnon; Lee Clow, creative chief at TBWA/Chiat/Day; Apple evangelist Guy Kawasaki; and Marty Cooke, who helped make yellow LIVESTRONG bracelets synonymous with the fight against cancer—Goodson details why and how individuals and companies are embracing the movement phenomenon. He then applies these insights to practical steps that you can take right now to reach people through what matters most to them, including: Stop talking about yourself—let the movement control your message Home in on the core objectives of your concept or brand—and align these values with what people are for (or against) “Light the spark”—create a culture within your organization that can embrace and drive a movement Leverage your assets—content, events, expertise, connecting platforms—to give people tools to spread your gospel Adjust concepts to travel across borders and link people across cultural boundaries The examples and guidance in this book will prepare you to find, connect to, and even lead the next big movement. What happens next is up to you. Get up. Go out. And create a brand Uprising of your own.

Decades of living immersed in Japanese culture and years of culinary training have given Andoh a unique platform from which to teach. She explains basic cutting techniques, cooking methods, and equipment that will help you enhance flavor, eliminate waste, and speed meal preparation. Then she demystifies ingredients that are staples in Japanese pantries that will boost your kitchen repertoire—vegan or omnivore—to new heights.
